## **Executive Summary**

### DXN Progresses its Regional Edge Operator strategy

- DXN is acquiring the Secure Data Centre in Darwin for \$4.88m (Acquisition)
- DXN is planning to raise ~ \$7.1m in a combination of placement & share purchase plan (SPP) at a price of \$0.009 and
   a \$4m debt facility
  - Singapore-based Edge data centre operator, DC Alliance, has invested \$1.25m in this placement with a view to forming a strategic partnership with DXN
  - DXN has placed a further ~\$0.39 million to sophisticated investors in this placement
  - SPP of up to \$1.5m
  - Pure Asset Management Term Loan facility of \$4 million
  - The funds raised will be used for the Acquisition and working capital (to take advantage of the strong demand for modular data centres)
- The Darwin acquisition is another step in DXN's desire to position itself as a leading participant in the rapidly growing
   Edge data centre market in both Australia and the Asia Pacific region

# **Secure Data Centre Provides a Gateway to Subsea Cables and Domestic Fibre Routes**

- Secure Data Centre (SDC) has been in operation for 17 years and offers the only continuously maintainable data centre in the Northern Territory of Australia
- The data centre is a profitable well-maintained facility and provides an excellent gateway path into Asia and other subsea cables that may come into Australia as well as terrestrial cable systems in Australia
- The data centre is the most connected facility for telecommunication services in the Northern Territory
- The Subsea Cable from Vocus that extends from Port Headland to Darwin will now be linked to the ASC cable that extends Australia to Singapore

# **Secure Data Centre Acquisition**

### DXN expands its portfolio of Edge data centres

- DXN has entered an agreement to purchase Secure Data Centre (SDC), a data centre in Darwin, Northern
   Territory, for ~\$4.88m (including entitlements and warranties)
- ~\$3.83m in cash payable upon settlement, plus \$0.2m in equity on settlement, and \$0.85m warranty
   retention will be paid after 12 months from settlement
  - SDC's vendors to operate the facility and provide continuity with DXN for a period of three years (reviewed annually)
  - FY21 revenue of ~\$1.7m and EBITDA of ~\$0.7m
- SDC is the only continuously maintainable data centre in the Northern Territory
- Significant organic growth opportunity with ~70 racks occupied with the capacity to expand to 127 racks in existing data halls
- The acquisition adds further strength to DXN's position in Edge data centre ownership and operation, adding to the Hobart data centre acquired in May 2020

# Capital-lite Edge Data Centre Model

DXN will look to offset the capital component of its growth into the Edge DC market

- DXN will continue to look for brownfield and greenfield opportunities to expand its position in the Edge data centre market
- Large property development groups across Asia Pacific have recently shown a strong appetite to enter the
   Edge data centre market
- DXN believes there is an opportunity to utilise third party capital to facilitate the purchase of brownfield assets or the development of greenfield assets whilst retaining management control

# **Modular Manufacturing Update**

### Strong global demand for modular data centres

- DXN is well placed in the Asia Pacific and Australian markets, with strong demand for its high quality, bespoke data centre modules
- Key focus markets with a strong pipeline
