BrainChip Holdings Ltd Quarter Update

Attendant to the Company's Form 4C Lodged for the September 2020 Quarter

Sydney, Australia – 29 October 2020 – [BrainChip Holdings Ltd](#) (ASX: BRN), a leading provider of ultra-low power high performance AI technology, today provides the following update in conjunction with its Form 4C lodged for the quarter ending 30 September 2020.

The Company ended the September quarter with US\$12.2M in cash. Subsequent to the quarter the Company increased its cash balance and as of 26 October had a cash balance of US\$20.3M. Cash inflows included proceeds from the Put Option Agreement with LDA Capital as well as the exercise of employee and investor stock options.

During the quarter the Company had operating expenses of US\$2.2M compared to US\$1.9M in the prior quarter, excluding a cash in-flow of US\$403,000 from a research and development refund associated with the Company's operations in France. The increase in expenses was primarily to support the Company's validation of the Akida™ device and development of evaluation boards to support the Early Access Program as well as public company expenses associated with a significant growth in the Company's shareholder base.

As previously announced, the Company has entered into several agreements for its Early Access Program (EAP) including The Ford Motor Company, Valeo, Vorago Technologies and the National Aeronautics and Space Administration (NASA). The EAP provides engineering samples, evaluation boards and dedicated support to manufacturers that will evaluate the groundbreaking Akida neuromorphic processor. Fees to participate in the EAP are intended to cover the Company's expenses related to participants individual requirements.

Other developments during the September ended Quarter:

2 July 2020 - Akida™ Neuromorphic System-on-Chip (NSoC) wafer fabrication completed;

13 August 2020 - Company enters into an equity draw agreement with LDA Capital to provide the Company with up to A\$29 million in committed equity capital over the next 12 months which may be extended by the parties for a further 12 months;

This announcement is authorised for release by the BRN Board of Directors.

About Brainchip Holdings Ltd (ASX: BRN)

BrainChip is a global technology company that is producing a groundbreaking neuromorphic processor that brings artificial intelligence to the edge in a way that is beyond the capabilities of other products. The chip is high performance, small, ultra-low power and enables a wide array of edge capabilities that include on-chip training, learning and inference. The event-based neural network processor is inspired by the spiking nature of the human brain and is implemented in an industry standard digital process. By mimicking brain processing BrainChip has pioneered a processing architecture, called Akida™, which is both scalable and flexible to address the requirements in edge devices. At the edge, sensor inputs are analyzed at the point of acquisition

rather than through transmission via the cloud to a data center. Akida is designed to provide a complete ultra-low power and fast AI Edge Network for vision, audio, olfactory and smart transducer applications. The reduction in system latency provides faster response and a more power efficient system that can reduce the large carbon footprint of data centers.
