

29 October 2020

ASX RELEASE

30 September 2020 Quarterly Report

Lake Rebecca Gold Project

- *Geological and geophysical targeting study identifies numerous areas totalling over 100km² which are highly prospective for gold*
- *Rebecca Complex geology hosting >1Moz gold also identified in Bulletin's ground*
- *Multiple gold trends identified which are considered important in supporting the potential for additional gold mineralisation*
- *RC and lake AC drilling of new high priority targets planned to commence in the upcoming quarter*

Geko Gold Project

- *Bulletin received the 30 June quarterly production royalty entitlement of \$537,363 from the Geko gold mine during the quarter*
- *Bulletin's royalty entitlement of \$537,363 is reduced by \$178,248, representing part of the capped acquisition payable of \$3.25M, for a net receipt of \$359,115*
- *Ongoing royalties to Bulletin expected each quarter as mining continues at the Geko gold mine*

Corporate

- *Cash and investments totalling \$1.39M at the end of the quarter*

The Board of Bulletin Resources (ASX: BNR, Bulletin) provides the following Quarterly Report for the period ending 30 September 2020.

Lake Rebecca Gold Project (80% BNR 20% MAT)

During the quarter Bulletin conducted a geological and geophysical targeting review which defined numerous priority exploration target areas encompassing over 100km² of ground prospective for gold mineralisation (Figure 1).

Bulletin's 576km² Lake Rebecca project (BNR 80%; MAT 20%) is located 150km east north-east of Kalgoorlie, Western Australia and is immediately along strike of Apollo Consolidated Limited's ("Apollo"; ASX: AOP) 1.03M oz Rebecca gold project (refer ASX: AOP announcement dated 10 February 2020).

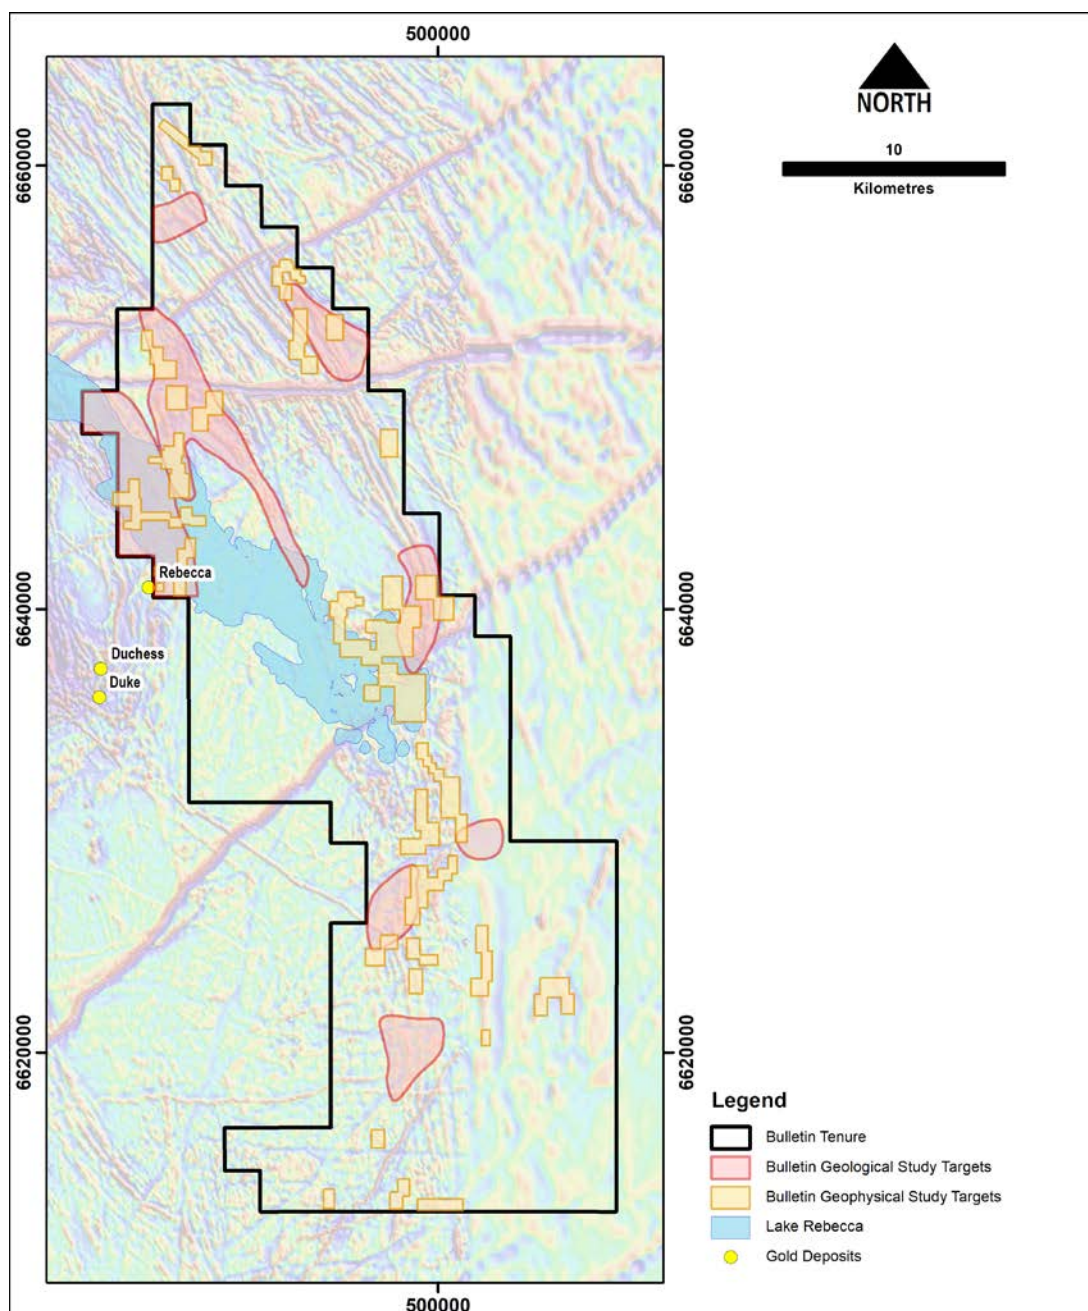

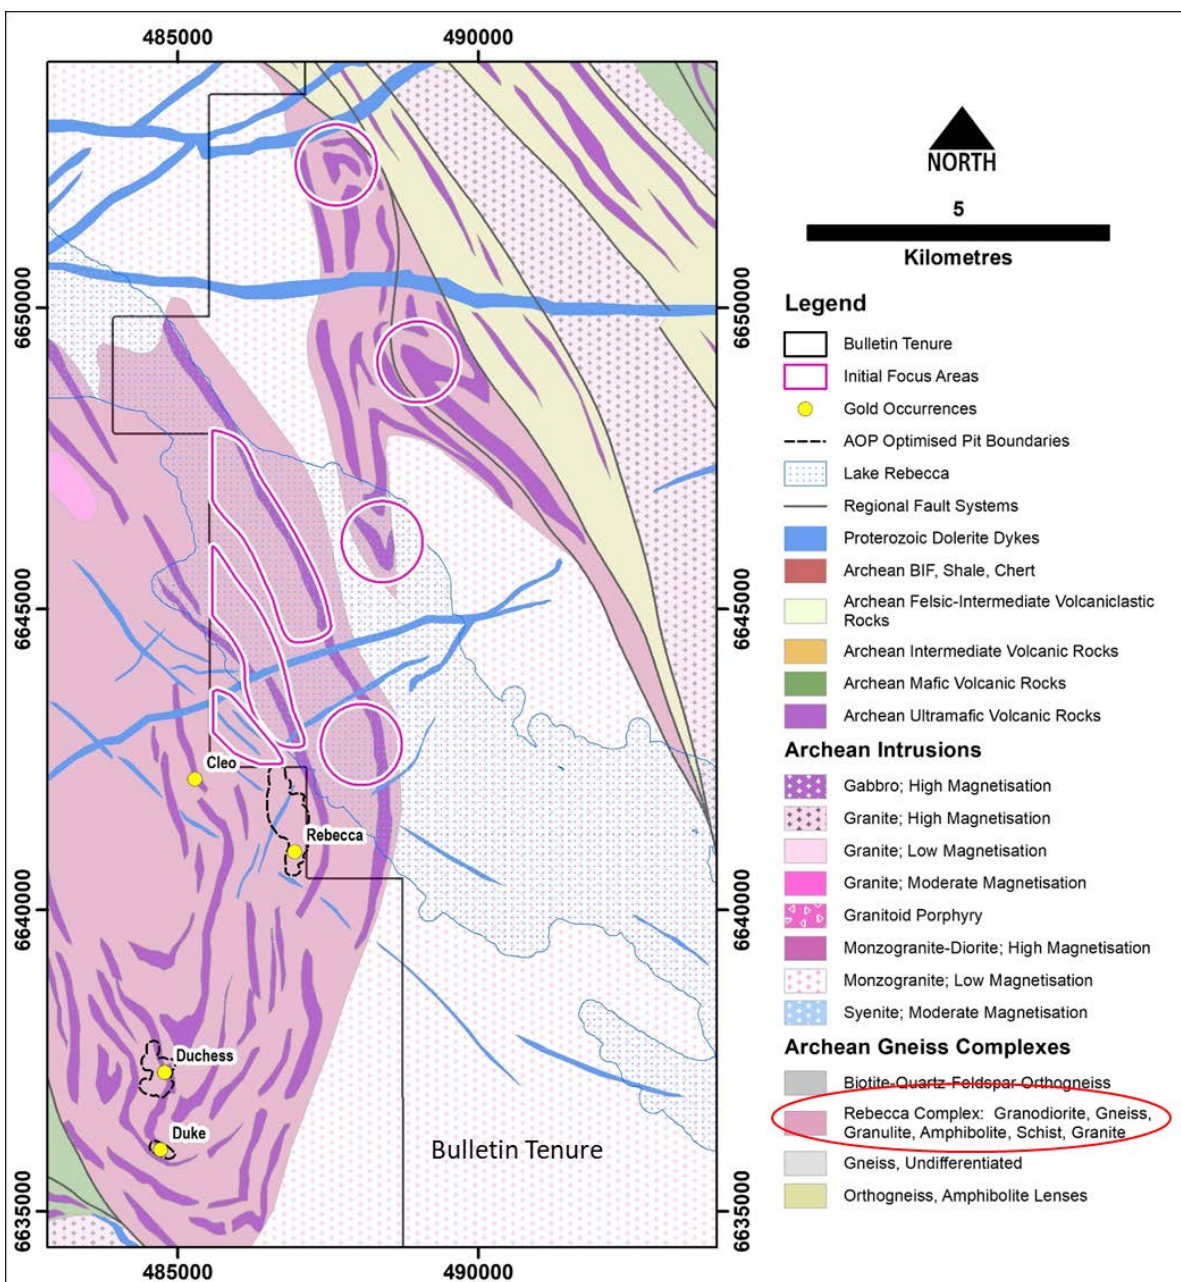

Figure 1: Priority target areas within BNR's Lake Rebecca Project total over 100km²

A key finding of the study was the recognition of the informally named “Rebecca Complex”. This geological unit is described as a high metamorphic grade complex comprising felsic to intermediate granodiorite, gneiss and granulite, amphibolite, mafic-ultramafic schist, granitoid and pegmatite. It hosts all of AOP’s gold deposits which exceed 1Moz of gold, as well as Bulletin’s drill intercepts to date including **1m @ 19.1g/t Au** and **9m @ 1.41g/t Au** from wide spaced drilling. Importantly, this same unit is recognised in Bulletin’s ground both along strike of AOP’s deposits as well as further north where the Rebecca Complex is separated from the southern block by a late monzogranite intrusion (Figure 2) (refer ASX: BNR announcement dated 24 February 2020).

The study also recognised the importance of structural features for mineralisation, with folds or pronounced bends in lithology being associated with higher grade and thicker zones of mineralisation. All of the AOP deposits are located on or near a fold. Regional or large scale folds seen in magnetics are the initial focus areas for Bulletin. They are considered to potentially host large scale gold deposits similar to those discovered in adjacent AOP

ground. These fold targets are located along strike from the Rebecca deposit and extend into Lake Rebecca as well as to the north of the lake (Figure 2).

Drilling of the first target areas under the lake area will commence as soon as a specialised lake rig becomes available with drilling expected to commence in the upcoming quarter. RC drilling along strike of AOP's Rebecca is also planned for the new quarter. This drilling is planned to infill existing wide spaced drilling and to test for extension of the mineralised Rebecca gold trend further north.

Background

Lake Rebecca comprises four granted and one pending Exploration Licences over a 576km² area. It is located approximately 150km east north-east of Kalgoorlie, WA. The project is located in the southern part of the Laverton Tectonic Zone, a regional scale shear/fault system that is one of the more productive gold trends in the WA Goldfields which hosts the Sunrise Dam, Wallaby, Red October and Granny Smith gold mines, amongst others. The tenements are adjacent to, and along strike of AOP's >1Moz Rebecca Gold project.

Geko Gold Project

During the quarter Bulletin received its first royalty from Habrok (Geko Pit) Pty Ltd ("Habrok"), the new owners of the Geko gold mine, following recommencement of mining of the Geko open pit in the June quarter.

Bulletin's royalty amounted to an entitlement of \$537,363. A payment of \$178,248 from the Bulletin royalty entitlement was made as part payment of the \$3.25M acquisition cost, resulting in a net amount received of \$359,115. The remaining capped consideration amount as per the acquisition agreement is now \$3.07M.

Habrok have advised that mining is ongoing, and as such Bulletin expects that quarterly royalty payments are expected to continue, with the next payment due by 31 October 2020.

Bulletin retains a royalty, profit share interest and joint venture interest in the Geko gold project. The royalty is entitled to be received each quarter. Bulletin's royalty entitlement is:

- (i) 10% of the first 25,000 oz Au produced;
- (ii) 4% of the next 60,039 oz Au produced; and
- (iii) 2% of all production over and above 85,039 oz Au.

The above royalty is deducted at a rate of 3.33% per ounce until the remaining capped consideration cost of \$3.07M is paid, after which no further deductions are made.

Bulletin retains a 30% profit share after an initial \$9 million threshold has been achieved by the mine and a 30% joint venture on the remainder of the mining tenement at Geko.

Financial Commentary

An overview of the Company's financial activities for the quarter ending 30 September 2020 (Appendix 5B) notes that:

Receipt of royalties from the Geko gold project amounted to \$537,000 with a deductible amount of \$178,000. Exploration expenditure for the reporting period was \$317,000, with all exploration undertaken at the Lake Rebecca gold project. Corporate and other expenditure amounted to \$85,000. The total amount paid to directors of the entity and their associates in the period (item 6.1 of the Appendix 5B) was \$50,000 and includes salary, directors' fees, consulting fees and superannuation.

Bulletin had cash and investments of approximately \$1.39 million as at 30 September 2020. Any expected royalty for the September quarter has not been included in the cash and investments on hand, as it will be received post quarter end.

Tenement Schedule

Tenement	Project	Interest at Beginning of Quarter	Interest at End of Quarter	Comment

Competent Persons Statement

The information in this report that relates to Exploration Targets and Exploration Results is based on information compiled by Mark Csar, who is a Fellow of The AusIMM. The exploration information in this report is an accurate representation of the available data and studies. Mark Csar is a full-time employee of Bulletin Resources Limited and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mark Csar consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

-

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments

Payment to directors and to Matsa Resources Limited for the provision of technical, accounting and administration services included in Item 1

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

7. Financing facilities

Note: the term "facility" includes all forms of financing arrangements available to the entity.

Add notes as necessary for an understanding of the sources of finance available to the entity.

7.1 Loan facilities

7.2 Credit standby arrangements

7.3 Other (please specify)

7.4 **Total financing facilities**

Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
-	-
-	-
-	-
-	-

7.5 **Unused financing facilities available at quarter end**

-

7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.

8. Estimated cash available for future operating activities**\$A'000**

8.1 Net cash from / (used in) operating activities (Item 1.9)

(31)

8.2 Capitalised exploration & evaluation (Item 2.1(d))

-

8.3 Total relevant outgoings (Item 8.1 + Item 8.2)

(31)

8.4 Cash and cash equivalents at quarter end (Item 4.6)

1,129

8.5 Unused finance facilities available at quarter end (Item 7.5)

-

8.6 Total available funding (Item 8.4 + Item 8.5)

1,129

8.7 **Estimated quarters of funding available (Item 8.6 divided by Item 8.3)**

36

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: N/A

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: N/A

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 29 October 2020

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
