The combined product solutions are already being offered to new prospects.

The company completed the proportional takeover offer for 1 in every 3 fully paid ordinary shares in Easton Investments Limited (Easton) and now owns 31.5% of Easton. As part of the Technology Partnership and Distribution Agreement with Easton, HUBconnect Insight, which includes compliance monitoring functionality, will be rolled out to Easton during the fourth quarter of FY21 and data is being sourced from new providers to support the rollout.

The combined capability from each of these offers facilitates HUB24's entry into the growing non-custodial administration segment and separation from Ord Minnett systems onto HUB24 is progressing.
