Farmaforce Limited ("Farmaforce" or "Company") (ASX:FFC), a contract sales organization offering innovative solutions to the Australian Pharmaceutical Industry, is pleased to release its Quarterly Activity Report and associated Appendix 4C (Quarterly Cashflow Report) to the market.

Business Activities for the Quarter

The key highlights are:

- Cash balance stands in a strong position with a balance of \$2,086k at the end of the current quarter (Q1 FY21). This increased by \$1,492K when compared to the previous quarter (Q4 FY20: \$594k).
- An overall increase of 937% in operating net cash inflows for Q1 FY21. This represents a significant increase of \$1,350K compared to Q1 FY20 (Q1 FY21: net cash inflows \$1,494K; Q1 FY20: net cash inflows \$144K).
- Despite the impact of COVID-19, the Company successfully delivered a profit of \$350k for the first quarter of FY21 (Q1 FY21). This represents an increase of 127% (an improvement of \$1,623K in profit), which is a significant result for the Company when compared to this time last year (Q1 FY20) which delivered a first quarter loss of \$1,273k. The first quarter profit was driven by swift cost reduction measures that were initiated in 2HY FY20 and have been realized in the result for Q1 FY21.

Farmaforce has always focused on increasing sales capacity, innovating its business model from fee for service to a profit-sharing partnering model with its clients, and diversifying its sales reach across more medical specialties.

During the quarter, the Company has continued to realize the impact of new contracts and clients won in the previous quarters which has built a solid backlog and increased cashflow vs this time last year.

The Company was able to further cushion the impact of COVID-19 through government supplementary funds received in the current quarter. This supplementary funding will be invested into the Company's sales teams to drive the business into profitability in FY21.

Payments to Related Parties and their Associates (Refer section 6 of Appendix 4C)

During the quarter, the Company paid \$65K in relation to overhead reimbursements, consulting fees and directors' remuneration to its related parties and their associates.
