ASX Announcement | 30 October 2020

MARINER CORPORATION LIMITED SEPTEMBER 2020 QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C

Mariner Corporation Limited (ASX:MCX) (**Company**) is pleased to provide an Activities Report and Appendix 4C for the quarter ending 30 September 2020.

Details of its business activities in the quarter

Through the course of the 2020 calendar year, the Company's Board and management have undertaken a review of the Company's operations and focused on identifying and exploring growth opportunities.

The COVID-19 pandemic has presented and continues to present challenges to this review process. During the September 2020 quarter, the Company was focused on continuing to implement cost savings measures where possible and identifying ways to increase the Company's coverage of pre-investment opportunities from the Company's recently established Hong Kong office.

During the quarter:

(a) **Operations review – continued focus on pre-investment capabilities and increasing coverage of market research**

As a diversified investments company, the Company is committed to making strategic investments in companies and passive assets, which can deliver value for its shareholders. Accordingly, the Company's principal activities will remain focused on investment activities and corporate actions.

The Board's strategy for the immediate future has been shaped by the changing landscape presented by COVID-19, and the need to keep costs low, whilst increasing its coverage of pre-investment opportunities and corporate actions.

Since the Company opened its regional office (as announced on 13 July 2020), the Company has engaged in discussions with a number of local and overseas firms in an effort to scale up business in the region. These discussions have been progressing well, however the lead time to convert has been severely impacted by COVID-19 (for example, the Company has not been able to complete due diligence on potential opportunities).

In addition, whilst the Company has made inroads in its research capability, the Company's research team has been impacted due to limitations in their ability to travel, which has inevitably slowed the Company's assessment of its potential opportunities in the region.

The Company anticipates that when COVID-19 restrictions in those regions ease, we will be in a position to capitalise on the opportunities at hand.

(b) **COVID-19, costs savings and corporate update**

The Company has implemented a number of costs saving initiatives and will continue to assess its operations as COVID-19 developments continue to be monitored by the Board and its management.

As noted above, COVID-19 has impacted the Company's pre-investments and research team, due to restrictions in travel and associated difficulties with the due diligence process.

Despite these challenges, the Board remains focused on increasing its coverage (quality and scope) of its pre-investment opportunities.

The Company's 2020 annual general meeting will be held on 26 November 2020 at 1:00pm as a virtual meeting.

(c) **Appendix 4C and other quarterly activity report requirements**

The Appendix 4C for the quarter ended 30 September 2020 is attached.

The quarter was not included in a period covered by a "use of funds".

The Company made no payments to directors or related parties during the period. The Company made Director fee payments to its Directors, which are captured in section 6 of the Appendix 4C.

This announcement has been approved for release by the Board of the Company.
