## **BUDDY TECHNOLOGIES LIMITED**

### **CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME**

FOR THE YEAR ENDED 30 JUNE 2021

#### **PRINCIPAL ACTIVITIES**

Buddy Technologies Limited (ASX:BUD) helps customers of any size “make every space smarter”. Buddy has two core businesses – its Commercial Business and Consumer Business. Buddy Ohm and Buddy Managed Services are the company’s core Commercial offerings that empower its customers to fully leverage digital technologies and their impact in a strategic and sustainable way. Buddy Ohm is a resource monitoring and analytics solution that provides energy monitoring, reporting and auditing services for commercial and industrial customers. Buddy Managed Services team licenses Buddy’s technology platforms to customers for integration into their own products.

Buddy’s Consumer Business trades under the LIFX brand and was acquired in 2019. LIFX has established a leading market position as a provider of smart lighting solutions. LIFX products are sold in over 100 countries worldwide, directly and via distribution and sales partnerships with leading retailers and ecommerce platforms including Amazon, JB Hi-Fi, Bunnings and Best Buy (in both the US and Canada).

#### **SUMMARY OF OPERATIONS**

Total customer revenues for the year ended 30 June 2021 were \$28,771,121, decreasing \$2,228,233, or 7% from \$30,999,354 in the previous year. This decrease was primarily the result of reduced service revenue in our Commercial business, which was significantly impacted by the COVID-19 pandemic. Further, growth in the Consumer business (LIFX) was also impacted by the COVID-19 pandemic, both due to closure of retail locations caused by lockdowns, and impact on the supply chain.

Cost of revenues decreased \$441,545 or 2% to \$21,341,142 in 2021 from \$21,782,687 in 2020 due to lower sales somewhat offset by higher parts and shipping costs due to the impact of COVID-19 on the world-wide supply chain.

Core operating expenses, which includes advertising & marketing expenses, financial, administration, insurance & compliance costs, IT & web costs, employee benefits expense and research & development costs decreased \$3,889,544 or 20% from \$19,943,486 in 2020 to \$16,053,942 in 2021.

The net loss for the year totaled \$6,641,141 which improved dramatically from a loss in the prior year of \$45,277,907. The 2021 loss was favorably impacted by the forgiveness of debt related to the acquisition of \$12,943,641, whereas the 2020 loss was negatively impacted by the write-down of intangible assets of \$18,600,000.

Included in expenses in 2021 are \$6,962,657 (\$8,489,312 in 2020) of non cash-based expenses (including depreciation, share based payments, amortization of intangibles, option based payments and income tax benefit), \$1,144,293 of expenses related to refinancings and \$8,277,342 (\$6,049,185 in 2020) of interest expense (including loan facility fees, arranger fees and the cost of shares issued in conjunction with those facilities) which is primarily related to our acquisition debt, the January 2021 debt restructuring and, to a lesser extent, our ongoing working capital facilities.

Share based payments, which represent the value of employee incentive performance rights that the Group issues as part of every employee’s compensation plan and totaled \$1,482,074 in 2021 – a decrease of \$581,913 from \$2,063,987 in the prior year primarily due to a lower share price and therefore a lower expense. Amortization of intangibles (\$6,680,000 in both 2021 and 2020) and income tax benefit (\$1,402,800 in 2021 and \$1,373,508 in 2020) are related to intangible assets and liabilities which resulted from the acquisition of Lifx in 2019.
