Participation in the Company's dividend reinvestment plan (DRP) is available. It is anticipated that any new DRP election will need to be completed by early August to qualify for the financial year 2020 final dividend of 3.0 cents per share. A dividend timetable will be lodged following completion of the current financial year.

Investors should note that any dividend is not payable until formally declared. The Company makes no assurance as to dividends or what, if any, franking will be attached until a formal declaration is made.

Any dividend payment also remains subject to compliance with relevant legal requirements and specifically the Corporations Act. The Company will seek appropriate advice at the time of any specific dividend declaration to ensure compliance.

Westoz Investment Company Limited intends on paying a consistent stream of dividends to investors. The level of dividend payments will be set after considering the level of realised net profits after tax, retained earnings and availability of franking credits.
