We do not expect that we will continue to have the current level of net operating cash flows for the time being. The UK entity is continuing to grow which should result in an improvement in our cash flow.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

There are currently no plans to raise further cash. We should see an improvement in cash, as the UK entity grows. We will also receive future cash inflows from the sale of the Australian underwriting business, as announced on the 25 March 2020.

8.6.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?
