

100% increase in fully franked final dividend

21 July 2020
ASX announcement

- 7.0 cents per share FY2020 fully franked full year dividend, 250% increase
- 24.0 cents per share profits reserve*, dividend coverage of 3.4 years
- 3.1%** investment portfolio performance in FY2020

The WAM Global Board of Directors is pleased to declare a fully franked final dividend of 4.0 cents per share, bringing the FY2020 fully franked full year dividend to 7.0 cents per share, which represents a 250% increase on FY2019 and a 100% increase on the fully franked final dividend. The Company has a profits reserve of 24.0 cents per share* as at 30 June 2020, providing 3.4 years of dividend coverage.

WAM Global employs Wilson Asset Management's proven investment process to identify compelling undervalued global growth companies with a catalyst to drive the share price higher. WAM Global provides shareholders with access to an actively managed investment portfolio, geographic and currency diversification, and a growing stream of fully franked dividends.

The increased fully franked full year dividend has been made possible by the investment portfolio's performance during a highly volatile 12-month for global equities. The investment portfolio increased 3.1%** during the year, outperforming the MSCI World SMID (Small/Mid) Cap Index in AUD terms by 5.0%**. The MSCI World Index (AUD) rose 4.8%**, driven primarily by large-cap technology companies with heightened valuations.

The FY2020 full year dividend provides shareholders with a fully franked dividend yield of 3.7% and a grossed-up yield of 5.3%^ based on the 20 July 2020 share price of \$1.905. The Board is committing to paying an increasing stream of fully franked dividends to shareholders, provided the Company has sufficient profits reserve and franking credits and it is within prudent business practices. Since inception in June 2018, WAM Global has paid 5.0 cents per share in fully franked dividends to shareholders. The Company's ability to generate franking credits is dependent primarily upon the payment of tax, as well as the receipt of franked dividends.
