**Thursday, 29 October 2020** - [Identitii Limited](#) (Identitii, Company) (ASX:ID8), the award winning RegTech improving financial crime compliance without replacing existing systems, releases its Appendix 4C for the three months to 30 September 2020 and provides an update on its progress during the period.

### Commenting on the quarter, Identitii CEO, John Rayment said:

“The end of Q1 FY21 coincided with the end of my first six months as CEO of Identitii, and I’m thrilled we delivered investors a number of key milestones during that period, including a five-year agreement with Mastercard which validates our new strategy and provides the first of many new customer engagements I am conscious the market has been waiting for. I’m also pleased that we announced our first live project in that Mastercard partnership in October.

A key focus for Q1 FY21 was landing our new company strategy, which we built using data and insights from months of brand-new sales calls with direct and partner sales opportunities, government and industry bodies, and other relevant stakeholders. The result is a well-informed plan, that leverages technology we’ve already built, relationships we already have, and growing pressure from governments and customers all over the world - that is driving significant focus and investment in the space we want to be successful in.

On our financial performance, last quarter we indicated that we would hold onto the significant reductions in our cost base (from Q1/Q2 FY20), so I'm pleased to confirm that cash outflows from operating activities of \$1.279 million were down 9% from previous quarter (Q4 FY20 \$1.399 million). Additionally, cash receipts from customers of \$0.271 million were up 48% from previous quarter (Q4 FY20 \$0.183 million). As with the previous quarter, we again benefitted from the various Federal and State Government stimulus packages offered to businesses impacted by COVID-19.

The other huge step forward we made in Q1 was being awarded ISO 27001 certification. This was a vital and important step in the development of our Overlay+ platform as it reduces the time and resources required to deliver projects, expands our potential customer base and helps us shorten the time it takes to win new customer deals.

To finish I'd like to say thank you to all of our investors for supporting us as we move into a new financial year and look forward to being able to provide more updates in due course."

### Placement

On 24 July 2020, Identitii announced it had successfully raised an additional \$1.908 million, further extending its runway.

The funds were raised by placing 27,259,400 Residual Shortfall Shares reserved under clause 2.18 of the Entitlement Offer prospectus. 85% of existing Identitii team members participated in the placement, which was offered to current team members. The placement was not available to Directors.

### Operational progress

#### Identitii signs Master Services Agreement with Mastercard

On 24 August 2020, Identitii announced that it signed a five-year Master Services Agreement (MSA) with Mastercard. The MSA provides the opportunity for Identitii to sell software and services to any Mastercard business globally.

The MSA was the first step towards agreeing specific projects between the two companies, which are set out in Statements of Work (SOW). The first SOW was announced following the end of the quarter and is worth \$0.784 million to Identitii. Under the SOW, Overlay+ will be used to enable the secure sharing of financial crime compliance information within Mastercard's cross-border payments network.

Further SOW's are expected but have not yet been agreed.

## Identitii Awarded ISO 27001 Certification

Identitii was awarded ISO 27001 information security certification, following a rigorous information security audit and risk assessment run by external auditors. Certification further validates our new RegTech go-to-market strategy and increases customer opportunities for Identitii, by demonstrating the Company has protocols in place to offer 100% cloud-based solutions, reducing time and resources required to deliver projects, and expanding the types of information Overlay+ can process.

ISO 27001 is the International Organisation for Standardisation's set of best practices that govern how companies obtain, use and manage information such as financial information, intellectual property, employee details or information provided by customers. Certification is awarded by external auditors following a rigorous information security audit and risk assessment that demonstrates an ongoing commitment to managing and protecting company and client data.

## Identitii in the industry

Identitii conducted a number of targeted go-to-market activities aimed at increasing demand for its Overlay+ platform among key target markets. These included:

### Top Five Technology Challenges Facing AUSTRAC reporting entities

Identitii published a new discussion paper looking at the top five technology challenges facing AUSTRAC reporting entities. The paper examines the challenges faced by financial institutions when trying to ensure accurate and timely reporting to the regulator and how they are driving us toward a more streamlined and automated process for reporting. You can download the whitepaper from Identitii's website.

### Identitii hosts AUSTRAC Reporting in 2020 roundtable

In September, Identitii hosted Genevieve Noakes, Head of Compliance at Transferwise, and Paddy Oliver, Founder of AML Experts, a law firm that advises financial services businesses about AUSTRAC compliance, at a virtual roundtable discussing AUSTRAC reporting in 2020. The Roundtable, which also featured John Rayment and Ben Buckingham from Identitii, was viewed by AML and compliance professionals from domestic and international financial institutions. The roundtable forms a key part of Identitii's ongoing sales and marketing strategy.

### RegTech Asia 2020 – John Rayment, CEO, featured on regulatory reporting panel

RegTech Asia is one of Asia Pacific's leading RegTech events, hosting over 1,000 compliance and regulatory professionals from across the region. John Rayment was featured on a panel with PWC and Vizer, discussing changing reporting requirements amid the pandemic, the challenge of using legacy technology and manual processes

to manage reporting and best practices to implement new technologies and implement change. The session was attended by over 350 delegates.

### **Identiitii Wins Global RegTech Competition**

Following the end of the period, Identiitii won the Sibos Discover Pitch Perfect Competition, which was designed to help promote innovative FinTech and RegTech companies to more than 22,000 C-suite and business decision maker delegates representing 10,000 institutions from 212 countries.

The Sibos event, run by SWIFT attracted 11,500 delegates in 2019 when it was run in-person in London. This year it attracted over 22,000 to the virtual event. It is a unique opportunity to significantly increase brand awareness, progress sales conversations and drive new business development activities for Identiitii.

### **Accelerating the sales cycle**

#### **Using industry programs and accelerators to speed new customer engagements**

Identiitii has entered a number of industry accelerator programs and competitions to help speed up the sales cycle. These programs are run by financial institutions or industry bodies and are designed to make it easier for technology vendors to engage with banks. Below is a list of programs Identiitii entered in Q1 FY21:

- Citi Mega FinTech Accelerator: Identiitii has been selected as one of 12 finalists, out of over 3,500 applications, for an accelerator program run by Citi. The winners will work with Citi on a proof of concept to solve a specific pain point in Citi's business. Identiitii is currently engaging with sponsors from Citi in preparation for a pitch to the bank in November.
- RegTech Association and NAB Collaboration: NAB asked Australia's RegTech Association to help it organise a competitive pitch which allows RegTech's to demonstrate to the bank how they solve particular regulatory reporting challenges. Identiitii was selected as a finalist and is progressing towards a pitch to the bank in October.
- Sibos Discover Pitch Perfect competition: Sibos is the world's largest financial services event, with over 22,000 delegates attending the virtual conference in October. Entering the competition provided Identiitii with a global platform for brand awareness and substantially expanded its reach into 212 countries and over 10,000 companies globally. Following the end of the quarter, Identiitii won the category of society and humanity for its work to help reverse the correspondent banking decline.

Programs entered after the end of the quarter include:

- Regulation Asia Awards for Excellence: Shortlisted as finalist
- Deloitte Fast 500 APAC: Submitted

## Corporate and financial summary

### Cash flow and cash balance

Cash receipts from customers of \$0.271 million were up 48% from previous quarter (Q4 FY20 \$0.183 million), primarily due to the previous quarters short-term delays in professional services contracts impacted by COVID-19. Cash outflows from operating activities of \$1.279 million were down 9% from previous quarter (Q4 FY20 \$1.399 million).

The Company also benefitted from the various Federal and State Government stimulus packages offered to businesses impacted by COVID-19. This included JobKeeper and the Cashflow Boost program, as well as the deferment of all ATO payments until Q2 FY21.

Payments made to related parties during the quarter were directors' fees.

Identitii held \$1.726 million in cash as at 30 September 2020.

### Use of funds comparison table

In accordance with ASX listing rule 4.7C.2, please see below the use of funds comparison table showing actual spend to 30 September 2020 (Q1 FY21) as compared to the expected use of funds table provided in its initial listing prospectus lodged on 16 October 2018.

The Company's total use of funds for the period from listing and ending 30 September 2020 was \$18.9 million. This was made up of \$11.0 million cash raised at IPO and an additional \$7.9 million of cash receipts from customers, government grants, borrowings and additional cash raised through the issue of shares.

**Figure 1: Comparison table of actual expenditure compared to the use of funds**

	Use of funds estimate \$ million	Actual use of funds (a) \$ million

<b>Total use of funds</b>	<b>11.0</b>	<b>18.9</b>

(a) *Total cash receipts not included in actual use of funds* 9.3

Of the \$11.0 million raised at IPO, Identitii spent less than estimated on further product development and commercialisation and more on research and development activities. The increased spend on research and development was due to increased demand for new products and solutions from current and prospective customers.

This announcement has been approved and authorised to be given to ASX by the Board of Identitii Limited.
