14 July 2020

Dear Shareholder,

On behalf of the directors of AIC Mines Limited (ASX: A1M) (**AIC** or the **Company**), I am pleased to invite you to participate in a 1 for 7 pro rata non-renounceable entitlement offer of new fully paid ordinary shares in AIC (**New Shares**) at an offer price of \$0.28 (**Offer Price**) per New Share (**Entitlement Offer**).

As announced on 6 July 2020, a bookbuild for a placement of fully paid ordinary shares to new and existing investors (**Placement**) was successfully completed, which will potentially raise up to \$2.6 million. The Placement will be completed in two tranches, with Tranche 1 consisting of 6,785,714 New Shares to be issued within the Company's placement capacity under ASX Listing Rule 7.1. Tranche 2 will consist of 2,500,000 New Shares to be issued subject to shareholder approval at the Annual General Meeting to be held on 29 July 2020.

Purpose of the Entitlement Offer and use of proceeds

Proceeds from the Entitlement Offer and Placement will be used to fund an inaugural drilling program at the Lamil Project, ongoing exploration, geophysics and drilling programs at the Marymia Project and the assessment of new opportunities. More detail is provided in the Investor Presentation included in section 6 of this Information Booklet.

The Entitlement Offer

Under the Entitlement Offer, eligible shareholders with an address on the AIC register in an Eligible Jurisdiction are entitled to subscribe for 1 New Share for every 7 existing fully paid ordinary shares in AIC (**Shares**) held at 7.00pm (AEST) on Thursday, 9 July 2020 (**Record Date**), at the Offer Price of \$0.28 per New Share.

The Offer Price is the same price that was offered to investors who participated in the Placement announced on Monday, 6 July 2020. The Offer Price represents a discount of 8.2% to AIC's last closing share price prior to the Placement (30 June 2020) of \$0.305 per share.

The Entitlement Offer includes an Oversubscription Facility pursuant to which eligible shareholders who take up all of their Entitlement (and who are not a Related Party of AIC) may apply for up to 50% of their Entitlement in addition to their Entitlement as Additional New Shares.

New Shares and Additional New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue.

The Entitlement Offer is fully underwritten by Argonaut Capital Limited (**Underwriter**). The Entitlement Offer is also to be sub-underwritten by major shareholder and director, Josef El-Raghy (through his related entity El Raghy Kriewaldt Pty Ltd), and director, Aaron Colleran, on the terms set out in the sub-underwriting agreements with the Underwriter. 3. Overview of the Entitlement Offer

3.1 The Entitlement Offer

The Entitlement Offer is an offer of approximately 7,428,610 New Shares at the Offer Price of \$0.28 per New Share. All Eligible Shareholders are entitled to subscribe for 1 New Share for every 7 Shares held at 7.00pm (AEST) on the Record Date.

Eligible Shareholders are being invited to take up all or part of their Entitlements and, if applicable, also apply for Additional New Shares in excess of their Entitlement.

The Entitlement Offer is non-renounceable, which means that Entitlements are non-transferable and cannot be sold or traded.

New Shares and Additional New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue. The Entitlement Offer closes at 5.00pm on Monday, 27 July 2020, with New Shares and Additional New Shares (if any) to be issued on Friday, 31 July 2020.

The Entitlement Offer is fully underwritten by the Underwriter. Any New Shares or Additional New Shares (if applicable) which are not subscribed for by Eligible Shareholders pursuant to their Entitlement or under the Oversubscription Facility, will form part of the Shortfall to be taken up by the Underwriter or sub-underwriter, on the terms and subject to the conditions of the Underwriting Agreement and the sub-underwriting arrangements.

A summary of the Underwriting Agreement and sub-underwriting arrangements is set out in section 3.9.

3.2 Who is eligible to participate in the Entitlement Offer?

Under the Entitlement Offer, Eligible Shareholders are being offered the opportunity to subscribe for 1 New Share for every 7 Shares held as at the Record Date (7.00pm (AEST) on Thursday, 9 July 2020), at the Offer Price of \$0.28 per New Share, and also apply for Additional New Shares in excess of their Entitlement.

Eligible Shareholders are those Shareholders who:

- are registered as a holder of Shares as at the Record Date, being 7.00pm (AEST) on Thursday, 9 July 2020;
- as at the Record Date, have an address on the AIC register in an Eligible Jurisdiction (Australia, New Zealand, Hong Kong, Singapore, Indonesia and the United Kingdom);
- are not in the United States and are not acting for the account or benefit of a person in the United States (to the extent they are holding Shares for the account or benefit of such person in the United States); and
- are eligible under all applicable securities laws to receive an offer under the Entitlement Offer without any requirement for a prospectus or offer document to be lodged or registered.

3.3 What is your Entitlement?

Your Entitlement to New Shares pursuant to the Oversubscription Facility is set out on the accompanying personalised Entitlement and Acceptance Form and has been calculated as 1 New Share for every 7 Shares you held as at the Record Date, being 7.00pm (AEST) on Thursday, 9 July

2020. If the result is not a whole number your Entitlement will be rounded up to the nearest whole number. If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

The Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up; for example, you are not permitted to take up an Entitlement to the extent you are holding Shares for the account or benefit of a person in the United States (see definition of Eligible Shareholders in section 3.2 of this Information Booklet).

3.4 Can you trade your Entitlement?

Your Entitlement is personal and cannot be traded on ASX, transferred, assigned or otherwise dealt with. If you do not take up your Entitlement by 5.00pm (AEST) on Monday, 27 July 2020, your rights will lapse. The New Shares not subscribed for will form part of the Shortfall.

By allowing your Entitlement to lapse you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement. Your interest in AIC will also be diluted.

3.5 Oversubscription Facility and Additional New Shares

Eligible Shareholders who take up all of their Entitlement (and who are not a Related Party of AIC) may apply for up to 50% of their Entitlement in addition to their Entitlement as Additional New Shares pursuant to the Oversubscription Facility. Eligible Shareholders who have applied for Additional New Shares, will have their allocations fulfilled, up to a maximum of 10% of the total New Shares to be issued under the Entitlement Offer (up to 742,861 Additional New Shares). This means that, in total, you may apply for up to 150% of your Entitlement (comprising the New Shares under your Entitlement plus the Additional New Shares). Eligible Shareholders who apply for Additional New Shares in excess of their Entitlement may be offered some or all of the New Shares (as the case may be) not otherwise taken up by other Eligible Shareholders. These Shares will form part of the Shortfall the subject of the Oversubscription Facility.

Please note that Additional New Shares will only be allocated to you if there are a sufficient number of New Shares not taken up by Eligible Shareholders pursuant to their full Entitlement or from New Shares that would have been offered to Ineligible Shareholders if they had been eligible to participate in the Entitlement Offer, subject to any scale-back that AIC may apply as a consequence of the above caps on the Oversubscription Facility (in its absolute discretion).

If you apply for Additional New Shares, there is no guarantee you will be allocated any. Any allocation of Additional New Shares will be made on a pro rata basis at the discretion of AIC and the Underwriter. Related Parties of AIC may not apply for, or be issued, any Additional New Shares.

AIC will only issue Shares under the Entitlement Offer where the directors of AIC are satisfied, in their discretion, that the issue of such Shares will not increase a Shareholder's voting power in contravention of the takeover prohibitions pursuant to the Corporations Act and is not otherwise in breach of the Listing Rules. The Corporations Act and other applicable laws.

3.6 Reconciliation

The Entitlement Offer is a complex structure and in some instances Shareholders may believe that they will own more Shares in AIC than they actually do on the Record Date. This results in a need for reconciliation. If reconciliation is required, it is possible that AIC may need to issue a small quantity of additional New Shares (**Top-Up Shares**) to ensure all Eligible Shareholders receive their full Entitlement.

These Top-Up Shares would be issued at the Offer Price.

3.7 ASX quotation

Subject to approval being granted, quotation of the New Shares and Additional New Shares (if any) issued under the Entitlement Offer is expected to commence on Monday, 3 August 2020 (on a normal trading basis).

Holding statements will be dispatched in accordance with the Listing Rules. It is the responsibility of each applicant to confirm their holding before trading in New Shares or Additional New Shares.

Any applicant who sells New Shares or Additional New Shares before receiving confirmation of their holding in the form of a holding statement will do so at their own risk. AIC and the Underwriter disclaim all liability (to the maximum extent permitted by law) to persons who trade New Shares or Additional New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by AIC, the Underwriter or the Registry or otherwise, or who otherwise trade or purport to trade New Shares or Additional New Shares in error or which they do not hold or are not entitled to. If you are in any doubt as to these matters, you should first consult with your stockbroker or other professional adviser.

3.8 Ineligible Shareholders

All Shareholders who are not Eligible Shareholders are ineligible Shareholders (**Ineligible Shareholders**). Ineligible Shareholders will not be entitled to participate in the Entitlement Offer.

AIC has determined that it would be unreasonable on this occasion to extend the Entitlement Offer to Ineligible Shareholders, having regard to the number of Shares held by Ineligible Shareholders, the number and value of New Shares that they would be offered and the costs of complying with the legal and regulatory requirements which would apply to an offer of Shares to Ineligible Shareholders in those places.

3.9 Underwriting and Sub-underwriting arrangements

(a) Underwriting Agreement

AIC has entered into an underwriting agreement (**Underwriting Agreement**) with the Underwriter who has agreed to fully underwrite the Entitlement Offer. Any New Shares which are not subscribed for by Eligible Shareholders under their Entitlements or under the Oversubscription Facility will form part of the Shortfall to be taken up by the Underwriter or by sub-underwriters, on the terms and subject to the conditions of the Underwriting Agreement.

As is customary with these types of arrangements:

- AIC has agreed to indemnify the Underwriter, its related corporations and their respective directors, officers, employees, agents, representatives and advisers from and against losses they may suffer or incur in connection with the Entitlement Offer;
- AIC and the Underwriter have given certain representations, releases, warranties and undertakings in connection with (among other things) the conduct of the Entitlement Offer; and
- the Underwriter may (in certain circumstances, including having regard to the materiality of the relevant event) terminate the Underwriting Agreement and be released from its obligations under it on the occurrence of certain events, including (but not limited to) where:

- ASX does not, or states that it will not, agree to grant official quotation of all the New Shares on an unconditional basis;
- there are material disruptions in financial or economic conditions in key markets, certain falls in the S&P/ASX 200 or hostilities commence or escalate in certain key countries;
- a statement contained in the offer materials is or becomes false, misleading or deceptive (including by omission) or likely to mislead or deceive, or there are no reasonable grounds for making a statement relating to future matters in the offer materials;
- the S&P / ASX All Ordinaries Index (ASX Code: XAO) or S&P / ASX Small Resources Index (ASX Code: XSR) / spot gold price in Australian dollars fall more than 10% from the date of the Underwriting Agreement and remains at that level for at least a period of 3 consecutive Business Days;
- there is a material adverse change in the financial or trading position or performance, assets, liabilities, profits, losses, condition or prospects of AIC.

The Underwriter will be paid a management and selling fee of 4.6% (excluding GST) of the Placement proceeds and an underwriting fee of 4.6% of the total amount underwritten pursuant to the Entitlement Offer. The Underwriter will also be reimbursed for certain expenses.

Neither the Underwriter nor any of its related bodies corporate, successors and affiliates, nor any of their respective directors, officers, partners, employees, representatives or agents have authorised or caused the issue of this Information Booklet and they do not take any responsibility for this Information Booklet or any action taken by you on the basis of such information. To the maximum extent permitted by law, the Underwriter and each of its related bodies corporate, successors and affiliates and each of their respective directors, officers, partners, employees, representatives or agents exclude and disclaim all liability for any expenses, losses, damages or costs incurred by you as a result of your participation in the Entitlement Offer and this Information Booklet being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise. Neither the Underwriter nor any of its related bodies corporate, successors and affiliates nor their respective directors, officers, partners, employees, representatives or agents make any recommendations as to whether you or your related parties should participate in the Entitlement Offer nor do they make any representations or warranties to you concerning the Entitlement Offer, or the Information Booklet and you represent, warrant and agree that you have not relied on any statements made by the Underwriter or any of its related bodies corporate, successors and affiliates or any of their respective directors, officers, partners, employees, representatives or agents in relation to the New Shares, the Additional New Shares or the Entitlement Offer generally.

The engagement of the Underwriter by AIC is not intended to create any agency, fiduciary or other relationship between the Underwriter and the shareholders or any other investor.

(b) **Sub-underwriting arrangements**

The Underwriter has entered into separate sub-underwriting agreements with each of:

- El Raghy Kriewaldt Pty Ltd (a related entity of director Josef El-Raghy), as priority sub-underwriter;
- Aaron Colleran; and

- certain other minor sub-underwriters, who are clients of the Underwriter (which are not substantial holders),

subject to the Underwriter allocating Shortfall to the respective sub-underwriters.

AIC and the Underwriter reserve the right, at any time, to appoint additional sub-underwriters in respect of any part of the Entitlement Offer. Any sub-underwriter's fees in respect of the Entitlement Offer would be paid by the Underwriter out of the fees payable to the Underwriter.

Each of El Raghy Kriewaldt Pty Ltd and Aaron Colleran have committed to take up their Entitlements in full and have agreed not to charge any fees in relation to their respective sub-underwriting.

El Raghy Kriewaldt Pty Ltd has agreed to cap his take up of Additional New Shares as sub-underwriter to such number of shares equal to:

- 1,428,572 Additional New Shares; or
- the number of Additional New Shares that would give Josef El-Raghy (and his related entities) voting power in AIC of no more than a 19.9% following completion of the Placement and Entitlement Offer,

whichever is lower. As the priority sub-underwriter, the sub-underwriting commitment of El Raghy Kriewaldt Pty Ltd will be satisfied in advance of the allocation of Additional New Shares to the other sub-underwriters.

Aaron Colleran has agreed to sub-underwrite the Entitlement Offer up to a maximum of 500,000 Additional New Shares.

The Underwriter may engage further sub-underwriters or otherwise distribute the Shortfall to other sophisticated or professional investors. However, it is not proposed for any investor which was a substantial holder in the Company (ie holding voting power of 5% or more of the Shares) immediately prior to the Entitlement Offer to participate as a sub-underwriter, in order to minimise the impact of the Entitlement Offer on control of the Company.

3.10 Rights of AIC and the Underwriter

AIC reserves the right (in its absolute sole discretion) to reduce the number of New Shares and Additional New Shares allocated to Eligible Shareholders, or persons claiming to be Eligible Shareholders, if their claims prove to be overstated or they fail to provide information to substantiate their claims.

By accepting their Entitlement, Shareholders irrevocably acknowledge and agree to do any of the above as required by AIC and the Underwriter in their absolute discretion. Shareholders also acknowledge that:

- there is no time limit on the ability of AIC and the Underwriter to require any of the actions set out above; and
- where AIC and the Underwriter exercise their right to correct a Shareholder's Entitlement, the Shareholder is treated as continuing to accept or not take up any remaining Entitlement.

3.11 Withdrawal of the Entitlement Offer

Subject to applicable law, AIC reserves the right to withdraw the Entitlement Offer at any time before the issue of New Shares and Additional New Shares (if any), in which case all Application Monies will be refunded without interest.

4. How to Apply

4.1 What you may do – choices available

If you are an Eligible Shareholder, you may do any one of the following:

- take up all of your Entitlement (see section 4.2 of this Information Booklet);
- take up part of your Entitlement (see section 4.3 of this Information Booklet);
- provided you are not a Related Party of AIC, take up all of your Entitlement and also apply for up to 50% of your Entitlement in addition to your Entitlement as Additional New Shares pursuant to the Oversubscription Facility, subject to a pro rata scale back to the extent the total number of Additional New Shares exceeds 10% of the total number of New Shares to be issued under the Entitlement Offer. This means that, in total, you may potentially apply for up to 150% of your Entitlement (comprising the New Shares under your Entitlement plus the Additional New Shares). Any Additional New Shares will be issued from any potential Shortfall (see section 4.4 of this Information Booklet); or
- not take up your Entitlement (see section 4.5 of this Information Booklet).

You should note that if you do not take up all of your Entitlement, your percentage Shareholding in AIC will be diluted. The New Shares not subscribed for will form part of the Shortfall.

If you have any questions, you should seek advice from your stockbroker, accountant or other independent professional adviser. You should also refer to the "Key Risks" section of the Investor Presentation included in section 6 of this Information Booklet.

4.6 Payment

General

The Offer Price of \$0.28 per New Share accepted is payable on acceptance of your Entitlement.

You can pay in the following ways:

- cheque, bank draft or money order; or
- BPAY®.

Cash payments will not be accepted. Receipts for payment will not be issued.

AIC will treat you as applying for as many New Shares as your payment will pay for in full, up to your Entitlement. If your payment will pay for more than your full Entitlement, AIC will treat you as applying for your full Entitlement and as many Additional New Shares by way of oversubscription to any Shortfall as your payment will pay for in full.

Application Monies received from Eligible Shareholders will be held in the AIC Entitlement Offer Account solely for the purpose of holding the Application Monies.

To the fullest extent permitted by law, each Eligible Shareholder agrees that any Application Monies paid by them to AIC will not entitle them to any interest against AIC and that any interest earned in respect of Application Monies will belong to AIC. This will be the case, whether or not all or none (if the Entitlement Offer is withdrawn) of the New Shares applied for by a person are issued to that person.

Any Application Monies received for more than your final allocation of New Shares or Additional New Shares (if applicable) will be refunded (except for where the amount is less than \$1.00 in which case it will be donated to a charity chosen by AIC). No interest will be paid on any Application Monies received or refunded.

Payment by cheque, bank draft or money order

Your cheque, bank draft or money order must be:

- for an amount equal to \$0.28 multiplied by the number of New Shares (and Additional New Shares, if applicable) that you are applying for; and
- in Australian currency drawn on an Australian branch of a financial institution; and
- payable to "AIC Mines Limited" and crossed "Not Negotiable".

If you wish to pay by cheque, bank draft or money order, you must also complete your personalised Entitlement and Acceptance Form in accordance with the instructions set out on that form and return it to the Registry accompanied by a cheque, bank draft or money order.

You should ensure that sufficient funds are held in the relevant account(s) to cover the Application Monies. If the amount of your cheque for Application Monies (or the amount for which the cheque clears in time for allocation) is insufficient to pay in full for the number of New Shares and Additional New Shares you have applied for in your personalised Entitlement and Acceptance Form, you will be

taken to have applied for such lower number of whole New Shares and Additional New Shares as your cleared Application Monies will pay for (and you will be taken to have specified that number of New Shares on your personalised Entitlement and Acceptance Form). Alternatively, your application will not be accepted.

Payment by BPAY®

For payment by BPAY®, please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the biller code and your unique reference number). You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

If you are paying by BPAY®, please make sure to use the specific Biller Code and unique Reference Number on your Entitlement and Acceptance Form. If you have multiple holdings and receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings, please only use the Reference Number specific to the Entitlement on that form. If you do not use the correct Reference Number specific to that holding, or inadvertently use the same Reference Number for more than one of your Entitlements, your application will not be recognised as valid.

Please note that should you choose to pay by BPAY®:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the statements on that personalised Entitlement and Acceptance Form; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

You should be aware that your Australian financial institution branch may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment. It is your responsibility to ensure that your BPAY® payment is received by the Registry by no later than 5.00pm (AEST) on Monday, 27 June 2020 (subject to variation).

4.7 Mail

Shareholders who make payment via cheque, bank draft or money order should send their completed personalised Entitlement and Acceptance Form together with Application Monies to:

5. Australian tax implications

5.1 General

The section provides a general summary of the Australian income tax, GST and stamp duty implications of the Entitlement Offer for certain Eligible Shareholders.

This section is intended to provide a summary of the general Australian income tax, GST and stamp duty implications for Eligible Shareholders who are permanent residents for Australian income tax purposes and hold their Shares on capital account. This summary does not consider the implications for Eligible Shareholders who:

- are exempt from Australian income tax;
- acquired their Shares as a result of an employment or services arrangement;
- are banks or insurance companies;
- hold their Shares on revenue account or as trading stock;
- are non-residents for Australian tax purposes, and who hold, or have held at any time, their Shares through a permanent establishment in Australia or hold their Shares through one or more interposed Australian entities; or
- are subject to the Australian taxation of financial arrangement (TOFA) rules under Division 230 of the *Income Tax Assessment Act 1997* (Cth).

The information in this section is general in nature and is based on the relevant Australian tax legislation in force, and the understandings of the practice of the relevant revenue authorities, as at the date of this Entitlement Information Booklet. AIC and its officers, employees, taxation or other advisers do not accept any liability or responsibility in respect of any statement concerning tax consequences, or in respect of the tax consequences. It is strongly recommended that each Eligible Shareholder seeks their own independent professional tax advice applicable to their particular circumstances.

5.2 Issue of Entitlements

The issue of the Entitlements should not, of itself, result in any amount being included the assessable income of an Eligible Shareholder.

5.3 Exercise of Entitlements

The exercise of an Entitlement should not, of itself, result in an amount being included in the assessable income of an Eligible Shareholder.

Eligible Shareholders who exercise their Entitlements will acquire New Shares. You will also acquire Additional New Shares if your application for Additional New Shares is accepted.

Each New Share or Additional New Share will constitute a separate asset for CGT purposes. The Offer Price for the New Shares or the Additional New Shares will form part of the cost base (or reduced cost base) of the New Shares or the Additional New Shares. Each of the New Shares or the Additional New Shares will be taken to be acquired on the day that the Entitlement in respect of the New Share or the Additional New Share is exercised.

5.4 Entitlements not taken up

Any Entitlements not taken up under the Entitlement Offer will lapse and the Eligible Shareholder will not receive any consideration for those Entitlements. There should not be any tax implications for the Eligible Shareholder in these circumstances.

5.5 Distributions

Any future dividends or other distributions made in respect of New Shares or Additional New Shares will generally be subject to the same income tax treatment as dividends or other distributions made on existing Shares held in the same circumstances.

5.6 TFN/ABN withholding

AIC may be required to withhold amounts from income distributions at the highest marginal tax rate plus the Medicare Levy if a TFN, ABN, or evidence of an appropriate exemption from quoting such numbers, has not been provided.

If an Eligible Shareholder has quoted their TFN or ABN or an exemption from quoting such numbers applies in respect of their existing holding of Shares, this quotation or exemption will also apply in respect of any New Shares or Additional New Shares acquired by that Eligible Shareholder.

5.7 Disposals

The disposal of a New Share or an Additional New Share will constitute a disposal for CGT purposes.

On disposal of a New Share or an Additional New Share, an Eligible Shareholder will make a capital gain if the capital proceeds on disposal exceed the cost base of the New Share or the Additional New Share (as applicable). An Eligible Shareholder will make a capital loss if the capital proceeds are less than the reduced cost base of the New Share or the Additional New Shares.

Eligible Shareholders that are individuals, trustees or complying superannuation entities and that have held their New Shares or Additional New Shares for 12 months or more at the time of disposal (excluding the dates of acquisition and disposal) should be entitled to apply the applicable CGT discount factor to reduce the capital gain (after offsetting capital losses). The CGT discount factor is 50% for individuals and trustees and 33 1/3% for complying superannuation entities.

New Shares or Additional New Shares will be treated for the purposes of the capital gains tax discount as having been acquired when an Eligible Shareholder exercises their Entitlement. Accordingly, in order to be eligible for the CGT discount, the New Shares must be held for at least 12 months after the date that the Eligible Shareholder exercised their Entitlement (excluding the dates of acquisition and disposal). For the Additional New Shares the 12 months should be measured from the date the Additional New Shares are issued.

Eligible Shareholders that make a capital loss on the disposal of their New Shares or their Additional New Shares can only use that loss to offset other capital gains, ie the capital loss cannot be used to offset other assessable income. However, if the capital loss cannot be used in a particular income year, it can be carried forward to use in future income years, provided, in the case of a corporate or trustee Eligible Shareholder, that certain tests are satisfied.

5.8 Other Australian taxes

No Australian GST or stamp duty should be payable in respect of the issue or exercise of the Entitlement Offer, or the acquisition of New Shares or Additional New Shares pursuant to the Entitlement Offer.

Updates on the Lamil Project

Drilling Campaign at Lamil Project

The first phase of drilling at the Lamil Project remains on schedule to commence in September 2020 subject to Heritage Surveys being completed as planned during late July-early August 2020.

The focus of this inaugural campaign will be the Priority 1 and Priority 2 target areas as currently defined within the southern portion of the project area (E45/5271). This will require a combination of Reverse Circulation and Diamond Core drilling.

With the recent granting of the northern half of the project area (E45/5270) preparations are also underway to extend the existing surface gravity surveys and ultra-fine soil geochemical surveys.

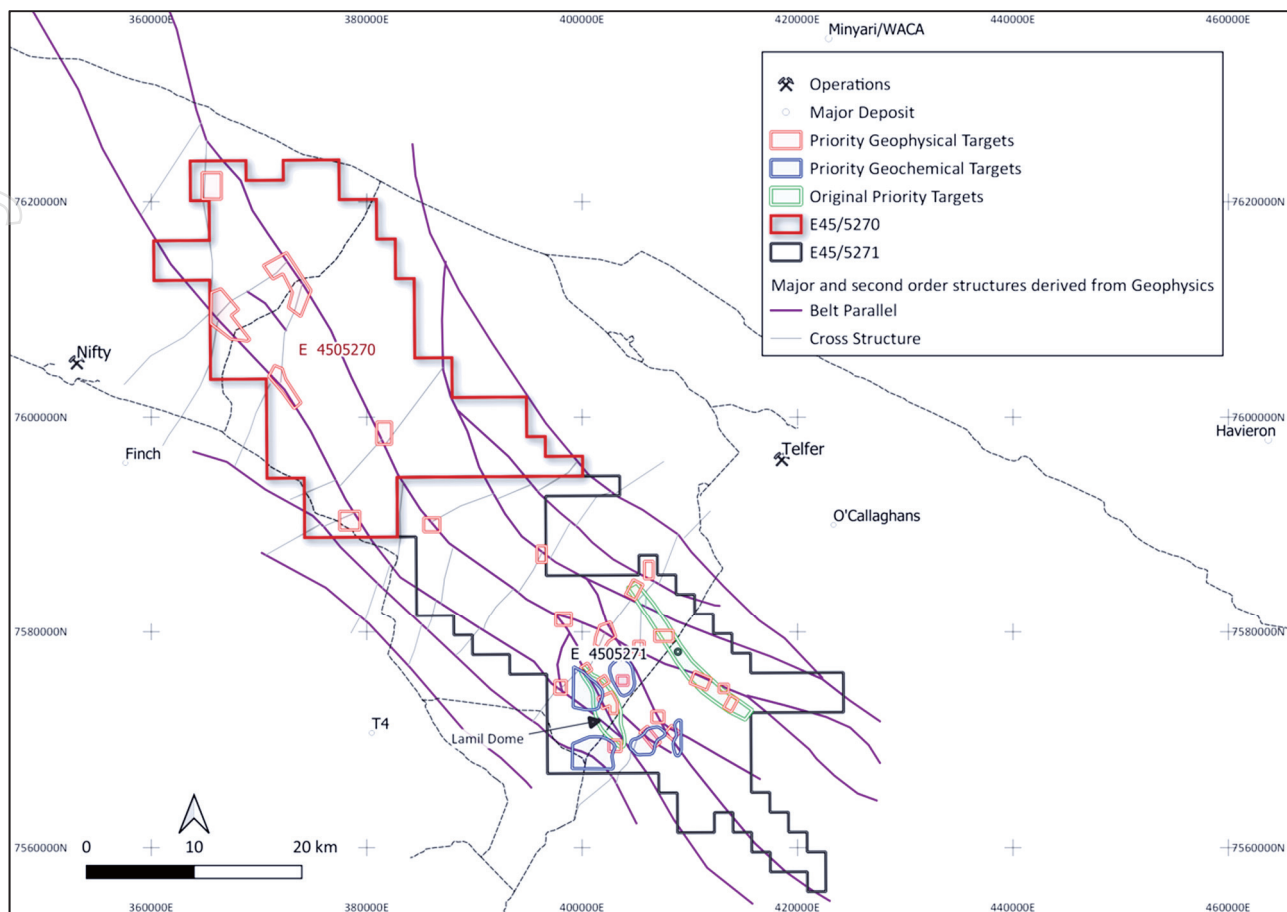

Figure 1. Priority Drill Targets

The Lamil Project – Overview

AIC is currently earning an interest in the Lamil Project located within the highly prospective Paterson Province of remote North Western Australia under the terms of an earn-in and exploration joint venture agreement with Rumble Resources Limited (ASX: RTR).

The Paterson Province is widely recognised as being one of the most well-endowed yet under-explored regions in Australia due largely to its remoteness and extensive cover.

Recent exploration success by Rio Tinto at Winu and by the Newcrest-Greatland Gold JV at Havieron has confirmed the prospectivity of the region and particularly in areas where the bedrock sequences of interest are under cover. These discoveries have resulted in the Paterson Province becoming one of the most sought-after exploration areas in Australia.

The Lamil Project comprises 2 Exploration Licences (E45/5270 and E45/5271) spanning a strike length of 90 kilometres which together secure an area totalling 1,280km² situated midway between the Telfer Gold-Copper Mine and the Nifty Copper Mine.

The licences are underlain by Proterozoic Basement rocks that are prospective for Telfer-style Gold-Copper Deposits and Winu-style Copper-Gold mineralisation.

Geophysical surveys have been successful in developing an improved understanding of the regional framework, depth to basement and the structural architecture of the basement sequence at Lamil. Understanding these key elements is critical in guiding effective exploration across such a large ground holding. A recent assessment of the geophysical data has identified some 26 targets including 15 which are considered high priority and “drill ready” (see AIC ASX Announcement dated 6 April 2020).

Current Projects

Lamil Joint Venture

- Geophysical, geochemical and structural data all indicative of a Telfer-style target – with no prior drilling
- Located 30km west of the world-class Telfer Gold-Copper Mine
- Drilling due to commence in September 2020
- Joint Venture with Rumble Resources¹ – AIC earning up to 65%

Marymia Project

- High-grade gold and copper targets to be drill tested
- Strategically located within trucking distance of the Plutonic Gold Mine and the DeGrussa Copper Mine
- 3,600km² tenement package prospective for gold and copper – predominantly 100% owned

1. See ASX announcement released by AIC Mines (A1M) "Paterson Province Exploration Joint Venture" on 22 July 2019.

Lamil Joint Venture

- The Paterson Province is regarded as one of the most highly endowed yet under-explored regions in Australia
- Exploration activity in the region has increased significantly following the recent discovery of the Havieron Gold-Copper deposit by the Newcrest-Greatland Gold JV and the Winu Copper Deposit by Rito Tinto
- The region remains under-explored due to its remoteness and relatively deep cover
- A recent breakthrough at the Lamil Project, based on a detailed airborne magnetic survey and surface passive seismic surveys, indicates that the depth of cover to the main targets in the Lamil Project area is less than 100m¹
- It was previously thought to be >400m and as a result the area has seen minimal previous exploration and no drilling

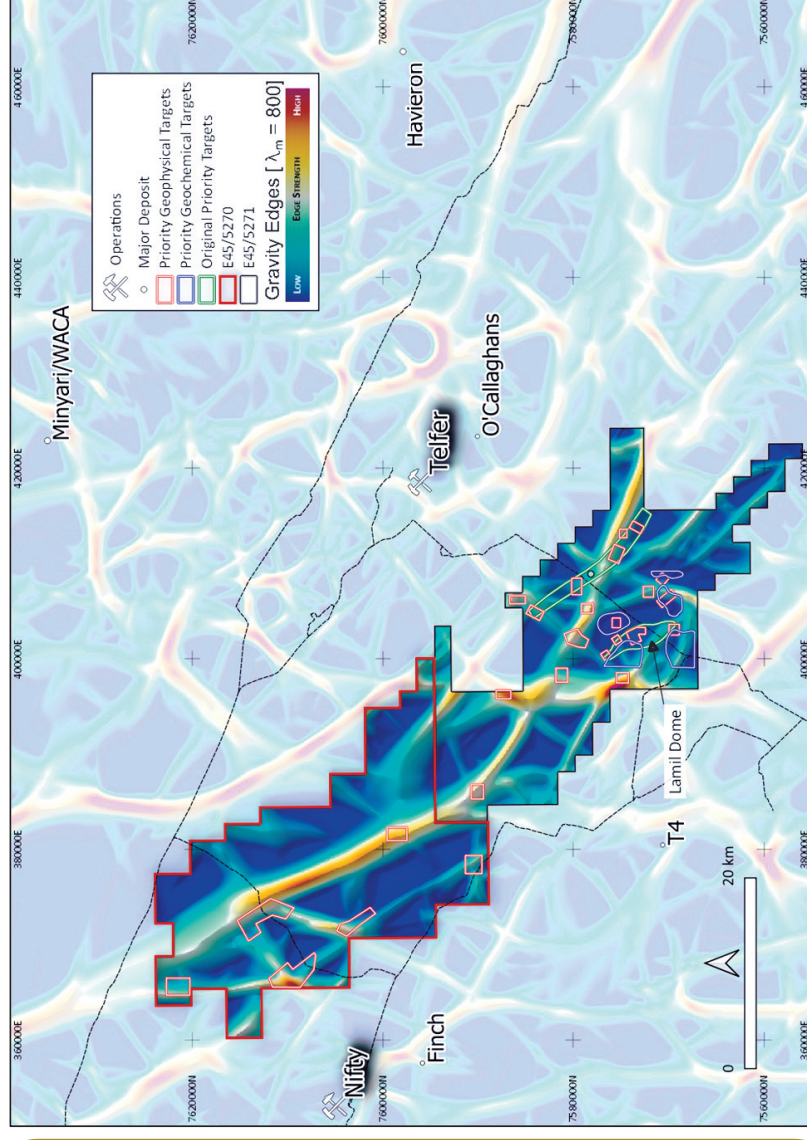

1. See ASX announcement released by AIC Mines (A1M) "Paterson Province Exploration Joint Venture" on 22 July 2019.

Lamil Joint Venture

- The main Lamil Dome target area exhibits the key structural features required to host a Telfer-style deposit:
 - Orientation of the main axial plane
 - Fold symmetry and vergence
 - Inferred host rocks
- The project area occupies a prominent regional structural 'hinge zone' which is clearly defined by a significant flexure in major belt parallel structures
- New geophysical interpretation shows a regional scale NE-SW trending structure is traceable from the centre of the Telfer deposit through the northern margin of the Lamil Dome target¹
- Heritage Surveys to support commencement of this work are scheduled for late July - early August 2020 with drilling anticipated to commence in September 2020

Key Risks

Exploration and mining projects involve a number of inherent general and project specific risks. The following is a summary of the more material matters to be considered.

Company Specific Risks

Exploration Risk

Investors should understand that mineral exploration, mining and development are high risk undertakings and there can be no assurance that the tenements currently held by Intrepid or acquired by Intrepid in the future will result in the discovery of an economic ore deposit. If a viable deposit is identified there is also no guarantee it can be commercially developed. There is no certainty that the proposed exploration will reveal mineable mineralisation or that such mineralisation will be commercially viable.

Dependence Upon Key Personnel

AIC has a core team of executives whose loss could influence AIC's progress in pursuing its exploration and acquisition programs within the time frames and cost structures envisaged. The impact of such loss would be dependent upon the replacement employee's quality and time of appointment. There is no guarantee that the key personnel of AIC will be successful in their objectives despite their considerable experience and previous success.

Native Title

Registration of native title claims on land that is the subject of AIC's licences and permits (or other licences and permits in which AIC has an interest) may result in increased legal and administrative costs that have a material adverse affect on the AIC's profitability. Native title and Aboriginal heritage issues may have a material advance impact on the Merged Group's activities and may hinder or prevent its mining and exploration activities.

Access to Exploration Projects

AIC may be required to obtain the consent from the holders of third-party interests which overlay areas within its tenements or future tenements prior to accessing or commencing any exploration or mining activities on those tenements. When submitting a program of works for any ground disturbing activities, any underlying stake holders will be notified and AIC will work to minimise disturbance in relation to the proposed activities in accordance with applicable law. This may delay commencement of exploration programs or specific areas may not be available for exploration.

Proceeds from the Sale of the Kitumba Project

AIC's predecessor company Intrepid Mines Limited completed a share sale agreement with Vulcan Copper Limited ("Vulcan") and its parent Consolidated Mining and Investments Ltd ("CMI") in respect of the sale of 100% of the share capital in Intrepid Mines Zambia Limited on 14 February 2019 ("Kitumba Sale Agreement"). Further details regarding the Kitumba Sale Agreement are contained in the Notice of Extraordinary General Meeting released to the ASX by Intrepid Mines Limited on 18 October 2018.

Vulcan failed to make payments due by 30 November 2019, 31 December 2019 and 31 January 2020. The amount outstanding as at 31 March 2020 was US\$4.8 million. The AIC Directors made the decision to fully write-down the value of the asset in the Financial Statements for the year ended 31 December 2019 given the failure of the counterparty to meet its payment obligations and uncertainty in relation to resolution of the matter. In the March 2020 Quarter AIC commenced legal actions against CMI that could lead to the winding-up of CMI or AIC enforcing its security rights over Vulcan, if other alternatives prove fruitless. AIC intends to exhaust all available avenues to recover value from this transaction. A number of new parties have expressed interest in the Kitumba Project and this interest is being pursued.

There is a risk that the deferred proceeds from the sale of the Kitumba Project may not be received from Vulcan and CMI in full or at all.

Key Risks

Litigation

AIC is exposed to possible litigation risks including native title claims, tenure disputes, environmental claims, occupational health and safety claims and employee claims. AIC is currently a party to legal proceedings in the Supreme Court of British Columbia. The legal proceedings relate to AIC's predecessor company Intrepid Mines Limited shareholding in New Nadina Explorations Limited. The outcome of such litigation may adversely affect AIC's financial position. AIC may be involved in disputes with other parties in the future which may result in litigation. Any such claim or dispute if proven, may impact adversely on AIC's operations, financial performance and financial position.

Commodity Price Risk

The future revenue of AIC will likely be derived largely from base and precious metals (in particular, gold and copper). Consequently, potential future earnings are likely to be closely tied to the price of these commodities. The commodities that are being developed, explored and sold by AIC (in particular, gold and copper) may be subject to price fluctuations which may have a material adverse impact upon both the value of AIC's assets and AIC Shares. These price fluctuations may be affected by a variety of factors outside the control of AIC, such as demand for minerals, forward selling by producers, production cost levels in producing regions, inflation, interest rates, and currency exchange rates.

AIC may suspend or curtail some or all of its future exploration activities if the market price for its minerals (in particular, gold and copper) were to fall below production costs for a sustained period.

Potential Acquisitions

As part of its business strategy, AIC may make acquisitions of or significant investments in other resource projects. Any such future transactions would be accompanied by the risks commonly encountered in making acquisitions of resource projects.

Joint Venture Parties

The Directors are unable to predict the risk of financial failure or default by a participant in any joint venture to which AIC is or may become a party.

Market Risk

AIC has investments in a number of listed exploration and development companies. There is a risk that the value of these investments could fall. This could adversely affect AIC's financial position.

Authorisation Risk

Interests in exploration and mining tenements are evidenced by the granting of leases or licences, which are for specific terms and carry annual expenditure and reporting conditions. There is a risk that any exploration permit held by the AIC may not be renewed in the future, that any application for a grant may be refused, or that the AIC may be unable to comply with regulatory requirements to retain title to its permits or applications. If AIC is unable to renew a licence or permit, AIC may suffer damage and be denied the opportunity to explore and develop mineral resources.

Failure to observe requirements in regards to minimum expenditure and environment and safety responsibilities could prejudice AIC's right to maintain a permit for a given tenement.

Key Risks

General Risks

Additional Requirements for Capital

Any additional equity financing may be dilutive to the Company's existing Shareholders and any debt financing if available, may involve restrictive covenants, which limit the Company's operations and business strategy. The Company's failure to raise capital if and when needed could delay or suspend the Company's business strategy and could have a material adverse effect on the Company's activities.

Future equity offerings by the Company may dilute the percentage ownership of the Company by existing Shareholders. In certain circumstances, Securities issued by the Company in the future may have rights, preferences or privileges attached to them that are senior, to or otherwise adversely affect, those attached to the Shares.

General Economic Conditions

Changes in the general economic climate in which Company operates may adversely affect the financial performance of Company. Factors that may contribute to that general economic climate include the level of direct and indirect competition against the Company, include, but not are but not limited to:

- (i) general economic conditions;
- (ii) changes in Government policies, taxation and other laws;
- (iii) the strength of the equity and share markets in Australia and throughout the world;
- (iv) movement in, or outlook on, exchange rates, interest rates and inflation rates;
- (v) industrial disputes in Australia and overseas;
- (vi) changes in investor sentiment toward particular market sectors;
- (vii) financial failure or default by an entity with which the Company may become involved in a contractual relationship; and
- (viii) natural disasters, social upheaval or war.

Regulatory Risk

AIC's activities in the mining industry are subject to legislation, regulation and various approvals. The introduction of new legislation or regulations, or alteration of current legislation and regulations, could have a material adverse effect on the financial performance of and current or proposed activities of AIC.

AIC holds tenure to minerals exploration, prospecting and mining licences in Western Australia. AIC may require licences and approvals in relation to environmental matters, exploration, development and production of minerals. There is a risk that these may not be obtained or that obtaining these may be delayed, which may have a material adverse impact on AIC. Loss of tenure could result (amongst other things) in the write down of carrying values of tenements in AIC's financial statements, loss of profits and termination of agreements.

The above list of risk factors ought not to be taken as exhaustive of the risks faced by AIC or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the securities offered under this Offer Document. Therefore, the securities to be issued pursuant to this Offer Document carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities. Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for securities pursuant to this Offer Document.

International Offering Restrictions

This document does not constitute an offer of New Shares of the Company in any jurisdiction in which it would be unlawful. In particular, this document may not be distributed to any person, and the New Shares may not be offered or sold, in any country outside Australia except to the extent permitted below.

International Offering Restrictions

Canada (British Columbia, Ontario and Quebec provinces)

This document constitutes an offering of New Shares only in the Provinces of British Columbia, Ontario and Quebec (the "Provinces") and to those persons to whom they may be lawfully distributed in the Provinces, and only by persons permitted to sell such New Shares. This document is not, and under no circumstances is to be construed as, an advertisement or a public offering of securities in the Provinces. This document may only be distributed in the Provinces to persons that are "accredited investors" within the meaning of NI 45-106 – *Prospectus Exemptions*, of the Canadian Securities Administrators.

No securities commission or similar authority in the Provinces has reviewed or in any way passed upon this document, the merits of the New Shares or the offering of New Shares and any representation to the contrary is an offence.

No prospectus has been, or will be, filed in the Provinces with respect to the offering of New Shares or the resale of such securities. Any person in the Provinces lawfully participating in the offer will not receive the information, legal rights or protections that would be afforded had a prospectus been filed and receipted by the securities regulator in the applicable Province. Furthermore, any resale of the New Shares in the Provinces must be made in accordance with applicable Canadian securities laws which may require resales to be made in accordance with exemptions from dealer registration and prospectus requirements. These resale restrictions may in some circumstances apply to resales of the New Shares outside Canada and, as a result, Canadian purchasers should seek legal advice prior to any resale of the New Shares.

The Company as well as its directors and officers may be located outside Canada and, as a result, it may not be possible for purchasers to effect service of process within Canada upon the Company or its directors or officers. All or a substantial portion of the assets of the Company and such persons may be located outside Canada and, as a result, it may not be possible to satisfy a judgment against the Company or such persons in Canada or to enforce a judgment obtained in Canadian courts against the Company or such persons outside Canada.

Any financial information contained in this document has been prepared in accordance with Australian Accounting Standards and also comply with International Financial Reporting Standards and interpretations issued by the International Accounting Standards Board. Unless stated otherwise, all dollar amounts contained in this document are in Australian dollars.

Statutory rights of action for damages and rescission

Securities legislation in certain of the Provinces may provide purchasers with, in addition to any other rights they may have at law, rights of rescission or to damages, or both, when an offering memorandum that is delivered to purchasers contains a misrepresentation. These rights and remedies must be exercised within prescribed time limits and are subject to the defenses contained in applicable securities legislation. Prospective purchasers should refer to the applicable provisions of the securities legislation of their respective Province for the particulars of these rights or consult with a legal adviser.

The following is a summary of the statutory rights of rescission or to damages, or both, available to purchasers in Ontario. In Ontario, every purchaser of the New Shares purchased pursuant to this document (other than (a) a "Canadian financial institution" or a "Schedule III bank" (each as defined in NI 45-106), (b) the Business Development Bank of Canada or (c) a subsidiary of any person referred to in (a) or (b) above, if the person owns all the voting securities of the subsidiary, except the voting securities required by law to be owned by the directors of that subsidiary) shall have a statutory right of action for damages and/or rescission against the Company if this document or any amendment thereto contains a misrepresentation. If a purchaser elects to exercise the right of action for rescission, the purchaser will have no right of action for damages against the Company. This right of action for rescission or damages is in addition to and without derogation from any other right the purchaser may have at law. In particular, Section 130.1 of the Securities Act (Ontario) provides that, if this document contains a misrepresentation, a purchaser who purchases the New Shares during the period of distribution shall be deemed to have relied on the misrepresentation if it was a misrepresentation at the time of purchase and has a right of action for damages or, alternatively, may elect to exercise a right of rescission against the Company, provided that (a) the Company will not be liable if it proves that the purchaser purchased the New Shares with knowledge of the misrepresentation; (b) in an action for damages, the Company is not liable for all or any portion of the damages that the Company proves does not represent the depreciation in value of the New Shares as a result of the misrepresentation relied upon; and (c) in no case shall the amount recoverable exceed the price at which the New Shares were offered.

Section 138 of the *Securities Act* (Ontario) provides that no action shall be commenced to enforce these rights more than (a) in the case of any action for rescission, 180 days after the date of the transaction that gave rise to the cause of action or (b) in the case of any action, other than an action for rescission, the earlier of (i) 180 days after the purchaser first had knowledge of the fact giving rise to the cause of action or (ii) three years after the date of the transaction that gave rise to the cause of action. These rights are in addition to and not in derogation from any other right the purchaser may have.

Certain Canadian income tax considerations. Prospective purchasers of the New Shares should consult their own tax adviser with respect to any taxes payable in connection with the acquisition, holding or disposition of the New Shares as any discussion of taxation related matters in this document is not a comprehensive description and there are a number of substantive Canadian tax compliance requirements for investors in the Provinces.

Language of documents in Canada. Upon receipt of this document, each investor in Canada hereby confirms that it has expressly requested that all documents evidencing or relating in any way to the sale of the New Shares (including for greater certainty any purchase confirmation or any notice) be drawn up in the English language only. *Par la réception de ce document, chaque investisseur canadien confirme par les présentes qu'il a expressément exigé que tous les documents faisant foi ou se rapportant de quelque manière que ce soit à la vente des valeurs mobilières décrites aux présentes (incluant, pour plus de certitude, toute confirmation d'achat ou tout avis) soient rédigés en anglais seulement.*
