Dear Madam or Sir

**UPDATE REGARDING THE PROGRESSIVE RESUMPTION OF OPERATIONS AT THE SOLOMON HUB**

Fortescue Metals Group Ltd (Fortescue, ASX: FMG) advises that operations at its Solomon Hub are progressively resuming following the temporary suspension of mining and processing activity on 30 September 2021 as a result of the fatality of David Armstrong, a much loved and respected member of the Fortescue family.

Ore processing activity has recommenced and mining activity is progressively resuming. Fortescue continues to work closely with all relevant authorities on the incident investigation.

The health, safety and wellbeing of all Fortescue team members is the Company's highest priority. A range of support services are available across all sites, including the Fortescue Chaplains and Employee Assistance Program and assistance is being provided to our Solomon operations team members to support them during this difficult time.

Fortescue's guidance for FY22 shipments, C1 cost and capital expenditure remains unchanged.

Yours sincerely  
**Fortescue Metals Group Ltd**
