FY20 Profit Guidance

Highlights

- **Net profit after tax expected to be between \$3.2 million and \$3.4 million for FY2020, a significant improvement on FY19 NPAT of \$1.3 million**

Vmoto Limited (ASX: VMT) ("**the Company**" or "**Vmoto**") is pleased to advise that, despite challenging market conditions during 2020 amid the COVID-19 outbreak and subsequent global lockdowns, the Company has continued to ramp up its international strategy and expects to achieve NPAT of between \$3.2 million and \$3.4 million for FY20.

During the year, Vmoto achieved a number of key operational and commercial milestones, which included:

- Securing orders of 4,300 units from the Company's strategic ride-share customer, Go Sharing
- Additional international distributors secured, bringing the total to 50 international B2C distributors across 62 countries in the world
- Strong growth across B2B operations, leveraging the increased popularity of delivery and ride-sharing services

Vmoto's Managing Director, Mr Charles Chen commented: "I am delighted to announce we will deliver a significant increase in NPAT for this financial year when compared to 2019. The COVID-19 outbreak has provided great uncertainty and disruption for businesses globally but we are agile and responded quickly by making small changes to our international strategy, which has proven to be incredibly fruitful. We look forward to continuing this growth trajectory in 2021."
