Explanatory Notes

The explanatory notes that follow provide important information regarding the item of business proposed for the Extraordinary General Meeting of shareholders of Horizon Oil Limited ACN 009 799 455 (**Horizon** or the **Company**) to be held on Wednesday, 28 July 2021 at 10:00am (Sydney time) at the Stanley Room, The Sydney Boulevard, Level 2, 90 William Street, Woolloomooloo, SYDNEY [EGM].

Resolution 1 – Share capital return to shareholders

Summary

The Company proposes to undertake a reduction of its share capital in accordance with Part 2J.1 of the *Corporations Act 2001* (Cth) (**Corporations Act**) of an amount equal to approximately A\$22.1 million, being A\$0.014 per ordinary share (**Share Capital Reduction**).

As part of the Share Capital Reduction, the Company will make a cash payment of A\$0.014 per ordinary share to each shareholder of the Company who is recorded on the Company's share register as at 7.00pm (Sydney time) on Tuesday, 3 August 2021 (**Record Date**). Accordingly, if approved, the Company proposes to distribute an aggregate amount of approximately A\$22.1 million to shareholders under the Share Capital Reduction.

Consistent with the requirements of the Corporations Act, the Company is seeking shareholder approval to undertake the Share Capital Reduction as an equal reduction for the purposes of the section 256B(2) of the Corporations Act. In accordance with article 8.3 of the Company's constitution, the Share Capital Reduction will require approval by a special resolution of shareholders.

If shareholders approve the Share Capital Reduction, funds will be distributed on the payment date via cheque or electronic funds transfer to shareholders of the Company who are recorded on the Company's share register on the Record Date (**Eligible Shareholders**). Shareholders can update their payment details by completing the attached payment details form, online at www.computershare.com.au, or by contacting the Company's Share Registry, before the Record Date.

The Share Capital Reduction will relate to the Company's ordinary shares only and will apply to each Eligible Shareholder in proportion to the number of ordinary shares they hold on the Record Date. The terms of the Share Capital Reduction will also be the same for each Eligible Shareholder. Accordingly, the Share Capital Reduction will be an "equal reduction" for the purposes of section 256B(2) of the Corporations Act.

Any fraction of a cent payable to any Eligible Shareholder in respect of that shareholder's aggregate holding of shares in the Company on the Record Date will be rounded up to the nearest whole cent.

The amount allocated to the Share Capital Reduction reflects the terms on which the Company has applied to the Australian Taxation Office (**ATO**) for a Class Ruling, which is further described in the "Taxation" section below. In summary, the Company expects that a Class Ruling will confirm that the proposed Share Capital Reduction will not constitute a dividend for tax purposes with the result that, for most Eligible Shareholders, no Australian tax event should arise as a result of its implementation.

Please refer to the "Taxation" section below for more information regarding the tax implications of the Share Capital Reduction for Eligible Shareholders.

The Share Capital Reduction, if implemented, is not expected to have any effect on the control of the Company.

Rationale

The Share Capital Reduction is being undertaken to return a portion of the Company's excess capital equitably and efficiently to ordinary shareholders.

The excess capital relates to the proceeds received by the Company in relation to the exercise of 300 million options by Samuel Terry Absolute Return Fund as announced on 1 June 2021 and its recent sale of 100% of Horizon Oil (PNG Holdings) Limited to Arran Energy Investments Pty Ltd, which was completed on 3 December 2020.

In determining to proceed with the Share Capital Reduction, the Board considered the Company's financial performance and position and projected capital requirements.

Having regard to the matters outlined above, the Board considers that proceeding with the Share Capital Reduction is in the Company's best interests and that it will facilitate an efficient return of surplus capital to Eligible Shareholders.

Effect of the Share Capital Reduction on the Company and its share price

Following the implementation of the Share Capital Reduction, the Company's share capital will be reduced by approximately A\$22.1 million.

The Share Capital Reduction will not impact the number of shares held by Eligible Shareholders, nor will it impact any shareholder's voting power in the Company.

However, the Company's shares may trade at a lower price following the 'ex' date for the Share Capital Reduction than they would have done had the Share Capital Reduction not been approved. This is due to the outflow of funds to Eligible Shareholders and the consequent reduction in shareholders' funds. However, there can be no guarantee or assurance as to how the share price will fluctuate in the future and no forecast is made of future share prices.

ASX Listing Rule 7.25 provides that an entity must not reorganise its capital if the effect of doing so would be to decrease the price at which its main class of securities would be likely to trade after the reorganisation to an amount less than

20 cents. Further, under the rule, an entity with a trading price of less than 20 cents would not be permitted to reorganise its capital if the result is likely to be any decrease in its trading price. Accordingly, the Company has sought, and been granted, a waiver of ASX Listing Rule 7.25 from ASX to the extent necessary to permit the Company to undertake the Share Capital Reduction.

Effect of the Share Capital Reduction on the financial position of the Company

The Share Capital Reduction will be funded from the Company's existing cash reserves.

As a guide to assist shareholders, a pro forma consolidated statement of financial position of the Company and its controlled entities for the half year ended 31 December 2020 is included below. The pro forma consolidated statement of financial position assumes that the proceeds from the exercise of the 300 million options were received, and the Share Capital Reduction was paid, on that date.

Basis of preparation

The pro forma consolidated statement of financial position has been derived from the Financial Report of the Company and its controlled entities for the half year ended 31 December 2020, which report has been reviewed by the Company's external auditor. The pro forma consolidated statement of financial position does not contain all the disclosures that are usually provided in a financial report prepared in accordance with Australian Accounting Standards and the Corporations Act.

The pro forma consolidated statement of financial position:

- assumes that the proceeds from the exercise of the 300 million options were received, and the Share Capital Reduction was paid, on the relevant reference date of 31 December 2020;
- does not include cashflows for the period 1 January 2021 to 30 June 2021 which would further enhance the financial position of the Company; and
- uses an exchange rate of 0.75 Australian Dollars to 1 United States Dollar when converting Australian Dollar denominated amounts into United States Dollars.

In summary, on a pro-forma basis, the Company will have a strong balance sheet following the Share Capital Reduction with sufficient capacity to meet the future requirements of the business.

Legal requirements

The Share Capital Reduction will be an “equal reduction” for the purposes of section 256B(2) of the Corporations Act because it:

- relates only to the ordinary shares of the Company;
- applies to each Eligible Shareholder in proportion to the number of shares they hold; and
- is on the same terms for each Eligible Shareholder.

Fair and reasonable

Section 256B(1)(a) of the Corporations Act requires that the Share Capital Reduction must be fair and reasonable to the Company’s shareholders as a whole.

The Board considers that the Share Capital Reduction is fair and reasonable to all shareholders as it will be available and apply to all Eligible Shareholders equally, in proportion to the number of shares they hold as at the Record Date.

Material prejudice

Section 256B(1)(b) of the Corporations Act provides that the Share Capital Reduction must not materially prejudice the Company’s ability to pay its creditors.

The Board, having carefully reviewed the Company’s assets, liabilities and expected cash position, considers that the Share Capital Reduction will not materially prejudice the Company’s ability to pay its creditors.

The Board has also satisfied itself as to the solvency of the Company following the Share Capital Reduction.

Please refer to “Effect of the Share Capital Reduction on the financial position of the Company” above for further information regarding the impact of the Share Capital Reduction on the Company’s ability to pay its creditors.

Shareholder approval

Shareholder approval is being sought at this EGM for the purposes of complying with the Corporations Act requirement that the Share Capital Reduction must be approved by shareholders.

In accordance with article 8.3 of the Company’s constitution, the Share Capital Reduction will require approval by a special resolution of shareholders.

Accordingly, the resolution will be passed as a special resolution for the purposes of section 256C(1) of the Corporations Act and article 8.3 of the Company’s constitution if at least 75% of the votes cast by shareholders entitled to vote on the resolution are cast in favour.

In accordance with section 256C(5) of the Corporations Act, a copy of this Notice of Meeting (including these Explanatory Notes) has been lodged with the Australian Securities & Investments Commission.

Timetable

The table below sets out the proposed timing for the Share Capital Reduction. If there should happen to be any changes to this timetable then those changes will be announced to the ASX.

The key dates for the implementation of the Share Capital Reduction, if approved, are:

EVENT	2021 DATE
EGM	28 July
Effective Date for Share Capital Reduction	29 July
Last date for trading of shares to be entitled to the Share Capital Reduction	30 July
Ex-date (shares traded from this date will not be entitled to the Share Capital Reduction)	2 August
Record date for Share Capital Reduction	3 August
Payment date for Share Capital Reduction	10 August

Taxation

The Taxation implications for shareholders will depend on their particular circumstances. All shareholders should therefore seek their own professional advice in relation to their tax position. Horizon has applied for an ATO Class Ruling to confirm the Australian tax consequences for certain Australian tax resident shareholders who hold their shares on capital account for tax purposes.

It is anticipated that, in broad terms, the Share Capital Reduction will not constitute a dividend for tax purposes, such that there should be no immediate tax liability for most shareholders relating to the Share Capital Reduction. Instead,

the tax cost base of shares is reduced, thereby deferring any tax payable by shareholders until they dispose of the shares.

Horizon expects the above to be confirmed in a Class Ruling to be issued by the ATO after payment of the Share Capital Reduction, however no such reliance may be placed on the above confirmations by shareholders until a final Class Ruling is issued by the ATO. The Class Ruling will be made available at <https://www.edocumentview.com.au/HZN2021>.

Any shareholder who is not an Australian tax resident shareholder or who does not hold their shares on capital account for tax purposes should seek specific advice in relation to the tax consequences under their own local laws.

No adverse tax consequences are expected to arise for Horizon in relation to the Share Capital Reduction.

Employee Incentive Plans

As part of its employee incentive arrangements and in accordance with the rules governing the Horizon Long Term Incentive Plan (LTIP), Horizon has awarded certain employees grants in the form of Share Appreciation Rights (SARs). SARs are the right to acquire an indeterminate number of shares or cash at the Board's discretion at a future date subject to meeting certain vesting conditions.

SARs do not give any holders any entitlement to participate in the Share Capital Reduction.

If the Share Capital Reduction is approved, the SARs will be reorganised in accordance with the terms of the LTIP and ASX Listing Rule 7.21 noting that:

- clause 10 of the LTIP provides that if the capital of the Company is reconstructed the SARs will be treated in accordance with the LTIP; and
- ASX Listing Rule 7.21 provides that an entity which has convertible securities (except options) on issue (note this includes performance rights) may only reorganise its capital if, in respect of the convertible securities, the number of securities or the conversion price, or both, is reorganised so that the holder of the convertible securities will not receive a benefit that holders of ordinary shares do not receive.

If the Share Capital Reduction is approved, the strike price for a SAR will be reduced by the amount of the capital return. The number of SARs will not change.

Below is a table showing the SARs currently on issue under the LTIP and the impact of the Share Capital Reduction on the SARs.

ESTIMATED EXPIRY DATE	PRE-SHARE CAPITAL REDUCTION STRIKE PRICE ^{1,2}	POST-SHARE CAPITAL REDUCTION STRIKE PRICE ^{1,2}	NUMBER
01/07/2021	A\$0.0930	A\$0.0790	16,617,522
01/07/2021	A\$0.0483	A\$0.0343	12,186,198
01/07/2022	A\$0.0453	A\$0.0313	45,191,714
01/07/2023	A\$0.1439	A\$0.1299	8,680,899
01/07/2024	A\$0.1054	A\$0.0914	11,002,656
01/07/2025	A\$0.0630	A\$0.0490	10,004,499
TOTAL			103,683,488

¹ The 'strike price' for SARs is the 10-day volume weighted average price for Horizon shares at effective allocation date.

² No price is payable by a participant in the LTIP on the exercise of a SAR.

³ SARs will become exercisable subject to meeting vesting or performance conditions.

No voting exclusions

No voting exclusions apply to this resolution.

For further information on voting eligibility, please refer to the Key Dates and Meeting Notes sections of this Notice.

Implications if not approved

If the Share Capital Reduction is not approved, the Board will consider alternative means to distribute this surplus capital to shareholders. In the absence of identifying an efficient means to distribute this surplus capital to shareholders (in the Board's absolute discretion), this surplus capital will be applied to the future requirements of the business.

Conclusion and Recommendation

Having regard to the matters outlined above, the Board considers that implementing the Share Capital Reduction:

- will not materially prejudice Horizon's ability to pay its creditors; and
- is in the best interests of the Company as a whole.

The Board **unanimously recommends** that shareholders vote in favour of the resolution to approve the Share Capital Reduction.

No other material information

Other than as set out in this Notice (including the Explanatory Notes), and any other information previously disclosed to the Company's shareholders, there is no other information that is known to the Board which may reasonably be expected to be material to the making of a decision by shareholders whether or not to vote in favour of the resolution to approve the Share Capital Reduction.

Request for Direct Crediting of Dividends

Complete this section if you want your cash dividends paid directly into your nominated Australian bank, credit union or building society account. Until you advise otherwise, all future cash dividends will be paid into the nominated account.

IMPORTANT: DO NOT USE THE NUMBER QUOTED ON YOUR CREDIT CARD

If you do not complete this section or this form is incomplete, unsigned or invalid in any other way, you will continue to receive your dividends by cheque, but this does not override any previous Dividend Reinvestment Plan instructions.

Neither the company nor the registry will be responsible for any delays in crediting dividends to your nominated account as a result of transaction procedures or errors by any financial institution.

This instruction only applies to the specific holding identified by the SRN/HIN and the name appearing on the front of this form.

How to complete this form

A Tax File Numbers (TFN), Australian Business Numbers (ABN) or Exemptions

Please record your TFN, ABN or the appropriate exemption information. If you are exempt, but have a TFN, it is safer to provide your TFN in case your circumstances change.

For investments held jointly, details of only two security holders are required. If possible, you should give details of those securityholders with a TFN rather than those who are exempt.

For investments held on behalf of another person, such as a child or an aged or invalid person, enter the Trust TFN. If there is no Trust TFN, enter the Trustee's TFN or exemption. Where the investment is held by an adult for a child, the adult is the Trustee.

EXEMPTIONS

For details about who is exempt, please contact the Australian Taxation Office. To claim your exemption, please enter the number of the pension or benefit you receive from the following list:

DESCRIPTION	EXEMPTION CODE	DESCRIPTION	EXEMPTION CODE

Collection of Tax File Numbers is authorised and their use and disclosure are strictly regulated by the Tax Laws and the Privacy Act 1988 (Cth).

It is not an offence to withhold your TFN or, where the securities are held for a business purpose, your ABN. However, if you do not provide your TFN or ABN, tax may be deducted from payments of interest and the unfranked portion of dividends and distributions at the highest marginal rate.

This instruction will be applied in relation to the current and any future securities recorded in the register in respect of the specific holding identified by the SRN/HIN and the name appearing on the front of this form.
