About Skyfii

Our vision is to improve visitor experience by understanding behaviour.

Skyfii is a global software and data services company that transforms the way organisations collect, analyse and extract value from data.

We process billions of data points monthly, captured in the physical & digital world to help businesses better understand and improve the experiences of millions of customers every day.

OMNIDATA INTELLIGENCE

The practice of analysing multiple data sets to create a complete understanding of experiences across the physical and digital world.

Offices in 7 countries

55 staff globally

Portfolio of 10,000+ venues across 35 countries

Right Data

Industry Experience

Property

Build transformative, intelligent data-powered solutions

- Leasing analytics
- Deep Learning
- Decision engines

Education

Gain better insights from your unstructured data

- Student Churn
- Attendance Predictions

Transport

Drive Insights and organisational change from your data

- Operational optimisation
- Airline
- Traveller profiling

Retail

Gain Better Insights from Your Unstructured Data

- Shopper Profiling
- Trade Area analytics
- Loss Prevention
- Stock Management

Government

Democratise data within your organisation and reduce overheads

- BI Design
- Report Automation
- Tableau, Sisense, Microsoft BI

Medical

Rapidly move services from MVP to scale across your organisation

- Model Deployment & Automation
- Data Engineering
- Data Architecture

New Products & Services

MASK DETECTED

Artificial Intelligence

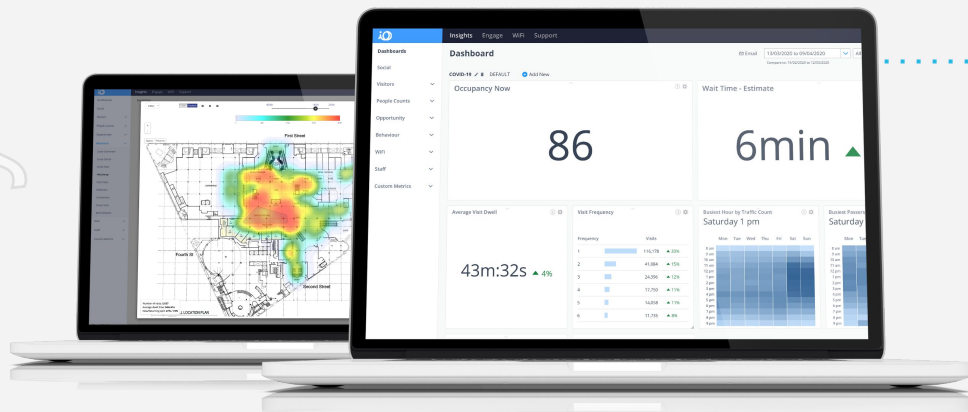

Artificial Intelligence (AI) Video Analytics

Artificial Intelligence video analytics with edge device machine learning to detect people, vehicle and object detection to measure volume, speed, travel path, dwell time, proximity and interactions

HVAC Optimisation

Integrating with HVAC systems to provide predictive analytics around customer traffic & behaviour to optimise energy consumption, save money & improve the carbon footprint for buildings.

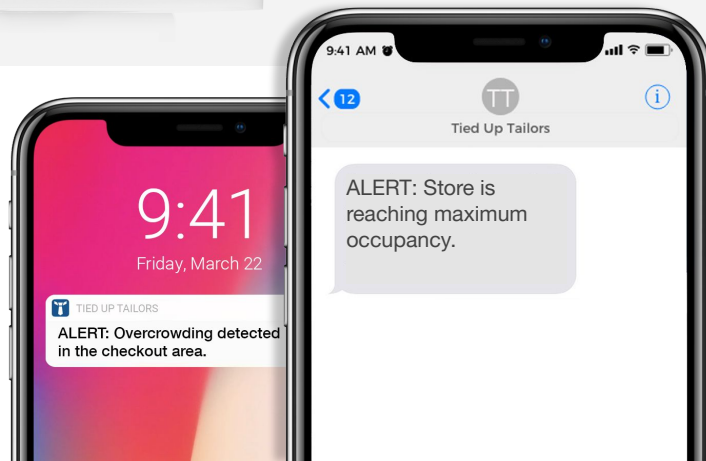

Live Occupancy & Crowd Analysis

Accurately monitor live occupancy and congestion.

Automated Staff Alerts

Proactively manage and respond to congestion and overcrowding.

Customer Safety

Stop & Go!

Give people a simple indicator of when it's safe to enter a space with the new Stop and Go feature. Great for any venue that needs to manage live occupancy limits, the Stop and Go page can be displayed outside entrances to your venues, restrooms, and other communal spaces via a URL on any web-enabled device.

Mask Detection

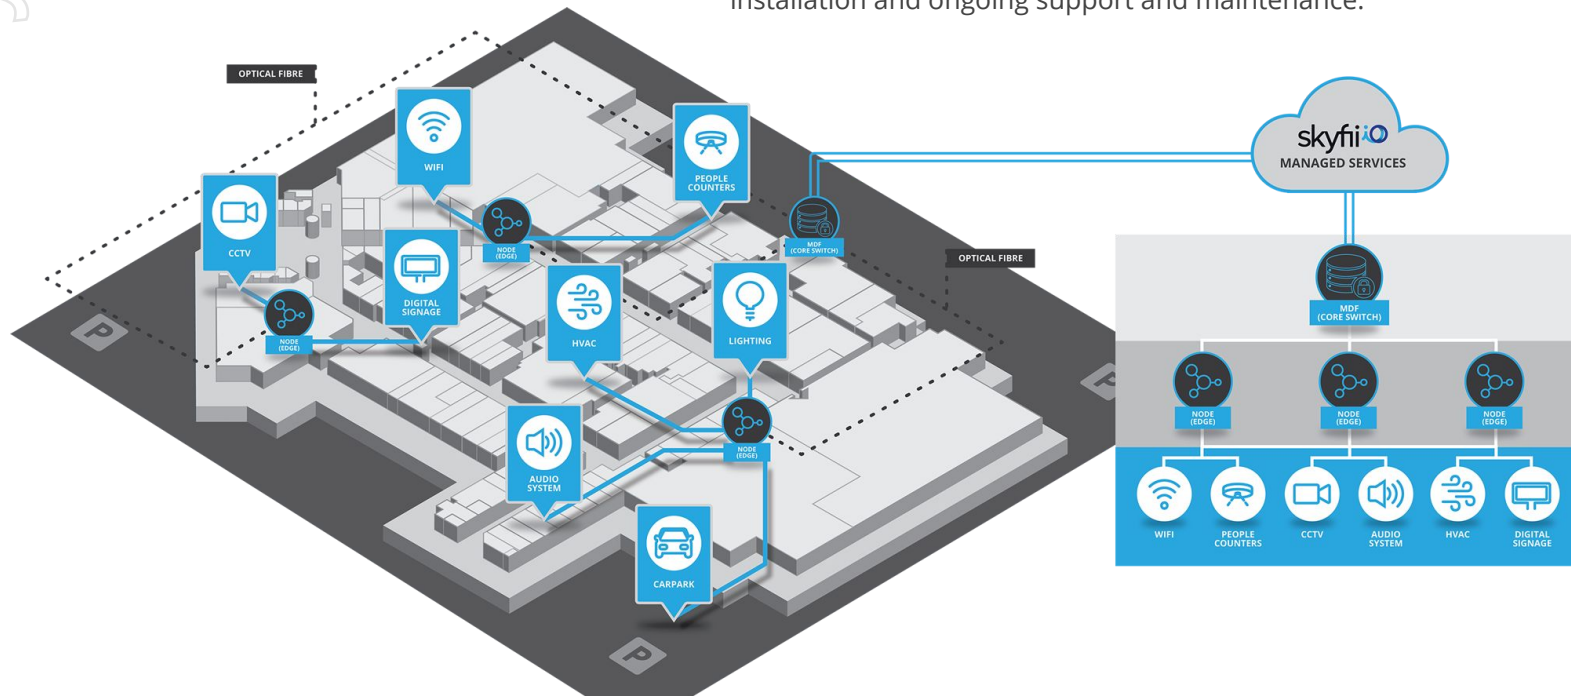

Skyfii can identify and report on whether customers or staff are wearing masks as they enter a venue.

Network Services

Managed Services

Providing end to end, turnkey delivery of network services including network design, hardware procurement, installation and ongoing support and maintenance.

Drone AI

Aerial vision and deep-learning for crowd management

Sky Drone combines latest drone technology and AI driven computer technology to allow processing images on device for data analytics.

- Social distancing
- Counting and tracking
- Dwell times, occupancy, and more

Outlook

Outlook

Key areas of focus for the remainder of the year include:

Increased investment into Marketing activities to continue to drive quality leads across all markets

Significant focus on key verticals including Grocery, Corporate offices, Universities, Schools and Municipalities

Ongoing development and rollout of new analytic products, such as OccupancyNow™, to drive new revenue streams

Focus on cash management and maintaining our strong balance sheet position

Specific focus on driving growth within our People Counting product and service offering across ANZ, UK and USA

Continue to pursue highly complementary accretive acquisitions to drive further growth and broaden our offering to current and new customers

Important Notice and Disclaimer

This presentation has been prepared by Skyfii Limited (ACN 009 264 699) (Skyfii or the Company). The information contained in this presentation is current at the date of this presentation. The information is a summary overview of the current activities of the Company and does not purport to be all inclusive or to contain all the information that a prospective investor may require in evaluating a possible investment. This presentation is for general information purposes and is not intended to be and does not constitute a prospectus, product disclosure statement, pathfinder document or other disclosure document for the purposes of the Corporations Act and has not been, and is not required to be, lodged with the Australian Securities & Investments Commission. It is to be read in conjunction with the Company's disclosures lodged with the Australian Securities Exchange.

The material contained in this presentation is not, and should not be considered as, financial product or investment advice. This presentation is not (and nothing in it should be construed as) an offer, invitation, solicitation or recommendation with respect to the subscription for, purchase or sale of any security in any jurisdiction, and neither this document nor anything in it shall form the basis of any contract or commitment. This presentation is not intended to be relied upon as advice to investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular investor which need to be considered, with or without professional advice, when deciding whether or not an investment is appropriate.

This presentation may contain information as to past performance of the Company. Such information is given for illustrative purposes only, and is not – and should not be relied upon as – an indication of future performance of the Company. The historical information in this presentation is, or is based upon, information contained in previous announcements made by the Company to the market.

This document contains certain "forward-looking statements". The words "anticipate", "believe", "expect", "project", "forecast", "estimate", "outlook", "upside", "likely", "intend", "should", "could", "may", "target", "plan" and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings and financial position and performance are also forward-looking statements, as are statements regarding the Company's plans and strategies and the development of the market.

Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of the Company, which may cause actual results to differ materially from those expressed or implied in such statements.

The Company cannot give any assurance or guarantee that the assumptions upon which management based its forward-looking statements will prove to be correct or exhaustive beyond the date of its making, or that the Company's business and operations will not be affected by other factors not currently foreseeable by management or beyond its control. Such forward-looking statements only speak as at the date of this announcement and the Company assumes no obligation to update such information. The release, publication or distribution of this presentation in jurisdictions outside Australia may be restricted by law. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

All references to dollars are to Australian currency unless otherwise stated.

To the maximum extent permitted by law, the Company makes no representation or warranty (express or implied) as to the accuracy, reliability or completeness of any information contained in this document. To the maximum extent permitted by law, the Company shall have no liability (including liability to any person by reason of negligence or negligent misrepresentation) for any statements, opinions or information (express or implied), arising out of, contained in or derived from, or for any omissions from this document, except liability under statute that cannot be excluded.
