## ASX Announcement

---

**For immediate release**

19 October 2020

### **TERRAGEN HOLDINGS LIMITED**

### **Quarterly Report for the three months ended 30 September 2020**

**Coolum, QLD, 19 October 2020** – Australian agricultural company Terragen Holdings Limited ("Terragen"), is pleased to provide an update on its activities in the three month period ended 30 September 2020.

#### **Highlights**

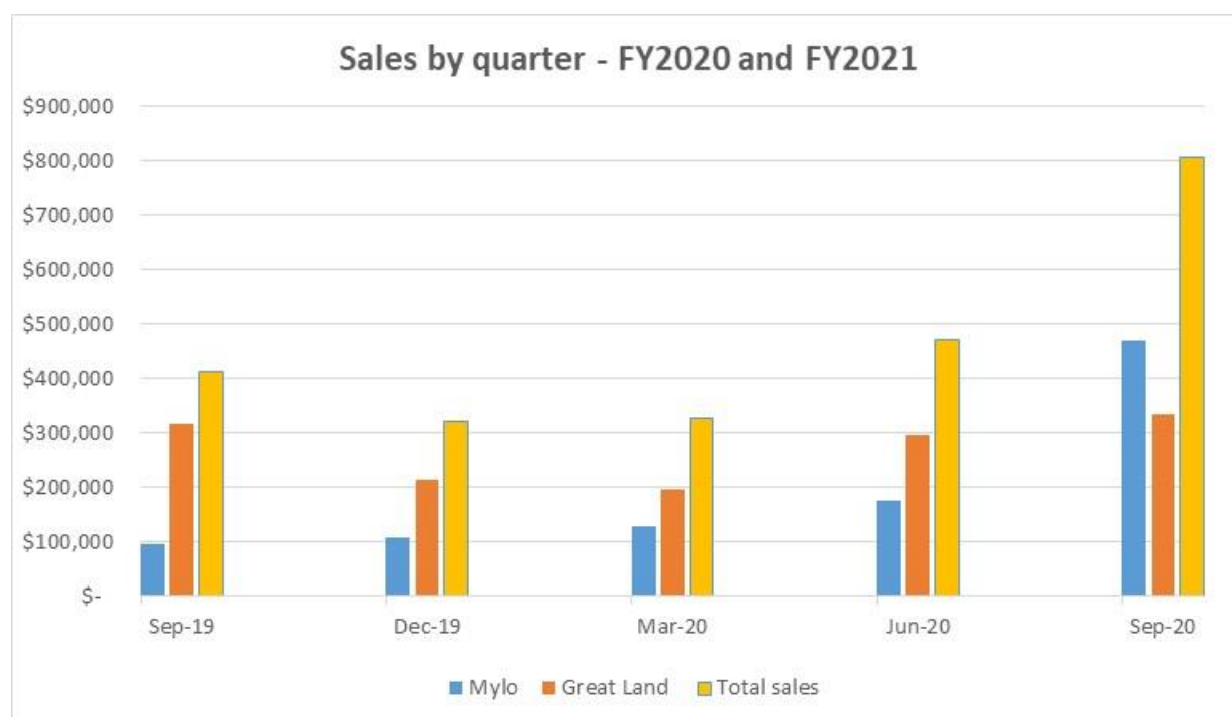

- **Sales for the quarter up 99% on the prior comparative period ("PCP") and 71% on the June 2020 quarter**
- **Sales growth driven by the increased use of *Mylo*® to supplement feed for milking cows**
- **Cash reserves of \$15.32 million at 30 September 2020**

#### **Terragen Holdings Limited**

## Financial Highlights

Sales of \$0.81 million for the September 2020 quarter increased 99% on the PCP and 71% over the June 2020 quarter, reflecting continued uptake of *Mylo*® and *Great Land*®. Of particular note is the growth in *Mylo*® sales in the dairy industry where the product is used to supplement feed for milking cows as well as calves. The growth in sales also reflected the early success of the *Mylo*® pump program.

**Figure 1 – net sales revenue by quarter for FY2020 and FY2021**

Cash receipts from sales of \$0.74 million for the quarter (as shown in Appendix 4C) were slightly below sales of \$0.81m reported above. This reflects the timing difference between cash and accrual accounting.

Operating expenditure for the September 2020 quarter of \$1.712 million decreased slightly from the expenditure of \$1.790 million in the June 2020 quarter.

The Company made payments totaling \$0.16 million to related parties during the quarter for Directors' remuneration.

Attachment 2 provides a comparison of expenditure incurred in the period from 11 December 2019 (being the date the Company's securities commenced trading on the ASX) to 30 September 2020 of the proposed Use of Funds disclosed in Terragen's Prospectus.

## Operational Highlights

### Production

Production increased during the September 2020 quarter to satisfy rising demand for Terragen's products. Notable was the increased volume of *Mylo*® produced for the spring season, attributable to good rainfall in south-eastern Australia and the early success of the *Mylo*® pump program.

COVID-19 has had a negligible impact on the manufacturing and distribution activities of Terragen.

### University of Queensland pilot study of *Mylo*® in lactating cows

A pilot study conducted at the University of Queensland to examine the effect of *Mylo*® in lactating cows has provided promising results. The pilot study was conducted for 24 weeks and produced results that warrant moving into a study of *Mylo*® in a large cohort of lactating cows. These research activities are aimed at underpinning the marketing and sale of *Mylo*® for use in both young and mature dairy cattle.

### Ongoing research and development projects

During the quarter the principal research and development activities were:

- developing the design for a study of the productivity benefits of *Mylo*® in a large cohort of mature cows and seeking the required approvals to proceed with that study;
- examining the changes in gut and soil microbiomes following the use of *Mylo*® and *Great Land*®; and
- completing the experimental phase of a study examining the potential of *Mylo*® to reduce greenhouse gas emissions.

### Board and Management Changes

Terragen continued to strengthen its Board and management team as it transitions to growing sales of its products from research and development with the appointment of Mr Travis Dillon as Non-Executive Chairman effective 28 July 2020. To further streamline Terragen's Board Dr Gregory Robinson and Dr John Ryals retired from the Board effective 28 July 2020. Dr Ryals will continue to work closely with Terragen as a member of the Development Advisory Committee.

Terragen also announced that Kara King had been appointed Chief Financial Officer and Company Secretary effective 5 October 2020.

### Impact of COVID-19

COVID-19 has had a minor impact on Terragen's operations during the September 2020 quarter. Terragen received \$0.04 million in cash flow boost payments from the Australian government and did not receive any other COVID-19 related financial support.

### **About Terragen Holdings Limited**

Terragen develops and markets biological products for agricultural applications. Each product uses a unique combination of naturally-occurring live microbe strains selected to help boost the productivity, welfare and resilience of farm production animals and address soil health. Terragen's aim is to increase farm productivity through the use of these products, whilst providing improved environmental sustainability that will be attractive to consumers.

Terragen has two products on the market in Australia and New Zealand: a microbial feed supplement *Mylo*® for animals; and a soil conditioner *Great Land*®.

## Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
