Urbanise.com Limited (ASX:UBN) ("Urbanise" or "the Company") today provides a business update and quarterly cash flow report for the period ended 30 June 2021 (Appendix 4C). Urbanise is a leading provider of cloud-based Software-as-a-Service (SaaS) platforms to strata and facilities managers in Australasia, the Middle East, Europe and South Africa.

Urbanise's CEO Saurabh Jain said: "I am pleased to report FY2021 total revenue of \$11.5m¹ which is up 19.2% compared to last year. This growth reflects new wins and the conversion of backlog. With a closing cash balance of \$7.82m, we have sufficient cash runway for planned investment in growth initiatives in facilities management."

"During the fourth quarter, we completed the roll-out of our Strata platform across the New South Wales (NSW) portfolio of PICA, Australia's leading property services provider. This follows the completion of the roll-out across their Queensland (QLD) portfolio in Q1 FY2021 and their Victoria portfolio in 2019. This milestone has been a priority for Urbanise to complete in FY2021 and I thank our dedicated team and our PICA partners for their hard work and effort."

"In Q4 FY2021, total revenues from Strata increased by 16.4% to \$1.8m, benefiting from the NSW roll-out of the PICA project. Revenues from Facilities Management rose by 6.8% to \$1.1m as licence fee growth of 1.7% was impacted by the loss of a legacy customer reported in Q2 FY2021. The growth in FM licences excluding the loss was around 15% vs pcp, reflecting new contract wins during the year."

"Our investment in Facilities Management sales and marketing is yielding pipeline growth and new wins in our core APAC and Middle East markets. We continue to target Tier 2 FM Outsourcers, with our
