

Xped Limited

Company Update

Australian Internet of Things (IoT) and healthcare technology company, Xped Limited (ASX:XPE) ("Xped" or the "Company") is pleased to provide this market update regarding further progress and developments.

Healthcare Business

JCT Healthcare ("JCT"), a wholly owned subsidiary of the Company, is a provider of innovative technology solutions for the healthcare sector. JCT Healthcare develops and distributes its own range of nurse call hardware and software solutions for use across multiple healthcare sectors including hospitals, aged care, disability care and supported independent living.

JCT continues its expansion into delivering assistive technology solutions to independent living facilities. The market faces significant struggles when seeking government-funded aged care services and this rapidly growing market is one that JCT continues to pursue.

In keeping with JCT's vision to develop products that are both innovative and robust, the company understands that the solutions need to be flexible and tailored to meet the demands of customer needs.

Delayed customer deployments placed on hold as a result of COVID-19 restrictions have recommenced and the last quarter has seen significantly higher levels of engagement with existing and prospective clients.

JCT's Nurse Call Management System "NuCaMs" remains a core component of JCT's strategy with several migrations recently being completed.

JCT continues its work on identifying and developing new solutions for applications to further enhance its market presence. JCT plans to introduce location-based solutions in the next quarter to add to our product offerings.

The long-term outlook for JCT's business is strong. We are cautiously optimistic that we can return to normal operations going forward in this uncertain pandemic environment.

Legacy Issues

There has been no change since the last quarter. The final step in the remediation process for the Penola geothermal well is due to be completed in the coming quarters once we resume work due to the impact of COVID 19. Once completed, a \$100,000 security bond will be returned to the Company.

Xped Limited

ASX:XPE

Business Development and Others

As announced on 9 July 2020, the Company had entered into a termination agreement with Heuresy LLC and Heuresy Labs LLC in respect to the Technology Development Agreement ("Development Agreement"). Pursuant to the termination agreement, the parties agreed to i) terminate the Development Agreement and any obligations and claims arising therefore and ii) the Company shall pay Heuresy A\$360,000 or equivalent to about US\$250,000 for terminating the Development Agreement. The payment of the A\$360,000 shall be made as follows: i) A\$50,000 at completion, ii) A\$200,000 by issuance of a convertible note and iii) transfer all the shares in Xped Holdings Limited which holds certain patents and the ADRC technologies ("Technologies") to Heuresy. In addition, the parties shall enter into a technology licensing agreement granting the Company the right to resell the products developed using the Technologies and access to the ADRC technology for future development. This Termination Agreement was completed on 13 July 2020.

As announced on 2 January 2020, the Company completed a A\$250,000 share placement ("Placement Agreement") with Teko International Limited (Teko). On 28 July 2020, the Company held a discussion with Teko in respect to a potential claim asserted by Teko against the Company for allegedly misrepresenting the Company's unrecorded liabilities, including the Heuresy liability payment above, by its then directors. Teko also has assert that the Company has not performed its obligation to call for a shareholders meeting to approve the issuance of a 250,000 options at an exercise price of A\$0.001 exercisable any time up to and including 30 June 2020. The Board believes that there may be some exposure to the Company in respect to the representations made by the then Board members and the issuance of the options. If the Company were to be subject to legal action that could be taken by Teko, there could be no assurance as to the outcome or the costs required to defend any such action. The Company will continue to discuss the issue with our legal advisors and negotiate with Teko to seek the most desirable outcome for the Company and its shareholders.

This announcement has been approved by the Board.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
