No. Due to recent business development activities, including the acquisition of the Broadmeadow East coking coal project, the Company has incurred significant additional costs for technical studies and analysis and (legal and financial) due diligence. While the Company expects to continue actively assessing business development opportunities, the recent work (and costs) were higher than normal.

8.8.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?
Answer: Yes. The Company, and its directors, have a strong history of being able to raise capital to fund its operations.
