Prior to 23 October 2020 Berkley Insurance Australia consented to be joined as a party to the proceedings.

Suspension from trading on ASX

Molopo's shares have been suspended from trading since 27 July 2017 due to the level of its operations not being, in ASX's opinion, sufficient to warrant the continued quotation of its securities in compliance with Listing Rule 12.1.

As previously reported, the Company is not pursuing any new oil and gas activities (outside of those which it indirectly holds via its 30% interest in Drawbridge) at the present time.

Following a previous application to ASX by Molopo, the ASX confirmed an extension to the deadline for Molopo's removal was on the basis that it afforded Molopo the opportunity to demonstrate to ASX that it is in the 'final stages' of implementing a transaction that will lead to the resumption of trading of its securities. For these purposes, being in the 'final stages' of implementing a transaction means that the Company has completed the requirements referred to in ASX Guidance Note 33.

The ASX has now considered the Company's further submissions on the progress of Molopo's Victorian Supreme Court proceedings against former Molopo directors. Given the present circumstances, the ASX has agreed to further extend the deadline from 1 September 2020 to 28 February 2021 to afford Molopo the opportunity to demonstrate to ASX that it is in the 'final stages' of implementing a transaction that will lead to the resumption of trading of its securities.

Whilst the Current Directors recognise that this is extremely frustrating for shareholders, the Molopo Board will address the Company's listing on ASX once the litigation proceedings against the Former Directors are completed. The Board will then consider and address the issue further before that date.

Takeovers Panel Variation Orders

On the application of Aurora Funds Management Ltd (Aurora), the Takeovers Panel has varied the original July 2017 orders to stay the sale of Aurora's Molopo shares vested in ASIC until the Victorian Court proceedings against Former Directors are resolved and any appeal rights have lapsed. Full details of the variation orders are contained in the Media Release of the Takeovers Panel No: TP20/56 announced to ASX on 18 September 2020

Drawbridge Operations

As reported in the June 2020 quarterly activities report, Molopo received financial statements and an operations report for 1Qtr-2020 from Drawbridge. No further financial statements or operations report have been received in the September quarter.

Capital, Operating Expenses and Financial Reporting

Molopo held AU\$9.029 Million in cash reserves at the end of the September 2020 quarter, which excludes any interest in cash remaining in Drawbridge, as this cannot be verified.

Operating expenses during the quarter were AU\$916k which mainly comprised of legal fees associated with the legal proceedings undertaken by Molopo against the Former Directors in Australia, and legal fees in respect of proceedings against parties associated with Drawbridge entities in the USA, and insurance costs. Fees paid to related parties during the quarter were in relation to Director fees and superannuation.

Fraudulent Email Investigation

As recently announced to the ASX it has come to the attention of the Molopo Board that a payment in the sum of AUD670,800.19 initiated by the Company through its bank to a legitimate creditor has been misdirected to a third party account. The account details were advised to the company through what appeared to be a legitimate email communication from the creditor which was subsequently identified as a suspected fraudulent email communication. The Company is attempting to trace the fictitious email and banking details and will advise further when information is available.

Legal actions

Molopo Energy Canada Limited - Molopo has not been advised of any material changes to the status of the Canadian legal action brought by the plaintiff, which is proceeding.

Drawbridge Energy Holdings and others – Molopo's legal action in the USA against the Drawbridge group of companies in the District Court of Texas has been finalised on the basis of an Agreed Judgment, whereby the Court made orders, inter alia, for Drawbridge to:

1. deliver regular financial and operational reports to Orient FRC within specified timeframes.
2. notify Orient FRC of any signed term sheet, letter of intent or other agreement to acquire/divest or otherwise deal with Drawbridge assets; and
3. provide Orient FRC reasonable access to Drawbridge's financial, accounting and operational records for review and/or audit.

The orders finalise and discontinue the proceedings against the Drawbridge group of companies.

September 2020: Mining exploration entity quarterly activities report

In accordance with the orders Molopo is seeking to gain access to Drawbridge to review the financials and operations reports in respect of the Drawbridge group activities.

Former Directors – as reported above Molopo continues to vigorously pursue its claims in the Supreme Court of Victoria against the Former Directors of the Company (which now includes the Estate of the Late Samuel Belzberg) and remains confident that this will result in a successful recovery against the Former Directors.

Molopo will continue to provide updates in accordance with its continuous disclosure obligations in relation to the timetable and progress as the litigation proceeds.
