### POST REPORTING PERIOD HIGHLIGHTS

Subsequent to the end of Q3, 2020 the Company achieved a number of significant outcomes as announced to market.

### Funded for Expansion into Mobile and Continued Growth

With CPS Capital as Lead Manager, Mogul raised \$8m in a significantly oversubscribed placement (*ASX Announcement 14 October 2020*), with Tranche 1 totalling \$5 million settled on 26 October 2020 and Tranche 2 totalling \$3 million subject to shareholder approval at the Company's General Meeting anticipated to be held in late November. Mogul is now fully funded for at least the next 24 months. This puts Mogul in a strong position when negotiating major partnerships with large brands and publishers.

Immediate use of funds includes investment in:

- e-commerce and digital sales expertise
- scaling product and engineering resources
- data analytics

As per Company Presentation (*ASX Announcement 14 October 2020*) Mogul will also apply funds to the continued development of its mobile application (IOS and Android) with the goal of deploying feature parity with its web offering. Strategically, with no native mobile tournament solution currently in

the market globally, the Company sees a significant first mover advantage. Mobile adoption is growing exponentially compared to PC and Console gaming with some of the biggest esports titles already exclusively mobile. Mogul has commenced engagement with major mobile-only game publishers and will update the market as those discussions unfold.

### **NASDAQ-listed Super League Gaming Inc Strategic Partnership**

Shortly after the end of the quarter the Company announced a strategic partnership with NASDAQ-listed Super League Gaming Inc (Nasdaq: SLGG) (*ASX Announcement 22 October 2020*). Super League Gaming's technology suite includes patented, AI-powered streaming technology. Mogul and Super League Gaming have commenced joint business development activities in multiple regions globally, to partner on revenue-generating opportunities by providing end-to-end solutions for brands through esports tournament activations and streaming. Mogul will keep the market updated on material business activities as they come to light.

### **Board Renewal Completed and World Class CEO Appointed**

The Company concluded a global search to renew the board and appoint a CEO.

Kate Vale, ex Google, YouTube, Spotify Managing Director, joined the Mogul board (*ASX Announcement 3 August 2020*). The Los Angeles based expat brings a unique blend of relevant global networks and extensive experience in scaling technology businesses within complex ecosystems. Kate has significant executive experience in digital, sales, marketing, business development and growth which will offer incredible support to Mogul's growth plans.

Michael Rubinelli commenced as Chief Executive Officer (*ASX Announcement 6 August 2020*). A former Electronic Arts, Midway and Disney executive, Michael brings significant experience in executive leadership, product development and revenue growth. The San Francisco based gaming and technology leader has a successful track record in large corporates as well as startup expertise ideal to lead Mogul's stage of growth.

Following these appointments, and in line with previous announcements, the Company announced Gernot Abl's move to Non-Executive Chairman and acknowledged the contribution of retiring Chairman and Non-Executive Director, Adam Jacoby (*ASX Announcement 10 September 2020*).

The Company is extremely well structured with significant global experience in esports, gaming, media entertainment and technology scale-ups led by world class management and board.

### **Mogul Revenue Model: Destination for Brands and Gamers**

During the quarter the Company has worked extensively with its partners and gamer communities on refining the Mogul offering. Esports remains the fastest growing segment in the \$160 billion gaming industry. Brands contribute over 75% of the \$1.1 billion global esports revenue<sup>1</sup>. The market opportunity for Mogul is to focus on Brands to the benefit of Gamers. **The Company has commenced generating**

**revenue from Brands paying Mogul to create unique sponsorship-driven esports experiences for players.**

Building upon our world class online tournament technology, Mogul has further developed its tournament-as-a-service offering for global brands, advertisers and agencies. Focussed on scaling through continuous improvement in automation, user-generated content and community Mogul aims to deliver the best esports community for Gamers. This now includes adding capacity to include world class AI powered broadcast, streaming and content creation into its online tournament events (*Super League Gaming Inc, ASX Announcement 22 October 2020*).

This model has seen significant inbound interest from Publishers and Brands and we look forward to updating the market in due course.

**Mogul Esports Marketing Funnel: Branded Hubs**

In a market yet without a leader in esports advertising, Mogul's Branded Hubs continue to deliver a point of difference. Hubs provide brands with an omni-channel esports funnel, using digital esports events as an effective marketing funnel. The Company successfully partnered with SEA football powerhouse, Buriram United on the launch of their branded hub (*ASX Announcement 1 September 2020*) connecting their Club to the Thai gamer audience. This 12 month partnership will run tournament engagement across both PC and Mobile titles.

**Game Publishers**

The Company has continued to develop its relationship with the world's largest Game Publishers. Aligning with publishers on putting players first, the Company will continue to invest in relationships with global publishers. The appointment of Michael Rubinelli as CEO has added significantly to the Company's publisher network.

Mogul's integration with Fortnite (*ASX Announcement 22nd September 2020*) is a significant competitive advantage that will benefit our gamers and brands. Currently, each Fortnite battle royale game is played as a last-player-standing-wins contest starting from 100 random entrants. Access to Fortnite's custom match-making combined with Mogul's best-in-class, free-for-all tournament variant format allows Mogul to offer rarefied pro-level tournament experiences for our brands and enthusiast gamers. This functionality also brings additional opportunities for dynamic broadcasts, enabling a great experience for players and fans.

For Age of Empires II gamers the battles continue on mogul.gg under our year long series with Microsoft (*ASX Announcement 16 April 2020*). The benefits of integration of this Microsoft title has provided the Company with a great case study for other publishers and brands, presenting opportunities in different regions the Company will update the market with, in due course.

The Company notes that in Q3 2020, the Company paid \$97,070 to directors of the Company in fees, salaries and superannuation.
