

# Activities Report & Cash Flow Statement

For the 3 months ending 30 September 2020

MCS Services Limited (**MCS Services**) (**Company**) (ASX: **MSG**) is pleased to present its Activities Report and Appendix 4C for the three months ending 30 September 2020 (**Period**).

During the Period the Company recorded a net cash inflow of \$679,000, finishing the Period with a cash balance of \$2,760,000 (30 June 2020: \$2,081,000). The cash position includes the effects of:

- the timing of account payments to the Company by customers;
- the cashflow effect of financial precautions undertaken at the commencement of COVID restrictions, including \$118,000 of Payroll Tax obligations originally falling due in the June 2020 Period which were paid in July 2020;
- the \$85,000 repayment during the Period of the remaining balance of the Related Party loan.

Cash and net receivables as at 30 September 2020 totaled \$3.1 million (\$2.6 million as at 30 June 2020) comprising cash of \$2.8 million (\$2.1 million as at 30 June 2020) and net receivables of \$0.3 million (\$0.5 million as at 30 June 2020). Net receivables as at 30 June 2020 included the then current liability of \$0.08 million owing on the Related Party loan.

## COVID-19

The operational and commercial impacts on the Company during the Period included:

### Retail Security:

The Company saw a near complete return to pre-COVID work levels at most shopping centres.

### COVID:

Commencing in April 2020 the Company has been providing security at one Perth hotel utilised for COVID isolation. This work cushioned MCS Services' revenue from the reduced Retail Security work during the primary period of COVID restrictions in WA, being primarily in the June 2020 Period.

The Company operates to protocols and PPE requirements developed in line with regulatory requirements and guidance.

As at the date of this Report the Company continues to provide services at the same hotel. The continuation / volume of such work going forward is subject to a number of factors including Government policy, quarantine regulations and incoming flight levels.

### Events Security:

During the Period the Company has undertaken a number of music and sports-related security roles in WA, though not yet to pre-COVID levels.

### Government Support:

The Company continues to monitor the availability of COVID subsidies and payment deferral options from Government bodies. Due to the limited impact of COVID issues on the Company's overall performance the Company is generally not eligible for many schemes – including that the Company has not been eligible for the Jobkeeper subsidy for any of the current or previous Periods.

During previous Periods the Company arranged short-term payment deferrals with the ATO (for BAS) and WA State Revenue (for Payroll Tax) out of an abundance of caution for possible cashflow impacts of COVID on the business. The deferred ATO payment obligations were brought up to date in the previous Period and the \$0.118m monthly Payroll Tax originally falling due in the June Period was paid in full in July 2020.

No other payment deferrals, waivers or subsidies have been requested.

## OPERATIONS UPDATE

During the Period the Company maintained all major clients and:

### Quality Management Systems

- the Company's environmental management processes were subject to an independent audit in the September 2020 quarter. Subsequent to the Period the Company was advised it had been successful and can now apply for international environmental standard 14001;

### Uniformed Security:

- announced successfully winning a tender process for security work at two shopping centres in Perth. Both centres were already serviced by the Company, are managed by CBRE, and the contract period is for two years to 2022 for a total value over the initial term of in excess of \$.3 million. There is an option of two 12 month extensions

### Alarm & CCTV:

- engaged additional staff as it continued to expand its market for the installation, maintenance and monitoring of CCTV and alarm systems at shopping centres, aged-care facilities and hotel chains in WA and the Northern Territory;

### Events and Stadia:

- successfully retained its Sports / Music Events security contract with a large WA State Government venue operator. Work levels from the contract will, in part, be subject to COVID-related limitations on crowd attendance levels at sport and music events in WA;
- continued providing 24/7 asset-management security, including gatehouse and precinct security, at the recently constructed major stadium in Perth;

## GROWTH OPPORTUNITIES

The Company has security operating licences for Western Australia, South Australia, Victoria, New South Wales and ACT.

The Company continues to seek further organic growth opportunities in its specialist security segments, including but not limited to leveraging its reputation with existing clients to obtain work at additional locations. The Company is also assessing the addition of new verticals to its business.

The Company is constantly assessing the expansion of its operations in the Perth metropolitan area, regional Western Australia and interstate through the identification and acquisition of suitable targets. It may progress these opportunities if they are value accretive to shareholders and consistent with the Company's strategy.

The Company continues to actively review and enhance its marketing strategy.

## CORPORATE

During the Period the Company utilised existing cash balances to make the final \$85,000 repayment of the Related Party loan owing to P&M Simmons, the vendors in 2015 of the MCS Security business. The Related Party loan had been due for final repayment no later than 31 October 2020.

**Attached is the Appendix 4C Quarterly Cash Flow Statement for the three months ending 30 September 2020.**

Yours faithfully,

Paul R. Simmons  
Managing Director
