**Investment Manager Performance Fee Reinvestment**

Sandon Capital Pty Ltd (**Sandon Capital** or the **Investment Manager**) and entities associated with its directors and shareholders today have more than \$7.3 million invested in funds managed by Sandon Capital, including more than 2.1 million SNC shares.

While there is already a strong alignment of interests between the Investment Manager and SNC shareholder outcomes, Sandon Capital believes it can strengthen this alignment.

Sandon Capital has advised SNC's independent directors that from FY22 onwards, it intends to apply at least 50% of the after-tax proceeds of any SNC performance fees earned to the on-market purchase of SNC shares on the following basis:

- the Investment Manager currently intends to purchase SNC's shares on market after payment of the relevant performance fee where SNC's share price is trading at a discount to its after-tax net tangible asset position; and
- any such investment must comply with all applicable laws and SNC's securities trading policy; and
- all such purchases will be announced in accordance with standard related party disclosure and substantial shareholder notice requirements

It is currently intended that these purchases will take place in the 60 days after the Investment Manager is paid any performance fees.
