QUARTERLY ACTIVITIES REPORT – 30 SEPTEMBER 2020 QUARTER

BARRY PARADE PROJECT

During the quarter, 40% of design development was generally completed. This included the addition of a 5th car parking basement level with the additional car spaces creating a more saleable product for apartments that were previously without a car space. The height of basement level 1 has also been increased to allow for trucks to load and unload in the basement, thus minimising the requirement for deliveries via the residential entry foyers. Final apartment layouts have been agreed and an additional apartment has also been added to level 28 resulting in an increase to gross revenue for the project.

The sales display suite design was finalised during the quarter however construction of the display suite has been deferred until market conditions improve.

The Company's advertising and marketing consultants commenced the creative design and production of marketing materials in conjunction with the sales agents.

The Company's lawyers have prepared a draft disclosure document and draft sales contract. Engagement with the project surveyors and body corporate managers has commenced in order to prepare supporting contract documents including a draft survey and body corporate management plans as required.

WHARF STREET PROPERTY

Due to the impact of COVID-19 leasing activity for the Company's Wharf Street property has been materially subdued. The Wharf Street property offers an ideal opportunity for CBD tenants seeking to downsize to the northern edge of CBD. Nevertheless, the Company has resolved to defer planned renovation works until sufficient leasing commitments can be secured and is currently reviewing its development plans and financing options.

PROJECT EXPENDITURE

Project expenditure incurred during the quarter ended 30 September 2020 on the groups' project is set out below:

Project	Amount Incurred
Barry Parade	\$686,950
Wharf St Property	\$11,550

Due to the impact of COVID-19, the Company may have to defer the development of its properties, thus reducing future operating cash requirements from current levels. As far as possible, the Company will reduce its operating costs in order to weather the current challenging and unprecedented market conditions, whilst re-evaluating its development strategy going forward.

PAYMENTS TO RELATED PARTIES AND THEIR ASSOCIATES

Gross Interest of \$172,723 was paid to Khosland Management Pte Ltd in relation to Convertible Notes issued to the entity, which is associated with the Chairman of the Company.

Approved and Authorised for release by the Executive Committee.
