Dear Sir/Madam

APPENDIX 4C: QUARTERLY COMMITMENTS REPORT

Yellow Brick Road Holdings Limited (“YBR” or the “Company”) attaches the Company’s Appendix 4C Report for the quarter ended 30 September 2020.

EXECUTIVE SUMMARY

Areas to highlight for the three months ended 30 September 2020 are as follows (with comparisons to last quarter):

- YBR had cash balances at 30 September 2020 of \$10.9m, slightly lower than \$11.3m at the end of the prior quarter. In Q1, YBR was due to receive the second tranche of \$479k cash from the sale of its wealth business; however, the funds were not reflected in the company’s bank account until 1 October.
- The Net cash flow from operating activities was -\$1.3m (Q4 FY2020 \$2.7m). The decreased cashflow resulted from a combination of lower Net Receipts which was partly due to timing differences between the receipt of commissions from lenders and corresponding payment to brokers, the repayment of \$0.7m of Q4 deferred PAYG and BAS tax payments under the Governments COVID-19 measures, \$0.8m in payments for the acquisition of loan books and \$0.6m repayment of non-current creditors.
- Operating Outflows (excluding branch and broker share of revenue) increased by 39% to \$6.17m (Q4 FY2020 \$4.45m) primarily reflecting the payments referred to above.
- During Q1, YBR received the second tranche of \$2m cash receipt from the sale of its 50% equity interest in Smarter Money Investments Pty Limited in July 2020. In addition, \$150,000 was received following the sale of the Company’s general insurance business in August 2020.
- Borrowings reduced to \$4.2m in Q1 following a \$1.0m repayment in July 2020.
- Underlying Loan Book decreased slightly by 0.8% to \$49.8b (Q4 FY2020 \$50.2b)

For details please see the attached financial commentary and Appendix 4C.

Kind regards

Sean Preece

Consolidated statement of cash flows	Current quarter \$A'000	Year to date (3 months) \$A'000
--------------------------------------	----------------------------	---------------------------------------

(1) The Company receives general insurance premiums from clients and remits these to underwriters between 60 and 90 days after receipt. The difference between premiums received and paid is recorded as an underwriter deficit or surplus. As a consequence of these timing differences, payment to underwriters in the period were greater than receipts from clients by \$75,000.

Net operating cash flows (carried forward)	(1,319)	(1,319)

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
