

ASX RELEASE

Quarterly Update and Appendix 4C Quarterly Cash Flow – September 2020

PERTH, 27 September 2020, Flamingo Ai Limited ("Flamingo Ai" or "the Company") (ASX: FGO), is pleased to provide the following Quarterly update and lodgement of its Appendix 4C.

Key Developments

Sale of Flamingo business unit

As announced 26 August, 2020, the Company entered into a binding share purchase agreement ("SPA") with BDNM Investments Pty Ltd ("Purchaser") for the sale of the Company's subsidiaries Flamingo Customer Experience Inc and Flamingo Ventures Pty Ltd (the "Transaction").

The consideration for the Transaction is comprised of a \$500,000 cash payment, of which \$100,000 is to be retained under a warranty security deed for 12 months post-completion. As the Company will not incur further operational costs beyond meeting its obligations to maintain platforms to serve existing clients, the purchase price may be reduced for any prepaid revenue received before completion and also in specific circumstances where the Purchaser provides assistance in the interim period to completion with day to day operations (including engineering support) and transitioning clients.

The Transaction is deemed to be a disposal of the Company's main undertaking within the meaning of ASX Listing Rule 11.2 and requires the consent of the Company's shareholders to approve the disposal. The Company will be holding its Annual General Meeting on October 30 for this purpose.

The Transaction is subject to the following key conditions precedent ("Conditions"):

- the Company obtaining all necessary regulatory and third party consents to the sale of the shares;
- no material adverse changes in relation to the Company's Intellectual Property;
- the Purchaser obtaining approval or consent of the Foreign Investment Review Board (FIRB); and
- Shareholder approval under Listing Rule 11.2 for a disposal of the Company's main undertaking via a simple majority resolution.

The Conditions (other than FIRB approval) must be satisfied or waived before 30 October 2020.

Post-completion, the Company has agreed to assist with the lodgement of the R&D Tax Incentive application for the calendar year ended 31 December 2020, any proceeds of which will be payable to the Company pro-rated up to the date of completion.

The SPA can be terminated if any warranties provided by the Company are false, misleading or incorrect or there is a material adverse change to the Intellectual Property held by the subsidiaries. The SPA otherwise contains warranties and indemnities that are considered standard for transactions of this nature.

Rationale for disposal

As previously announced, the Company has been seeking buyers for the Flamingo AI business operations and associated Intellectual Property.

The Directors are of the view that the proposed Transaction is in the best interests of the Company and its Shareholders and subject to the conditions being met, will unanimously recommend that all Shareholders vote in favour of the proposed Transaction. Each Director intends to vote all shares held or controlled by them in favour of the proposed Transaction.

There is a risk the Transaction may not proceed if the Conditions are not met or waived. In the event the Transaction does not proceed, the Company will continue to explore all options in respect of the Flamingo AI business operations.

Transition

The Purchaser proposes to continue to operate the Flamingo AI business and service the existing client contracts. In addition, the Purchaser intends to continue development of the Flamingo AI Smart Hub in line with existing customer requirements and it will promote the Smart Hub product to prospective clients in both Australia and the US.

As previously announced all of the Company's staff and executive team members have ceased employment with Flamingo AI.

Dr Catriona Wallace will remain on the Company's Board as a non-executive director. In addition, Bryn Hardcastle and Zane Lewis will also remain on the Board. The Board will support the Purchaser to ensure a smooth transition of the business and it is expected that the business will continue with key contracts and client responsibilities in both Australia and the US.

The Company estimates it will have approximately \$1.6m in cash at completion of the Transaction.

Future Plans

The Company has commenced a process to look for additional assets to acquire. Shareholders should note that in accordance with ASX Guidance Note 12, ASX will generally continue quotation of the Company's securities for a six-month period to allow the Company to complete the Transaction and identify and announce a suitable new business. Depending on the timing and size of transaction, the Company may need to re-comply with Chapters 1 and 2 of the Listing Rules.

Related Party Transactions

The aggregate amount of payments of \$150,000 to directors and their associates during the quarter ended 30 September 2020 is related to executive director fees, non-executive director fees, and fees paid to director related entities for legal, transaction advisory and company secretary services. Included in this amount are payments related to the termination of Dr. Wallace's executive role totalling \$97,000, and payments to director related entities for legal and transaction advisory services of \$31,000.

Cash on Hand

The Company held \$1,199,000 cash as at 30 September 2020.
