# **EXPLANATORY STATEMENT**

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

## 1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2020 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.clearvuepv.com.

#### 2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

#### 2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

# 2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

# 2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

#### 3. RESOLUTION 2 – ELECTION OF DIRECTOR – ROGER STEINEPREIS

#### 3.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Mr Roger Steinepreis, having been appointed by the other Directors on 25 August 2020 will retire in accordance with the Constitution and Listing Rule 14.4 and being eligible, seeks election from Shareholders.

# 3.2 Qualifications and other material directorships

Mr Steinepreis is a corporate and resources lawyer with over 30 years' experience. He is the legal adviser to a number of public companies on a wide range of corporate related matters, with a focus on company restructures, initial public offerings and takeovers. Mr Steinepreis serves as a partner of Steinepreis Paganin, one of the largest specialist corporate law firms in Perth, Australia. He currently serves as a Non-Executive Director of Petronor E&P Limited (Oslo Access: PNOR) and Latitude Consolidated Limited (ASX: LCD) and is the Non-Executive Chairman of Apollo Consolidated Limited (ASX: AOP).

## 3.3 Independence

Roger Steinepreis has no interests, position or relationship that might influence, or reasonably be perceived to influence, in a material respect his capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company as a whole rather than in the interests of an individual security holder or other party.

If elected the Board considers Mr Steinepreis will be an independent Director.

#### 3.4 Other material information

The Company conducts appropriate checks on the background and experience of candidates before their appointment to the Board. These include checks as to a person's experience, educational qualifications, character, criminal record and bankruptcy history. The Company undertook such checks prior to the appointment of Roger Steinepreis.

#### 3.5 Board recommendation

The Board has reviewed Mr Steinepreis' performance since his appointment to the Board and considers that Mr Steinepreis' skills and experience will continue to

enhance the Board's ability to perform its role. Accordingly, the Board supports the election of Mr Steinepreis and recommends that Shareholders vote in favour of Resolution 2.

#### 4. RESOLUTION 3 – RE-ELECTION OF DIRECTOR – STUART CARMICHAEL

#### 4.1 General

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Mr Stuart Carmichael, who has served as a Director since 19 January 2018, and was last re-elected on 30 November 2018, retires by rotation and seeks re-election.

# 4.2 Qualifications and other material directorships

Mr Carmichael is a Chartered Accountant with over 20 years of experience in the provision of corporate advisory services both within Australia and internationally. Mr Carmichael is a principal and director of Ventnor Capital Pty Ltd and Ventnor Securities Pty Ltd which specialises in the provision of corporate and financial advice to small cap ASX listed companies including capital raisings, initial public offerings, corporate restructures and mergers and acquisitions. Mr Carmichael graduated from the University of Western Australia with a Bachelor of Commerce degree, gaining experience with KPMG Corporate Finance in Perth and London before joining ASX listed property services and engineering company UGL Limited (ASX:UGL).

Mr Carmichael is currently the non-executive chairman of Schrole Group Limited (ASX:SCL), non-executive chairman of K-TIG Limited (ASX:KTG), non-executive director of Osteopore Limited (ASX:OSX), non-executive director of De.mem Limited (ASX:DEM) and non-executive director of Swick Mining Services Limited (ASX:SWK).

#### 4.3 Independence

If re-elected the Board considers Mr Carmichael will be an independent Director.

#### 4.4 Board recommendation

The Board has reviewed Mr Carmichael's performance since his appointment to the Board and considers that Mr Carmichael's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the re-election of Mr Carmichael and recommends that Shareholders vote in favour of Resolution 3.

#### RESOLUTION 4 – APPROVAL OF 7.1A MANDATE

#### 5.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

Resolution 4 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 4 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

# 5.2 Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 4:

## (a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

#### (b) Minimum Price

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 5.2(b)(i), the date on which the Equity Securities are issued.

#### (c) Use of funds raised under the 7.1A Mandate

The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate as cash consideration towards the continued

development of the Company's solar glass technology, sales & marketing expenses, general operational expenses and working capital.

# (d) Risk of Economic and Voting Dilution

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue as at 13 October 2020.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

			Dilution				
Number of Shares on Issue (Variable A in Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Issue Price				
			\$0.1375	\$0.275	\$0.4125		
			50% decrease	Issue Price	50% increase		
			Funds Raised				
Current	147,764,565 Shares	14,776,457 Shares	\$2,031,763	\$4,063,526	\$6,095,288		
50% increase	221,646,848 Shares	22,164,685 Shares	\$3,047,644	\$6,095,288	\$9,142,932		
100% increase	295,529,130 Shares	29,552,913 Shares	\$4,063,526	\$8,127,051	\$12,190,577		

<sup>\*</sup>The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a prorata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

#### The table above uses the following assumptions:

- 1. There 147,764,565 Shares on issue comprising:
  - (a) 138,621,304 Shares on issue as at the date of this Notice of Meeting;
  - (b) 632,727 Shares are issued which are the subject of Resolutions 5 to 8 in this Notice of Meeting; and
  - (c) 8,510,534 Shares are issued which are the subject of Resolutions 5 to 7 and 9 to 12 in the Company's notice of meeting announced on 2 October 2020.
- 2. The issue price set out above is the closing market price of the Shares on the ASX on 13 October 2020.
- The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.
- 4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.

- 5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
- 6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- 7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
- 8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- 9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A mandate, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and

#### 6.1 General

The Company is proposing to issue 150,000 Shares to Graham Eintracht (or his nominee) in consideration for accounting and corporate services provided to the Company (**Eintracht Shares**).
