Answer: The last quarters expenditure does not provide an accurate estimate of what will be expended for the quarter ending 31 December 2020.

Refer Quarterly Activities Report released today with Appendix 5B. This Report provides an overview of activities that will be undertaken in the quarter ending 31 December 2020. The level of net operating cash outflows will be contained within current cash resources.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Refer Announcement dated 1 October 2020: placement to existing and new sophisticated investors raised $1,553,400

8.8.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The entity will be able to continue its operation and meet its business objectives. The basis is set out in the Quarterly Activities Report released with this Appendix. Funds raised as noted in question 8.8.2 will assist in meeting these business objectives.

In addition to the current cash and cash equivalents at 30 September 2020 of $615K, the entity holds listed securities with a current market value estimated at $480K and therefore has other options for generating cash.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
