- 8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: In September 2018, a binding share subscription deed was signed with Careline Australia Pty Ltd (Careline). Pursuant to the subscription deed, Careline and/ or its nominees will invest up to \$20.25 million via the issue of 375 million ordinary shares at an issue price of \$0.054 per share in five tranches. The group had received the first four tranches of investments amounting to \$14.31 million in September 2018 to September 2019 and is expecting to receive the final tranche of \$5.94 million. Due to the Coronavirus and related shutdowns in China, Careline is unable to transfer funds to Australia in a timely manner and had sought an extension of time to make the payment of this final tranche by requesting a waiver from the ASX in this respect. The ASX declined to grant the waiver and the company will now move to a further shareholder approval at the 2020 AGM.

The company proposes to enter into an agreement with Careline Australia Pty Ltd (Careline) (a company owned and controlled by the Chairman) for Careline to procure investment for the final tranche of \$5.94 million. This agreement will require shareholder approval at the company's forthcoming AGM.

- 8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The Group believes it has sufficient credit facilities together with the capital it has raised and plans to raise as outlined in the answer to question 8.6.2 above.

*Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.*
