

ASX Release | ClearVue Technologies Limited (ASX: CPV)

Extension to Share Purchase Plan Closing Date

26 September 2019: Further to its announcement on 5 September 2019, ClearVue Technologies Limited (ASX:CPV) (**ClearVue** or the **Company**), advises an extension of the original proposed closing date of the Share Purchase Plan (**SPP**) as per the timetable announced on the ASX on 09 September 2019.

The proposed closing date of the SPP is now **Friday, 4 October 2019**.

The issue price for the Offer will be determined at the issue date of Shares under the SPP based on a 20% discount to the volume weighted average price of the Shares traded on the ASX during the 5 trading days on which sales were recorded immediately prior to the issue date of the Shares under the SPP, rounded up to the nearest 0.1 cent (**Issue Price**).

About ClearVue Technologies Limited

ClearVue Technologies Limited (ASX: CPV) is an Australian technology company that operates in the Building Integrated Photovoltaic (BPIV) sector which involves the integration of solar technology into building surfaces, specifically glass and building façades, to provide renewable energy. ClearVue has developed advanced glass technology that aims to preserve glass transparency to maintain building aesthetics whilst generating electricity.

Solar PV cells are incorporated around the edges of an Insulated Glass Unit (IGU) used in windows and the lamination interlayer between the glass in the IGU incorporates ClearVue's patented proprietary nano and micro particles, as well as its spectrally selective coating on the rear external surface of the IGU.

ClearVue's window technology has application for use in the building and construction and agricultural industries (amongst others).

ClearVue has worked closely with leading experts from the Electron Science Research Institute, Edith Cowan University (ECU) in Perth, Western Australia to develop the technology.
