Quarterly Activities Report **Quarter Ended 30 September 2020**

AustSino Resources Group Limited ("**AustSino**" or the "**Company**") is pleased to present its quarterly activities report for the period ended 30 September 2020.

Operational

Sundance Transaction and Enabling Capital Raising Transaction

Over the course of the quarter the Company's focus continued to be working towards satisfaction of the conditions precedent to completion of the Sundance Transaction and the large capital raising required to fund the completion of the Sundance Transaction.

Sundance Transaction

AustSino has continued to make payments to Sundance Resources Limited (**Sundance**) to service the New SDL Agreement. On 30 September 2020, AustSino announced the further extension of the New SDL Agreement beyond its expiry date of 30 September 2020 to 30 November 2020, through a new extension letter agreement with Sundance. This extension letter then became effective upon the noteholders in Sundance later accepting its terms.

Under the terms of the new extension letter:

- AustSino will provide a further \$300,000 in funding to Sundance and payment was made on 14 October 2020.
- Sundance can cancel the Sundance Agreement with 5 business days notice from 2 November 2020 if AustSino has not convened a shareholders meeting to approve the transactions contemplated under the Sundance Agreement by that date.

During the quarter the Company progressed activities in an effort to convene the relevant shareholders meeting, but as at the date of this report the AustSino shareholders meeting has not yet been convened.

Enabling Capital Raising

In order to complete the Sundance Transaction, AustSino first needs to complete an enabling major capital raising and secure the approval of its shareholders in general meeting to that capital raising transaction.

Capital Raising

As announced on 3 June 2020, Western Australian Port Rail Construction (Shanghai) Ltd (WAPRC), confirmed that it was not able, by 30 June 2020, to meet the conditions precedent to the binding but conditional placement agreement with AustSino, including WAPRC making available \$100 million to complete its planned acquisition of a controlling interest in AustSino. This was primarily due to delays caused by the travel restrictions associated with the COVID-19 pandemic.

On 9 July 2020, the Company announced that it had entered into a binding subscription agreement with Midwest Resource Finance Group Pty Ltd (**Midwest**) pursuant to which Midwest has agreed to subscribe for 7,692,307,693 ANS shares at an issue price of \$0.013 per share to raise \$100 million (**the Midwest Placement**). Midwest is a proprietary company incorporated in Australia whose sole director is Mr Chun Ming Ding, the Executive Chairman of the Company.

The Midwest Placement effectively replaced the lapsed WAPRC Transaction and is subject to a number of conditions precedent, in particular “Midwest having secured sufficient funds to complete the purchase of the Midwest Placement Shares”.

AustSino is continuing to work with Midwest to progress the funding condition and will update shareholders as the situation evolves.

AustSino Shareholder Approval

One of the conditions for completion of the Sundance Transaction is to receive shareholder approval for the Midwest Placement at an Extraordinary General Meeting. As at the date of this report the AustSino shareholders meeting has not yet been convened.

Arrangements with the Government of Cameroon

Our efforts to develop the assets and plans underpinning the proposed deal with Sundance have been significantly impeded by the emergence of the global COVID-19 pandemic that has resulted in widespread and extensive travel and workplace restrictions, with lockdown procedures in place in both Cameroon and the Congo.

Nonetheless, the Company has continued to engage with the Cameroon Government to move forward with this exciting integrated mining, port and rail project in Central Africa.

Suspension of the Company's shares on ASX

On 7 September 2020, the Company received notification from the ASX that it has granted AustSino a three month extension, to 7 December 2020, for the deadline for automatic removal of the Company from the Official List. ASX also advised that no further extension will be considered or granted. The Company expects that trading in its shares on ASX will remain suspended until the proposed transactions are completed or otherwise.

Corporate

The Company has continued to raise further capital to support its ongoing commitment to Sundance and to provide general working capital.

The Company has issued fully paid ordinary AustSino shares as set out below.

- 20 July 2020 – Placement of \$1,053,000 and issued 81,000,000 fully paid shares at \$0.013
- 18 Aug 2020 – Placement of \$1,137,500 and issued 87,500,000 fully paid shares at \$0.013.

The Company issued a further 8,425,000 fully paid ordinary shares and 35,000,000 unlisted options to a non-related party for the provision of services in connection with the Placement on 18 August 2020.

The Company also issued 15,000,000 unlisted options on 18 August 2020 to a non-related party as settlement of a supplier invoice related to working capital expenses in lieu of cash payment.

These placements were all made to various non-related investors without a prospectus or other disclosure document as permitted under section 708 of the Corporations Act 2001.

Accordingly, the shares are subject to a holding lock and may not be traded or transferred for 12 months or until the Company issues a prospectus or similar disclosure document. The shares rank equally with existing fully paid ordinary shares in the Company and were issued without shareholder approval as the issue of the shares is within the Company's existing placement capacity permitted under ASX Listing Rule 7.1.

Corporate - Other

Quarterly cashflow report

The Company will also today lodge its cashflow report (Appendix 5B) for the quarter ended 30 June 2020. The Company made payments of \$177k to related parties comprising payment of director and consulting fees to directors in line with their relevant agreements (refer section 6 of Appendix 5B).

The Company paid approximately \$88k in exploration expenditures during the September 2020 quarter comprising payments for shire rates, geological reviews, tenement assessment, tenement rentals and tenement management costs.

Tenement Management

The Company continues to work with CSA Global to finalise its programme of works for 2020. This will again involve all of the Company's tenements with a focus on increasing the resource already identified and previously announced and rationalising the tenements that are currently held.

Planning has been severely hampered by the restrictions caused by the COVID-19 pandemic, particularly around the travel restrictions but also the workplace restrictions but we are currently finalising a smaller works program with CSA Global so that we can re-commence work on the tenements.

Following is a schedule of AustSino's tenements as at 30 September 2020*:

Area of Interest	Tenement Reference	Interest
Western Australia		
Peak Hill	M 52/1068	100%
Peak Hill	E 52/1557	100%
Peak Hill	E 52/1860	100%
Peak Hill	E 52/2368	100%
Peak Hill	E 52/2993	100%
Peak Hill	E 52/3598	100%

* - these remain unchanged from 30 June 2020.

This release was authorised for release by the Board of AustSino.
