Activity report and Appendix 4C for quarter ended 30 September 2020

IncentiaPay Ltd (**ASX:INP**) is pleased to provide the following update for the quarterly period ended 30 September 2020.

Financial Highlights

- \$5.50 million of cash receipts from customers
- \$4.91 million in the bank at the end of the quarter
- \$0.50 million of debt drawn down from Suzerain Investments Holdings Limited (**Suzerain**)
- \$0.22 million of debt drawn from Skybound Fidelis Investment Limited as trustee for the Skybound Fidelis Credit Fund (**SFCF**) for growth initiatives
- \$34,000 in operating cash surplus

Operations Highlights

- Cash inflows have been impacted by Covid-19 and historical seasonality and hence has declined from Q4 last year
- Suzerain entered into a Convertible Loan Deed with the Company to provide Suzerain the option to convert \$9.825 million of unsecured debt to equity, subject to shareholder approval
- Announced a Share Purchase Plan which subsequently raised \$531,729 to assist with ongoing business investment and transformation
- Continued to focus on cash management in an uncertain macroeconomic environment

Operational Update

The start of Q1 initially saw a continuation of sales revenue slowly returning with many states easing Covid-19 restrictions. However, with subsequent lockdowns in Victoria and New Zealand, coupled with a decline in consumer sentiment, capacity restrictions across many states, and historical seasonality, membership sales revenue was significantly depressed in the quarter.

The Company continued to focus on its technology transformation and during the quarter, announced a strategic partnership with Paywith, an innovative fintech company with a proven track record in building game changing offer syndication, payments, and rewards solutions.

This is a key step forward in the Company's transformation strategy, with an impending product suite to transform the value proposition for our members, merchants and not-for-profits.

Further, the Company has continued to manage costs consistent with the uncertain macroeconomic environment caused by Covid-19.

Convertible Loan Facility

As announced to the market on 29 September 2020, the Company reached an agreement to replace the Suzerain unsecured loan with a convertible loan, subject to shareholder approval. The loan will convert at Suzerain's election at the greater of \$0.0275 per share or a 20 per cent premium on 30-day Volume Weighted Average Price (VWAP).

As previously announced on 5 June 2020, a new facility agreement was entered into with SFCF. The facility is for specific capital projects related to the Company's planned technology transformation.

Share Purchase Plan (SPP)

The Company's Share Purchase Plan (SPP) that was announced to the market on 29 September 2020, successfully closed on 14 October 2020. There were 62 valid applications received from eligible shareholders and a total of 20,451,096 new shares were issued. All shareholder subscriptions were accepted.

The new shares were issued at a price of \$0.026 per share with the SPP raising approximately \$531,729. The proceeds will be used for working capital and the Company's ongoing business transformation.

Cash Position

Net cash from operating activities was \$34,000 for the period compared to \$1.399 million in the previous quarter, driven predominantly by the impact of Covid-19 on membership sales and historical seasonality.

Net cash used in investment activities of \$558,000, was predominantly for technology development initiatives, compared to \$55,000 used in the previous quarter.

Payments to Related Parties of the Entities and their Associates

\$90,000 was paid to Leisurecom Group Pty Ltd, an associated entity of Suzerain, for outsourced tele-sales services.

Outlook

The Company's cash inflows are historically seasonal, with the majority of revenues ordinarily received between February and July of any given year. Accordingly, due to the timing of the year and recent Covid-19 restrictions, the Company is not expecting to see materially increased sales revenue until Q3.

The Company is predominantly focussed on the following priorities; its technology transformation project in partnership with Paywith, the enhancement of its sales and marketing strategy, the transformation of its customer service function, and a continued focus on Company culture, people and well-being.

There has also been an increased focus on the Company's Merchant partner acquisition strategy and a significant focus on reviewing and expanding the Company's Member strategy to deliver greater value and loyalty.

The Company continues to be vigilant with regards to costs and cash flow management given the macroeconomic uncertainty caused by Covid-19.
