

Qualitas Real Estate Income Fund (ASX: QRI) Appendix 4C and report on quarterly activities

30 October 2020: The Trust Company (RE Services) Limited (“RE”) as responsible entity of the Qualitas Real Estate Income Fund (“QRI” or “Trust”), released its cash flow report for the September 2020 quarter (Appendix 4C) and QRI Manager Pty Ltd (“Manager”) provides an update on the key areas of investment activity for the same period.

Investment activities – Quarter ending September 2020

QRI provides exposure to the Australian commercial real estate debt (“CRE”) market in a liquid, regular income¹ paying form with capital preservation characteristics. Each loan asset in the QRI portfolio is secured via a real property mortgage.

During the September 2020 quarter, the key investment activities undertaken by the Trust were:

- Investment activity comprised of 9 loans worth \$107m² settled (both new and extended) and \$51m³ of loan repayments (both partial and some full exits), which resulted in 89% of Trust capital deployed as at 30 September 2020.
- The Trust capital is now fully allocated⁴ to new investments including a new mezzanine construction loan which is due to settle in the upcoming months.
- Total loans in the portfolio increased from 33 to 35 loans of which 99%⁵ are senior loans with 100% exposure to Australia.
- Taking advantage of improved risk-adjusted opportunities in the market, the portfolio composition was repositioned, with investment loan exposure increased from 23% (June quarter) to 39% whilst construction loans and land loans were reduced to 12% and 28% respectively.
- Weighted LVR of the portfolio further reduced to 60% from 62% (June quarter) as a result of increased investment loans with lower LVRs.
- To provide flexibility to reinvest in a direct manner⁶, the Manager submitted a \$44.4m unit redemption request to the Qualitas Senior Debt Fund for redemption on or around January 2020.
- The Manager undertook ongoing monthly review of each loan having regard to the current pandemic risks. During the quarter, no impairments and no arrears were recorded, resulting in the Trust’s Net Asset Value (“NAV”) remaining stable at \$1.60 per unit.

¹ The payment of monthly cash income is a goal of the Trust only and neither the Manager or the Responsible Entity provide any representation or warranty (whether express or implied) in relation to the payment of any monthly cash income.

³ QRI exposure, look through to Qualitas wholesale funds.

⁴ Allocated to investments is where the Trust has allocated capital to an investment which is yet to be invested. The Trust’s capital is fully allocated to investments when accounting for a ~3% cash buffer which is currently held for liquidity purposes.

⁵ QRI loan portfolio only, excludes Arch Finance Warehouse Trust (“AFWT”) notes.

⁶ All investments including direct loans are made by the Sub-Trust. The Sub-Trust is wholly owned by the Trust.

- QRI has continued to deliver attractive and healthy premiums⁷ above the current low RBA Cash Rate of 0.25% p.a, achieving a 3-month net return and distribution return of 6.23% p.a. and 6.05% p.a. respectively which are within the current Target Return of 5.25% - 6.75% p.a.

Commentary on Appendix 4C cash flow

During the quarter, the Trust continued to receive regular monthly distributions in respect of its investment in the Qualitas Wholesale Real Estate Income Fund. Following payment of Trust expenses and loan obligations, the Trust also continued to distribute monthly payments to unitholders. There were no material one-off cashflows to note as either being received or paid during the quarter.

No payments were made by the Trust to related parties during the quarter. Related party payments made by the Trust historically and into the future, include payments to the Trust's Responsible Entity and Custodian.

⁷ The premium achieved is commensurate to the investment risk undertaken.
