PORTFOLIO PROGRESSION

In July 2020, Encuentra24 combined its business with OLX Group's online platforms in Central America. The combined business spans 6 countries, with Encuentra24 benefiting from consolidating its position in its 2 largest markets, Panama and Costa Rica, and gaining access to Guatemala and El Salvador. The OLX platforms have relaunched under the Encuentra24 brand. The existing shareholders have

retained 62.5% of the combined business, split between Encuentra24's founders (36.2%) and FDV (26.3%), with FDV maintaining accounting control.

In September 2020, InfoCasas entered into a partnership agreement with AoCubo, a rapidly growing digital real estate brokerage platform in Brazil. Under the partnership, InfoCasas will provide some of its technology and services to AoCubo to facilitate its expansion. In exchange for the services provided, InfoCasas will receive an option to acquire a 20% shareholding in AoCubo based on its current valuation. The partnership represents a compelling opportunity for InfoCasas to expand into Brazil through a structure that provides an attractive risk-return profile for its shareholders.

Subsequent to quarter end, FDV acquired 100% of the issued capital in 3 market leading online classifieds businesses. Fincaraíz.com.co is the leading real estate classifieds portal in Colombia and Avito.ma and Tayara.tn are the leading general classifieds businesses in Morocco and Tunisia. The acquisitions each offer a compelling strategic fit with FDV's broader portfolio and extend FDV's market leadership across existing and adjacent geographies within key target regions.

The disruption caused by the COVID-19 pandemic continues to create other potential value accretive growth opportunities for FDV. The flight to the safety of trusted platforms and transaction intermediaries has strengthened the market leading positions of FDV's leading operating companies and FDV will continue to proactively assess potential acquisition and consolidation opportunities.

CORPORATE UPDATE

During the quarter, FDV had net operating cash outflows of A\$0.3m, including receipts from customers of A\$3.9m. At the end of the quarter, the Company reported A\$23.3m in cash and cash equivalents (prior to the strategic acquisitions and capital raising announced on 8 October 2020).

Subsequent to quarter end, FDV successfully raised A\$92.6m under the placement and institutional entitlement offer. Applications under the retail component of the entitlement offer will close this Thursday, 29 October 2020, which is expected to raise up to a further A\$7.4m.

UPDATE ON ZAMEEN

Zameen is the leading property portal in Pakistan. Operating conditions have improved in Pakistan as government-imposed restrictions continue to ease. 3Q 2020 revenue showed a strong recovery throughout the quarter, increasing 61% on the previous quarter to A\$9.6m (100% basis). Zameen reported EBITDA of A\$0.7m (100% basis) in 3Q 2020, a A\$1.5m increase on 2Q 2020. Zameen's strong market position combined with consumer preferences for trusted intermediaries has seen the business rebound strongly.

UPDATE ON ENCUENTRA24

Encuentra24, a leading general classifieds and online marketplace covering Central America, has adapted well to the challenging business conditions. Encuentra24 reported a significant improvement in revenue for 3Q 2020, up 52% on the previous quarter to A\$1,623k (100% basis). The quarter saw a ~7x increase in EBITDA to A\$140k (100% basis), highlighting its significant cost base optimisation and the return of economic activity in the region following the COVID-19 disruptions. With the recent combination with OLX Group's Central American platforms, Encuentra24 is well positioned to capitalise on its expanded footprint.

UPDATE ON INFOCASAS

InfoCasas is the #1 property portal in Uruguay, Paraguay, and Bolivia, with a growing presence in Peru. Revenue in 3Q 2020 has recovered strongly following a challenging 2Q 2020, increasing 89% on the previous quarter to A\$1,336k (100% basis). Following the early adoption of cost saving initiatives, InfoCasas has continued to improve EBITDA performance, which increased to A\$159k this quarter, a 56% rise on the previous quarter (100% basis). InfoCasas continues to monitor local business conditions as it scales up operations in line with increasing traffic and demand for its platform.

UPDATE ON AUTODEAL

AutoDeal, the leading operator of online car classified portals in the Philippines, continued to perform strongly throughout 3Q 2020. AutoDeal recorded EBITDA growth of 26% on the previous quarter (100% basis). The strong result was supported by permanent cost-saving measures and a revenue recovery of 5% on 2Q 2020 to A\$431k (100% basis). FDV is pleased with AutoDeal's ability to adapt to challenging market conditions and its strong market leading position. Pleasingly, the Philippines government continues to relax temporary lockdowns in Manila and across the country.
