31 MARCH 2021 (Q3 FY21) QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C*

Raiz Invest Limited ('Raiz' or 'the Company') (ASX: RZI), Australia's largest mobile-first financial services platform, today announced an update for the three months to 31 March 2021, (Q3 FY21).

In Q3 FY21, Raiz achieved record results for Active Customers and Funds Under Management (FUM), with Active Customers increasing an impressive 22.1% to 419,552 and FUM in Australia growing to \$694.3 million, a rise of 14.6%. Superannuation FUM grew an impressive 14.2% to \$92.5 million in the period.

The Australian operation remained operating cashflow positive in Q3 FY21 and normalised revenue grew by 24.8%. At 31 March 2021, Raiz had \$9.9 million in cash, cash equivalents and term deposits.

On 1 April 2021 Raiz changed the fee structure for some of the Raiz portfolio options, increasing the maintenance fee from \$2.50 to \$3.50 with no net churn of paying customers. The effects of this fee increase on the consolidated statement of cash flows will not flow through until the next Quarterly Activity Report.

MD/GROUP CEO COMMENTARY

Raiz Managing Director/Group CEO George Lucas says: "With the economic and social impact of COVID-19 easing in Australia in 2021, the surge in Active Customers in the March quarter demonstrated that our organic growth is firmly on track.

"Over 75,000 new Active Customers joined the platform in this quarter. In Australia funds under management (FUM) also grew strongly, up 14.6% to \$694.3 million, on track to have \$1 billion in FUM by the end of the calendar year.

"Important initiatives achieved in this quarter in Australia included the roll out of our custom portfolio and enabling the \$730 billion self-managed super fund sector the opportunity to invest on the Raiz platform.

"Just as the decision to offer Bitcoin has attracted keen interest (the Sapphire portfolio with a target weight of 5% to Bitcoin now has more than 40,000 customers), so too has the decision to allow customers to take responsibility for their own portfolios. Both decisions flowed from customer engagement, reflecting Raiz' ability to respond to customer expectations.

"The continued strong growth in customer numbers and FUM achieved in Australia, despite the recent fee increase, demonstrates the unique nature of the Raiz platform and the loyal nature of the customers we attract.

“Southeast Asian growth remains well on track. Indonesia has over 100,000 customers, up 47.2% for the quarter, while Malaysia has over 55,000 customers with a growth rate of 45.4%. The opportunity to expand our product range in these two countries is exciting.”
