### **Financial**

As at 31 March 2021, the Company had cash of A\$15.8 million, with no bank debt.

The cash position of the Group remains strong and represents a total increase of A\$0.8 million since 31 December 2020.

### **Order Book**

As at 31 March 2021, the Company had firm international orders for 10,702 units, including the significant B2B order of 5,904 units secured from Greenmo Group in January 2021, of which 3,864 units remain to be delivered in 2Q21, providing a solid runway for FY2021 sales.

The Company expects sales to continue to increase with repeat orders from its existing customers and additional orders from new customers around the world in FY2021 and beyond.

### **B2C and B2B segments continue to grow, delivering solid results**

Vmoto's B2C products continue to generate increased interest and recognition among motorcycle enthusiasts and other consumers alike, whilst Vmoto's B2B products received significant increased interest from food delivery, parcel delivery and ride-sharing operators, which the Company is actively pursuing.

**B2B ride-sharing markets:** The Company is now supplying products to **seven** ride-sharing operators globally and is in advanced discussions with an additional fifteen ride-sharing operators.

**B2B delivery markets:** The Company is currently supplying products to **thirteen** delivery customers and is in discussions with an additional fifteen potential new customers operating in this market segment.

#### **Collaborations**

The Company is actively exploring opportunities to collaborate with world-renowned brands and companies in the mobility industry, with a view to replicating its Ducati partnership. This is in addition to the ongoing engagement with Ducati regarding a potential new license agreement and other associated opportunities.

The Company is also in discussions with a number of business groups in terms of extending their business to include electric two-wheel vehicles and incorporate some of their products into Vmoto's electric two-wheel vehicles, which substantially enhance the Company's distribution network and reach.

#### **International Distribution**

In 1Q21, the Company signed and renewed distribution agreements with international distributors across Ecuador, Peru, French Polynesia, Israel, Vietnam and Georgia for the warehousing, distribution and marketing of its B2C range of electric two-wheel vehicles. Subsequent to the quarter, Vmoto also signed and renewed distribution agreements with international distributors in Indonesia and Maritius.

Vmoto has also supplied samples to and/or is in discussions with a number of potential B2C and B2B distributors and customers in Bahrain, Bangladesh, Bolivia, Brazil, Bulgaria, Columbia, Croatia, Cuba,

Czech Republic, Denmark, Dubai, Egypt, Georgia, Ghana, Greece, India, Ireland, Kenya, Rwanda, Malaysia, Mexico, Pakistan, Portugal, Romania, Russia, Salvador, Saudi Arabia, Singapore, Slovenia, South Africa, Spain, Switzerland, Thailand, Ukraine and United States.

### **Go Sharing, Netherlands**

As announced on 14 January 2021, the Company secured a significant B2B order of 5,904 units, representing a total sales value of approximately A\$13 million, from Vmoto's strategic B2B customer, Greenmo, founder of leading European ride-sharing company, GO Sharing (go-sharing.nl).

Repeat orders from Greenmo and its subsidiaries are a testament to the quality of Vmoto's electric mopeds and highlight the large growth opportunity across Europe with B2B business partnerships.

Vmoto is in ongoing discussions around additional orders with Greenmo for FY2021 and beyond.

Greenmo's GO Sharing announced on 22 April 2021 that it has successfully raised EUR50 million (approximately A\$77.8 million), with ambitions to make e-mopeds more mainstream and to expand into a wider set of vehicle options.

GO Sharing, which has a fleet of around 5,000 e-mopeds across 30 cities in three countries, the Netherlands, Belgium and Austria, plans to use the funding to expand its footprint for e-mopeds, add electric cars and e-bikes to its app, expand ride-sharing operations further into the United Kingdom and Turkey, and continue building out the technology underpinning it all.

### **Bird Group, India**

As announced on 15 March 2021, the Company signed an MoU with one of India's largest travel technology companies, Bird Group, regarding the potential exclusive distribution of VMT's CUX and CUmini range of two-wheel electric vehicles (EVs) across India.

Vmoto continues to work with Bird Group to advance the MoU. Bird Group remains committed to the spirit of the MoU however, given the recent worsening Covid-19 pandemic in India, the Company expects the signing of the proposed exclusive distribution agreement to be delayed until such time as the Covid-19 pandemic situation improves in India.

### **Corporate**

On 8 February 2021, the Company issued 970,000 shares to Chinese and European employees in recognition of and to reward their efforts and contribution to the Company in the year ended 31 December 2020.

The Company has also actively increased the promotion and marketing of the Company's products and brands worldwide, including negotiating a sponsorship deal with an European racing event organiser, partnership with world renowned company and individuals, in addition to supporting influencers on various social media platforms.

### **Outlook**

Vmoto continues to execute on its strategy of selling high performance and value electric two-wheel vehicles into international markets and continues to build both its B2B and B2C distribution network worldwide.

As the COVID-19 situation continues to evolve around the world, especially in India, the Board and Management remain in continuous discussion and preparedness, should the implementation of a revised strategy be required. However, having ended the 2020 financial year in a strong operational and financial position following numerous commercial achievements, the Company is confident in the strength of its

global growth strategy and therefore, expects similar levels of growth to be delivered for the 2021 financial year.

Vmoto continues to focus on expanding its product range to extend its reach and appeal to a broader spectrum of the market for electric vehicle users, following the successful launch of 3 new B2C models in February 2021 and a new B2B electric delivery two-wheel vehicle in April 2021.

Additionally, Vmoto is evaluating and developing a new electric delivery three-wheel vehicle in consultation with its existing and new B2B customers, and is in discussions with a top European industrial design company with the objective of developing new electric two-wheel vehicle models to further enhancing the Company's product range.

The global focus on mitigating the impacts of climate change and the transition towards electric vehicles provides Vmoto with a strong platform from which to accelerate its growth. As a result, the Company has broadened its commercialisation strategy and is confident it will be able to continue delivering strong sales and revenue growth in the coming year and beyond.
