New Funds Management Initiative

- Elanor Investors Group establishes a new managed fund to acquire the \$136 million Warrawong Plaza shopping centre
- Significant retail repositioning of the asset to create a triple supermarket anchored non-discretionary focused sub-regional shopping centre
- The acquisition grows Elanor's assets and funds under management to \$2.5 billion

Elanor Investors Group ("ENN" or "Group") is pleased to announce the establishment of the Warrawong Plaza Fund ("Fund") to acquire the Warrawong Plaza shopping centre ("Warrawong Plaza" or "Centre") for \$136.35 million. The acquisition reflects an attractive 7.75% fully leased yield and \$3,143 per m² of lettable area, well below its replacement cost.

ENN CEO, Glenn Willis, said: "Following our recent acquisition of Clifford Gardens we are pleased to have secured another high-quality retail asset located in a region with strong economic fundamentals. This investment provides a further opportunity to build on our successful track record of repositioning sub-regional shopping centres into strongly performing, non-discretionary focused retail assets."

The Fund's repositioning strategy for the asset includes the introduction of a new full-line Woolworths supermarket to transform Warrawong Plaza into a strongly performing triple supermarket, single discount department store centre – the only centre in Greater Wollongong with all three major supermarket brands (Woolworths, Coles and ALDI).

ENN's Co-Head of Real Estate, Michael Baliva, added: "The execution of the Fund's repositioning strategy will transform Warrawong Plaza into the only triple supermarket anchored centre in the Wollongong region, providing a key point of difference to other retail centres in the trade area. The repositioning strategy will also improve the Centre's occupancy, trading performance and lease expiry profile to enhance its income and deliver a strong uplift in capital value for Fund investors."

ENN's Head of Retail, Development and Mixed Use, Matt Healy, added: "We are pleased with the Fund's repositioning strategy to replace an underperforming discount department store with a new full-line Woolworths supermarket and e-commerce fulfilment facilities. The introduction of new child-care, gymnasium, personal and allied health services will further improve the Centre's convenience-based offering focussed on every-day goods and services."
