On 30 July 2019, the Company closed a US\$10.0 million business financing agreement with Bridge Bank, a division of Western Alliance Bank (NYSE: WAL). The new \$10.0 million facility is comprised of:

- US\$8.0 million working capital revolving credit line ("**Revolving Credit Line**")
- US\$2.0 million term loan line of credit ("**Term Loan**")

The amount of liquidity available under the US\$8.0 million Revolving Credit Line is based upon the Company's balances and composition of eligible customer receivables and inventory, as well as other factors. Amounts borrowed under the Revolving Credit Line mature and become due and payable in 24 months, unless extended by the parties. The Revolving Credit Line bears interest at a rate equal to 0.5% above the Prime Rate. The amount currently available for draw as at 5 July 2020 was US\$1.5 million.

The US\$2.0 million Term Loan provides funds for the funding of capital expenditures and other corporate purposes through April 2020, at which time amounts funded under the Term Loan then become payable in 27 equal monthly installments commencing on 1 May 2020. The term loan bears interest at a rate equal to 0.75% above the Prime Rate. As at 5 July 2020, the remaining outstanding balance on the Term Loan was US\$1,777,778.

As at 5 July 2020, Bridge Bank had declared a default on the loan as the Company had not maintained the required Adjusted Current Ratio for the periods ending January, February and March 2020. As such US\$1.86 million of the cash balance (105% of the outstanding term loan) was restricted.

The facility is secured by all the assets of the Company.

On 27 July 2020, the Company signed a Business Financing Modification Agreement with respect to the Bridge Bank facility. The key modifications to the agreement were as follows:

- Bridge Bank waived the existing default on the loan described above.
- The Company may prepay all, but not less than all, of the Term Loan without premium or penalty.
- The Adjusted Current Ratio covenant is amended – the Company anticipates that this will enable it to be covenant compliant going forwards.
- The maturity date is extended to July 31, 2022.
- The Company must at all times maintain unencumbered cash in a Pledge Account of 105% of the outstanding Term Loan.

On 21 April 2020, the Company received loan proceeds of US\$2,213,100 under the Payment Protection Program ("**PPP**") provisions of the CARES Act.

The PPP provides a mechanism for forgiveness of up to the full amount borrowed after eight weeks, as long as the borrower uses the loan proceeds during the twenty four week period after the loan origination for eligible purposes, including payroll costs, certain benefits costs, rent and utilities costs or other permitted purposes, and maintains its payroll levels, subject to certain other requirements and limitations. The amount of loan forgiveness is subject to reduction for numerous reasons, including if the borrower has recently, or during the twenty-four-week period after loan origination, terminate employees or reduce salaries.

The PPP Loan is evidenced by a promissory note ("**Note**") given by the Company as borrower to Western Alliance Bank, an Arizona Corporation, as the lender. The PPP Loan is unsecured and is guaranteed by the U.S. Small Business Administration. The interest rate on the Note is 1.0% per annum. Any unforgiven portion of the PPP Loan is payable over a two-year term, with payments deferred for seven months from the date of the Note. The Company is permitted to prepay the Note at any time without payment of any premium.

8.	Estimated cash available for future operating activities	\$US'000
8.1	Net cash from / (used in) operating activities (item 1.9)	(192)
8.2	Cash and cash equivalents at quarter end (item 4.6)	4,646
8.3	Unused finance facilities available at quarter end (item 7.5)	1,496
8.4	Total available funding (item 8.2 + item 8.3)	6,142
8.5	Estimated quarters of funding available (item 8.4 divided by item 8.1)	32
<i>Note: if the entity has reported positive net operating cash flows in item 1.9, answer item 8.5 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.5.</i>		
8.6	If item 8.5 is less than 2 quarters, please provide answers to the following questions:	
8.6.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	<p>Answer:</p> <p>Whilst the calculation above indicates that the Company will have funding available to cover 32 quarters of operations, management believe that the operating outflows will increase in subsequent quarters, and therefore funding will only be available based on current sources for a more limited period.</p> <p>Whilst the Company has cash and cash equivalents at quarter end of US\$4.65 million, as at the half-year end date the Company was in a default period with respect to the Bridge Bank Term Loan, as such US\$1.86 million of the cash balance (105% of the outstanding term loan) was restricted. Available cash net of restricted cash at quarter end was US\$2.79 million. As described above, subsequent to the period end on 27 July 2020 the Company signed an amendment to the Bridge Bank Financing Facility. From this date, the Company must hold 105% of the outstanding term loan in a "Pledge Account" at all times. As such, these funds are not available to support operating activities.</p> <p>Taking this into account, the total available funding at quarter end was US\$4.29 million.</p> <p>Management estimate the operating cash outflows for each of Q320 and Q420 to be between US\$1.0 million and US\$1.5 million. As such, the Company is currently estimated to have between 2 and 3 quarters worth of funding available based on the current cost structure and financial projections.</p>	
8.6.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
	<p>Answer:</p> <p>As described above, post quarter end on 27 July 2020, the Company signed an amendment to the Bridge Bank Financing Facility. Part of this amendment was to amend to Adjusted Current Ratio calculation. As a result of this, the Company expects to have further availability on the Revolving Credit Line.</p> <p>The Company is also exploring potential debt financing opportunities.</p>	

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

The entity expects to be able to continue its operations and to meet its business objectives. Management are in the process of taking action to reduce ongoing operating costs.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
