

THE GO2 PEOPLE APPENDIX 4C & QUARTERLY ACTIVITIES REPORT FOR SEPTEMBER QUARTER FY21

Highlights

- EBITDA, operational cashflow and NPAT all positive for the Quarter
- In excess of 150 students processed through online training platform during Q1
- A 25% increase in QLD Labour Hire employees vs prior quarter
- Strong demand from key clients in WA with large volume of open job orders
- Company receiving benefits of government stimulus initiatives

26th October, 2020: The GO2 People Ltd (ASX:GO2) ("The GO2 People" or "the Company") is pleased to release its Quarterly Activities Report and Appendix 4C for the FY21 September Quarter.

Managing Director, Billy Ferreira: "We're very pleased to have achieved a number of positive metrics in the opening Quarter of FY21. Positive EBITDA, NPAT and operational cashflow highlight the impact of good capital management and a focus on high quality service delivery to key clients. The Company is seeing increased activity in its predominant operational sectors of mining and infrastructure, and the training business continues to develop its offering."

Q1 Summary

In the September Quarter FY21, the Company continued the momentum developed in H2 FY20, showing continued improvement in its financial performance by delivering another positive EBITDA Quarter – this being the 3rd consecutive Quarter. Pleasingly, the continued focus on profitability over top line growth has delivered positive NPAT for the first time further indicating the progress the Company continues to make.

Furthermore, the Company has reported positive operational cashflow of \$276k for Q1 FY21, making it the fourth consecutive cashflow positive quarter.

Receipts from customers remained in line with the previous quarter whilst the company continues to see solid job order demand from its key clients in both Western Australia and Queensland. Queensland average weekly labour hire employee numbers have increased 25% on the previous Quarter, with a number of large infrastructure projects to be the core focus as the Qld State Government looks to stimulate economic activity and job creation in the State.

In Western Australia, there is a significant number of open job orders in the mining sector, this indicates the ongoing requirement for new workers across multiple projects. Several large infrastructure projects will commence in the coming months in WA, which are expected to create additional labour demand in the Company's target markets. It is expected labour hire revenues in Western Australia will begin to increase in the December FY21 Quarter as rosters return to normal and mobilisation to mine sites becomes easier, subsequently leading to additional man hours being worked on a weekly basis.

The Training Division is now generating regular revenue from online training and the Company has engaged external digital marketing expertise to deliver marketing initiatives aimed at increasing its consumer sales for online training. In addition to the ongoing development of online training courses, GO2 continues to build out its training scope and take advantage of the operational synergies that exist between the recruitment and training divisions.

Government incentives through Cashflow Boost and Job Keeper have been received during the quarter and included in operational cashflows. With the continuation of Job Keeper payments through the December quarter, operational spending on overheads for December is expected to be in line with the June quarter. With additional demand for Labour Hire, operating costs for the December quarter will increase which may require increased use of the Company's working capital facilities.

The Board of Directors are also assessing additional growth opportunities, both organic and via merger and / or acquisition, which have been presented to the Company. The Company looks forward to providing further updates to shareholders as we work towards the realisation of creating a profitable national recruitment and training business.

Please see below the Appendix 4C for the FY21 September Quarter, payments to related parties as disclosed at Item 6 relate to payments to Directors for agreed services/fee and salary arrangements split as follows:
