

Strong demand for WAM Active Share Purchase Plan and oversubscribed Placement raises more than \$25.2 million

22 March 2021
ASX announcement

The WAM Active Limited (ASX: WAA) Share Purchase Plan (SPP) and oversubscribed Placement, **announced** on 24 February 2021, has raised more than \$25.2 million.

WAM Active Chairman Geoff Wilson AO said: "We greatly appreciate the trust, loyalty and support we have received from WAM Active shareholders. More than 840 existing WAM Active shareholders participated in the SPP, which, together with the oversubscribed Placement, raised more than \$25.2 million".

The SPP offered existing shareholders¹ the opportunity to increase their interest in the Company by up to \$30,000 of additional shares, acquired at a discount to the Company's share price and without paying brokerage costs. Shareholders who participated in the SPP will also receive the FY2021 fully franked interim dividend of 3.0 cents per share² on all new shares issued under the offer.

The SPP closed on 17 March 2021 and all eligible participants will receive their full allocation of shares.

Separately, existing WAM Active professional and sophisticated investors³ participated in an oversubscribed Placement, at the same price and under the same terms as the SPP, raising \$12.6 million. Taylor Collison Limited acted as lead manager to the Placement.

Shares acquired through the SPP and Placement will be issued on Thursday, 25 March 2021 and will rank pari passu with existing shares.

Shareholders who participated in the SPP and Placement will be entitled to the Bonus Option Issue on any new shares issued under the offer, which continue to be held by the shareholder at 7:00pm (Sydney time), Thursday, 25 March 2021, the record date for the Bonus Option Issue.

Each WAM Active Option provides holders with the opportunity, but not the requirement, to purchase one additional WAM Active share for \$1.10 per Option, without incurring any brokerage fees. The Options can be exercised at any time, up until they expire on Monday 31 October 2022. Shares issued on Options exercised on or before 13 May 2021 will also receive the fully franked interim dividend of 3.0 cents per share², which represents an annualised fully franked dividend yield of 5.5% and a grossed-up dividend yield of 7.8%⁴ on the exercise price of \$1.10 per Option. The Options will trade on the ASX under the code WAAOA from 24 March 2021 on a deferred settlement basis and from the 29 March 2021 on a normal settlement basis.

Benefits to all shareholders

The SPP, Placement and Bonus Issue of Options will deliver benefits to all shareholders. The primary purpose of the capital raising is to equitably and efficiently grow the Company's assets, increase its relevance in the market, improve the prospect of broker and research coverage, garner additional interest from financial planners and gain additional access to market opportunities. The increased size is also expected to reduce the fixed expense ratio of the Company to the benefit of all shareholders.

Further enquiries
