

QUARTERLY ACTIVITIES REPORT

For the period ended 30 September 2020

CAPE HARDY STAGE I PORT DEVELOPMENT

Project Commercialisation

On 24 September 2020 Iron Road Ltd (ASX: IRD, Iron Road or Company) announced that Macquarie Capital had entered into a Joint Development Agreement (JDA) with the Company and Eyre Peninsula Co-operative Bulk Handling (EPCBH)¹. The JDA provides the framework to advance development and financing plans for the proposed \$250 million Cape Hardy Stage I multi-user, multi-commodity port facility, including defined steps for securing of equity and debt capital. Macquarie will also provide financial advisory services to the Project with Financial Close targeted by Q3 2021.

During early October 2020 Iron Road advised that all conditions precedent to the JDA had been satisfied, allowing Macquarie and Iron Road to move into the first phase of the project's Development Plan with both parties obliged to pay their respective shares of budgeted costs.

As a key priority, the developers re-commenced engagement with various stakeholders on the Eyre Peninsula including presenting at public meetings arranged by the Port Neill Progress Association and the Tumby Bay and District Community Consultative Group. The developer parties also presented the project to attendees at the EPCBH AGM in Cleve, which attracted more than 80 growers. These presentations and discussions are part of a well-established and continuing grower and community consultation process.

Local farmer Mark Pfitzner, Andrew Newman, Division Director, Macquarie Capital, Larry Ingle, CEO, Iron Road and Tim Scholz, CEO, Eyre Peninsula Co-operative Bulk Handling on the headland at the Cape Hardy port site.

In addition to community stakeholders, the developers have met with several South Australian State government politicians including Hon. Steven Marshall, Premier, Hon. Vickie Chapman, Deputy Premier, Hon. Rob Lucas, Treasurer, and Hon. Corey Wingard, Minister Infrastructure and Transport. The Company has further engaged with the Leader of the Opposition, Peter Malinauskas MP, Tony Shepherd AO, and Jeremy Conway, InfrastructureSA, Tony Braxton-Smith, Chief Executive, Department of Infrastructure and Transport and various representatives from the Department of Trade and Investment.

Other major steps leading up to Financial Close will include finalisation of the Development Plan Consent in addition to concluding detailed marine and landside facility designs and subsequent construction tenders.

Introductory meetings have concluded with several short-listed Design and Construct contractors, and various service providers and consultants relating to project support have either been appointed or provided with scopes of work and invited to present their proposals.

Approvals

The EIS Amendment with the South Australian State government continued to progress and allows for construction of a port at Cape Hardy to be staged. Stage I will be designed and constructed to allow for Panamax vessels, with handling for both grain and other goods (including minerals). Stage II will involve expansion of the jetty and wharf to allow for Cape-class vessels and the export of iron concentrate and other bulk mineral commodities.

Corporate

Iron Road and Macquarie entered into an agreement that, subject to satisfaction of the conditions precedent to the JDA and other procedural conditions, permitted the issuance of a total 40 million Iron Road warrants with vesting contingent on Financial Close and commercial operations being achieved. An initial 25 million tranche is exercisable from Financial Close with the second 15 million tranche exercisable from the Commercial Operations Date (COD). All warrants provide the holder with a right to acquire shares in Iron Road and have an exercise price of \$0.075 - equivalent to Iron Road's last rights issue offer price - and will expire 24 months post COD.

The Company also agreed to grant Macquarie the right to participate in up to 20% of any share placement conducted by Iron Road for a period up to 12 months commencing in the lead up to Financial Close. As part of the agreement, Macquarie secured certain co-development rights, consultation rights and formal rights of first refusal with Iron Road with respect to the future development of the Cape Hardy port precinct, including an integrated port development involving the Central Eyre Iron Project (CEIP) and green hydrogen potential.

Iron Road's Appendix 5B includes amounts in item 6.1 representing the payment of non-executive director fees. The Company's quarterly cashflow report includes expenditure on exploration and evaluation activities of \$295k relating to maintaining the Company's mining lease rental and exploration licences.

The Company's major shareholder, Sentient Global Resources Fund IV, L.P. provided additional financial support via an increase of \$1,400,000 in funding capacity under the Company's current loan facility. The loan facility bears a zero rate of interest and has had its maturity extended to 31 March 2021.

Tenement Schedule - 30 September 2020

South Australia	Tenement Reference	Interest
Warramboo	ML6467	100%

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
