Chairman's letter

Dear PAF Shareholders,

WAM Capital Limited (ASX: WAM) intends to acquire up to 100% of PM Capital Asian Opportunities Fund Limited's (ASX: PAF) Shares through the Offer outlined in this Bidder's Statement.

WAM Superior Offer

Based on WAM's 13 October 2021 share price of \$2.38, adjusted for the 7.75 cents per share fully franked final dividend payable on 29 October 2021, the Offer represents \$1.157 of implied value for PAF Shareholders. The implied value represents:

- a 7.1% premium to PAF's 8 October 2021 after-tax NTA;
- a 6.6% premium to the closing price of PAF Shares on the trading day before the date of this Bidder's Statement of \$1.085;
- a 5.7% premium to the implied value under the Scheme (see below); and
- a 5.2% premium to PAF's 8 October 2021 pre-tax NTA.

For further information see Section 11 of this Bidder's Statement.

PAF Directors believe PAF does not have a viable Future

The announcement of the proposed Scheme between PAF and PGF indicated that PAF Directors believe the company does not have a viable future as a listed investment company and as such, are now tasked with presenting PAF Shareholders with the most compelling exit opportunity. PAF's Directors have not undertaken a public or transparent process designed to elicit proposals that achieve a fair and equitable outcome for all PAF Shareholders.

A superior exit opportunity with WAM

WAM's Offer to acquire 100% of PAF Shares on superior terms to the opposed Scheme provides a meaningful choice for PAF Shareholders and their investments. Following acceptance of WAM's superior proposal, PAF Shareholders have the option to:

- remain a WAM Shareholder; or
- utilise WAM's superior on-market liquidity to exit your position at a premium to net tangible asset (NTA) backing.

The Offer allows PAF Shareholders to exit their PAF Shares by acquiring **1 WAM Share for every 1.99 PAF Shares** held. In the event that the Scheme Break Fee is removed, WAM's intention is to increase its Offer to **1 WAM Share for every 1.975 PAF Shares**.

PAF Shareholders are being offered consideration under the Offer that comprises a specified number of WAM Shares, rather than a number of WAM Shares with a specified market value. As a result, the value of the consideration will fluctuate depending on the value of WAM Shares.

Acquiring WAM Shares provides access to Wilson Asset Management's proven investment expertise and market-leading commitment to shareholder engagement, as well as WAM's diligent investment approach, which focuses on identifying undervalued growth companies with a catalyst and has led to strong investment portfolio outperformance since inception, greater market capitalisation, on-market liquidity and a lower management expense ratio.

Competing inferior offer

PM Capital Global Opportunities Fund Limited – scheme of arrangement

As announced 15 September 2021, PAF entered into a Scheme Implementation Deed with PM Capital Global Opportunities Fund Limited (ACN 166 064 875) (**PGF**) (**Scheme Implementation Deed**) under which PGF and PAF agreed to merge by means of a scheme of arrangement under Part 5.1 of the Corporations Act (**Scheme**).

Based on the 8 October 2021 scheme exchange ratio of 0.7152 and the PGF closing share price of \$1.53 per share on 13 October 2021, the Scheme represents \$1.094 per share of implied value for PAF shareholders.

The implied value represents a 0.5% discount to PAF's 8 October 2021 pre-tax NTA and a 0.9% premium to the PAF closing share price of \$1.085 per Share 13 October 2021.

Offer benefits both WAM Shareholders and PAF Shareholders

WAM employs both a research-driven investment process focused on undervalued growth companies and a market-driven investment process that seeks to invest in discounted assets and market mispricing opportunities.

As a result of WAM's share price premium to its NTA backing, WAM's Offer provides the dual benefit of being accretive to WAM's pre-tax NTA while still delivering PAF Shareholders the benefits of the attractive premium as set out above.

Conditions of the Offer

The Offer is subject only to the following Defeating Conditions as summarised below. PAF Shareholders are reminded that this is a summary only – please refer to Schedule 1 clause 8 for full detail on the Conditions to the Offer:

- a) before the end of the Offer Period, WAM has a Relevant Interest in at least 50.1% (by number) of PAF Shares;
- b) the merger of PAF and PGF by way of Scheme as announced on 15 September 2021 does not progress (see also Section 1.8 and Section 1.21);
- c) between the date of this Bidder's Statement and the end of the Offer Period there is no:
 - a. regulatory action which materially affects the Offer;
 - b. change to the current Investment Management Agreement;
 - c. Prescribed Occurrence;
 - d. material adverse change to the assets, liabilities, financial position, performance, profitability or prospects of PAF and/or its Subsidiaries;
 - e. change to PAF's ordinary course of business (constitution or board changes, encumbering assets);
 - f. superior alternative proposal announced, noting that the Scheme as announced on 15 September 2021 is not a superior alternative proposal to the Offer - see Section 1 for details;
 - g. removal of PAF from the official list of the ASX;
 - h. Material Transaction;
 - i. Material Litigation;
 - j. person other than WAM or its associates gaining or increasing their voting power in PAF by 5% or more
- d) the pre-tax NTA of PAF does not decline by 5% or more below the pre-tax net NTA of PAF of 1.10 per share, announced to the ASX on 27 September 2021;
- e) the S&P/ASX All Ordinaries Accumulation Index does not close at a level that is 5% or more below the level of that index at 5.00pm (Sydney time) on the trading day immediately prior to the Announcement Date and remaining at or below that level for at least two consecutive trading days;

The Offer is scheduled to close at 7:00pm (Sydney time) on 29 November 2021.

The above information is a summary only of key elements of this Bidder's Statement. PAF Shareholders should read this Bidder's Statement in its entirety before making any decision in relation to the Offer.

The Offer provides two significant benefits to all PAF Shareholders

1. A highly attractive premium

The Offer Consideration is 1 WAM Share for every 1.99 PAF Shares you own. This represents a highly attractive premium over the historical market price of PAF Shares.

As announced 15 September 2021, PAF entered into a Scheme Implementation Deed with PM Capital Global Opportunities Fund Limited (ACN 166 064 875) (**PGF**) (**Scheme Implementation Deed**) under which PGF and PAF agreed to merge by means of a scheme of arrangement under Part 5.1 of the Corporations Act (**Scheme**). The Scheme Implementation Deed provides for a mutual break fee of \$500,000 payable by each of PAF and PGF to the other in certain circumstances under which the Scheme does not proceed (**Scheme Break Fee**). As associates with a common investment manager, the cost, effort or risk involved for PAF and PGF in proposing the Scheme is minimal, and in these circumstances, the Scheme Break Fee should not have been agreed between PAF and PGF. WAM has encouraged PGF and PAF to remove the Scheme Break Fee by mutual agreement and if it is removed, WAM's intention is to increase its Offer to 1 WAM Share for every 1.975 PAF Shares, representing an additional implied value of 0.9 cents per PAF Share you own.

PM Capital Limited (ACN 083 644 731) (**PAF Manager**) is the investment manager for both PAF and PGF, and PGF presently holds a 19.9% shareholding interest in PAF.

WAM does not support the proposed Scheme. WAM's Offer is a superior alternative proposal to the proposed Scheme, representing a premium to the implied value to PAF Shareholders under that Scheme.

Based on the 8 October 2021 Scheme exchange ratio of 0.7152¹ and the PGF closing share price of \$1.53 per share on 13 October 2021, the Scheme represents \$1.094 per share of implied value for PAF Shareholders.

Based on WAM's 13 October share price, adjusted for the 7.75 cents per share fully franked final dividend payable on 29 October 2021, the Offer represents \$1.157² of implied value for PAF Shareholders. The implied value represents:

- a 7.1% premium to PAF's 8 October 2021 after-tax NTA;
- a 6.6% premium to the closing price of PAF Shares on the trading day before the date of this Bidder's Statement of \$1.085;
- a 5.7% premium to the implied value under the Scheme; and
- a 5.2% premium to PAF's 8 October 2021 pre-tax NTA.

2. A choice about their future as a shareholder

Subject to the Offer being successful WAM is providing PAF Shareholders who accept the Offer with a choice, either:

- (a) remain a WAM Shareholder; or
- (b) utilise WAM's superior on-market liquidity to exit their position.

¹ The Scheme calculation ratio of 0.7152 is calculated based on the PAF 8 October 2021 post-tax NTA (excluding deferred tax assets) announced on 11 October 2021 of \$1.08 per share dividend by the PGF 8 October 2021 post-tax NTA (excluding deferred tax assets) announced on 11 October 2021 of \$1.51 per share.

² The premium calculations are based on the WAM Share price of \$2.38 as at 13 October 2021.

a) Remain a WAM shareholder

The benefits of taking up the Offer and remaining a WAM Shareholder include gaining access to:

- Wilson Asset Management's investment expertise and experience;
- Wilson Asset Management's commitment to shareholder engagement;
- WAM's track record of investment portfolio outperformance;
- WAM's greater market capitalisation and on-market liquidity; and
- WAM's lower management expense ratio.

Wilson Asset Management's investment expertise and experience

Established in 1997 by Geoff Wilson AO, the investment manager of WAM, Wilson Asset Management is an independently owned investment manager and LIC specialist based in Sydney, Australia, responsible for investing more than \$5.0 billion in Australian and international companies on behalf of 110,000 retail investors across eight LICs. The investment team comprises 14 highly experienced professionals with more than 190 years' combined investment experience and a total focus on managing money. Wilson Asset Management has a strong track record of delivering risk-adjusted returns for shareholders and making a difference for investors and the community for more than 20 years.

Wilson Asset Management created and is the lead supporter of the first LICs to deliver both investment and social returns: Future Generation Australia (ASX: FGX) and Future Generation Global (ASX: FGG). Wilson Asset Management advocates and acts for retail investors, is a member of the global philanthropic Pledge 1% movement and provides all team members with \$10,000 each year to donate to charities of their choice. This philanthropic investment is made by Wilson Asset Management.

For further information about WAM see Section 2.

Wilson Asset Management's commitment to shareholder engagement

Shareholders are the owners of a LIC. Wilson Asset Management believes shareholder engagement is crucial to the success of a LIC and provides:

- Updates from our Lead Portfolio Managers;
- Investment team insights at WAM Vault: wilsonassetmanagement.com.au/vault;
- Regular roundtables with our shareholders and planners, advisers and their clients;
- NTA reports and investment updates;
- Shareholder Q&A calls;
- Presentations and lunches across Australia; and
- Annual and interim results announcements.

WAM's track record of investment portfolio outperformance

WAM's investment portfolio has returned 16.7% per annum over more than 20 years, outperforming the S&P/ASX All Ordinaries Accumulation Index by 8.0% per annum.

Performance at
30 September 2021

	FYTD	1 yr	3 yrs %pa	5 yrs %pa	10 yrs %pa	Since inception
--	------	---------	--------------	--------------	---------------	--------------------

WAM Capital Investment Portfolio	6.4%	31.2%	11.8%	10.8%	15.0%	16.7%
S&P/ASX All Ordinaries Accumulation Index	2.0%	31.5%	10.4%	10.8%	10.9%	8.7%
Outperformance	+4.4%	-0.3%	+1.4%	0.0%	+4.1%	+8.0%

Investment Portfolio performance is before expenses, fees and taxes to compare with the relevant Index, which is also before expenses, fees and taxes.

WAM's greater market capitalisation and on-market liquidity

WAM believes that shares in larger LICs are more likely to trade at a premium to their pre-tax NTA than the shares of smaller LICs. WAM has a market capitalisation of \$2.1 billion as at 13 October 2021. Assuming the Offer is successful and WAM acquires 90% of PAF Shares and proceeds to compulsory acquisition, the combination of PAF and WAM will be significantly larger than PAF on a standalone basis. Based on the pre-tax NTA of WAM and PAF as at 30 September 2021, the Enlarged Group would have a combined pre-tax NTA of approximately \$1.8 billion, which would make it one of the largest ASX listed investment companies (LICs) in terms of pre-tax NTA. For further information about the Enlarged Group see Section 6.

WAM's lower management expense ratio

Apart from general corporate expenses, the main expenses that each of WAM and PAF incur as LICs are investment management expenses. These expenses, paid to WAM's and PAF's respective investment managers (excluding GST), are set out below:

- WAM management fee 1.0%; and
- PAF management fee 1.0%.

The historical management expense ratios³ for 2020 and 2021 of each WAM, PAF and PGF, are set out below:

MER	FY21	FY20
WAM Capital Limited	1.10%	1.12%
PM Capital Asian Opportunities Fund Limited	1.67%	1.59%
PM Capital Global Opportunities Fund Limited	1.21%	1.19%

b) Utilise WAM's greater on-market liquidity to exit their position

WAM has greater on-market liquidity than PAF. The Enlarged Group will also have a substantially greater market capitalisation than PAF. This may provide further increased levels of liquidity in contrast to the liquidity of PAF Shares.

As a result, PAF Shareholders who do not wish to become long-term WAM Shareholders can accept the Offer and utilise WAM's liquidity to exit their position at a premium to both the PAF Share price and the PAF pre-tax NTA.⁴

³ The management expense ratios are calculated by comparing company related expenses, together with the management fee, to the average net assets over the period. The calculation excludes portfolio related expenses such as finance costs, dividends on borrowed stock and brokerage.

⁴ PAF Shareholders are being offered consideration under the Offer that comprises a specified number of WAM Shares, rather than a number of WAM Shares with a specified market value. As a result, the value of the consideration, and any premium as a result, will fluctuate depending on the value of WAM Shares, the value of PAF Shares and the value of PAF's underlying pre-tax NTA.

The Offer consideration is 1 WAM Share for every 1.99 PAF Shares you hold. In the event that the Scheme Break Fee is removed, WAM's intention is to increase its Offer to 1 WAM Share for every 1.975 PAF Shares you own. The terms of the Offer are set out in Schedule 1 of this Bidder's Statement.

1.3. What is the Value of the Offer?

Based on the closing price of WAM Shares on the ASX on 13 October 2021 (the last trading day before the date of this Bidder's Statement) of \$2.38, adjusted for the 7.75 cents per share fully franked final dividend payable on 29 October 2021, the implied Offer value is approximately \$1.157 per PAF Share, a premium of 6.6% to the closing price of PAF Shares on 13 October 2021.

The implied value represents:

- a 7.1% premium to PAF's 8 October 2021 after-tax NTA;
- a 6.6% premium to the closing price of PAF Shares on the trading day before the date of this Bidder's Statement of \$1.085;
- a 5.7% premium to the implied value under the Scheme; and
- a 5.2% premium to PAF's 8 October 2021 pre-tax NTA.

1.4. How do I accept the Offer?

CHESS Holdings

If your PAF Shares are in a CHESS Holding, to accept the Offer you must either:

- (a) instruct your Controlling Participant (usually your Broker) to accept the Offer on your behalf; or
- (b) complete, sign and return the enclosed Acceptance Form in accordance with the instructions contained within it.

Issuer Sponsored Holdings

If your PAF Shares are held in an Issuer Sponsored Holding, to accept the Offer you must complete, sign and return the enclosed Acceptance Form in accordance with the instructions contained within it.

Participants

If you are a Participant (as defined in the ASX Settlement Rules – typically a Broker who is a participating organisation of ASX Settlement), the above does not apply. To accept the Offer you must initiate acceptance in accordance with the ASX Settlement Operating Rules.

1.5. Can I accept the Offer for part of my holding?

No, you can only accept for your entire holding. Your acceptance will be treated as being for all your PAF Shares plus any additional PAF Shares registered as held by you at the date your acceptance is processed.

1.6. If I accept the Offer will I receive the WAM Dividend?

No, under the proposed timetable for the Offer, accepting PAF Shareholders will not be eligible to receive the WAM dividend payable on 29 October 2021. For further information about when you will be issued WAM Shares see section 1.10.

1.7. Are there any conditions to the Offer?

Yes, the Offer is subject to the conditions detailed at clause 8.1 of Schedule 1 of this Bidder's Statement (**Conditions**), and summarised in the Chairman's letter.

Please see Schedule 1 for further details of the Conditions to the Offer. If the Conditions are not satisfied before the Offer closes or waived by WAM the Offer will lapse. WAM will make an announcement to the ASX if the Conditions are satisfied or waived during the Offer Period.

1.8. What happens if I accept the Offer?

If you accept the Offer and it becomes or is declared unconditional, you will be issued WAM Shares within the specified timeframe. Once you accept the Offer in respect of all of your PAF Shares (even while it remains subject to Defeating Conditions), you will not be able to sell those PAF Shares or otherwise deal with the Rights attaching to those PAF Shares subject to your limited statutory rights to withdraw your acceptance in certain circumstances.

This includes appointing WAM as your attorney to vote at any PAF Shareholder meeting (see Schedule 1 clauses 8.9(f) and 8.9(g)). WAM does not support the proposed Scheme; as demonstrated throughout this Bidder's Statement, the WAM Offer is a superior proposal for PAF Shareholders when compared with the proposed Scheme and WAM therefore expects PAF Directors to recommend WAM's Offer. Should the Scheme progress and if WAM is entitled to vote at PAF's Scheme meeting, WAM will vote against any PAF Shareholder resolution implementing the Scheme.

PAF Shareholders are being offered consideration under the Offer that comprises a specified number of WAM Shares, rather than a number of WAM Shares with a specified market value. As a result, the value of the consideration will fluctuate depending on the value of WAM Shares.

1.9. What happens if I do not accept the Offer?

Subject to the below, if you do not accept the Offer you will remain the holder of your PAF Shares and you will not be issued WAM Shares.

If WAM obtains a Relevant Interest in at least 90% of the PAF Shares (by number) on issue at any time during the Offer Period and the Defeating Conditions are satisfied or waived, WAM presently intends to proceed to compulsorily acquire your PAF Shares if you have not accepted the Offer (see Section 7.3). At the conclusion of the compulsory acquisition process, you will receive 1 WAM Share for every 1.99 PAF Shares which are compulsorily acquired. You will receive consideration for your PAF Shares sooner if you accept the Offer. In the event that the Scheme Break Fee is removed, WAM's intention is to increase its Offer to 1 WAM Share for every 1.975 PAF Shares you own, and any increased Offer will be available to shareholders subject to the compulsory acquisition.

If WAM obtains a Relevant Interest in less than 90% of PAF Shares, WAM will not be able to proceed to compulsorily acquire your PAF Shares. WAM's intentions if it has a Relevant Interest in less than 90% of PAF Shares are described in Section 7.

1.10. If I accept the Offer, when will I receive my WAM Shares?

If you accept this Offer, WAM will, in the usual course, issue the WAM Shares to which you are entitled on or before the earlier of:

- the day one month after you accept this Offer or, if this Offer is subject to Conditions when accepted, one month after the contract resulting from your acceptance becomes unconditional; or
- the day 21 days after the end of the Offer Period.

Full details of when you will be issued the consideration are set out in Schedule 1. It is WAM's intention however to issue the Offer Consideration within seven days of the end of the Offer Period (provided that the Offer is then unconditional).

1.11. Am I entitled to receive any PAF dividend declared?

If a dividend is declared or paid by PAF after the Announcement Date, and you receive the dividend, or are issued PAF Shares under the PAF DRP, the consideration issued to you will be reduced. See clauses 7.6 and 7.7 of Schedule 1.

1.12. Can I withdraw my acceptance?

Under the terms of the Offer, you cannot withdraw your acceptance unless a withdrawal right arises under the Corporations Act. Such a withdrawal right will arise if, after you accept the Offer, WAM varies the Offer in a way that postpones for more than one month from the time when WAM has to meet its obligations under the Offer.

In the event that the Offer is extended for any reason, but for less than one month you will not be able to withdraw from the Offer.

1.13. When does the Offer close?

The Offer is currently scheduled to close at 7:00 pm (Sydney time) on 29 November 2021, unless extended or withdrawn.

1.14. Can WAM extend the Offer Period?

Yes, the Offer can be extended by WAM or otherwise in accordance with the Corporations Act. You will be sent written notice of any extension, as required by the Corporations Act.

1.15. What rights will my WAM Shares have?

The WAM Shares issued under the Offer will be fully paid and will rank equally for dividends with existing WAM Shares and have the same rights (including voting rights) as existing WAM Shares.

A detailed explanation of the rights and liabilities attaching to WAM Shares is set out in Section 11.3.

1.16. Will my WAM Shares be listed on the ASX?

An application will be made within seven days after the date of this Bidder's Statement to the ASX for Official Quotation of the WAM Shares issued under the Offer. Quotation of the WAM Shares to be issued under the Offer will not be automatic but will depend on the ASX exercising its discretion to admit them to the Official List.

WAM is already admitted to the Official List of ASX and shares in WAM in the same class or on the same terms as those to be issued under the Offer are already quoted.

1.17. What are the tax implications of accepting the Offer?

A general description of the taxation treatment for certain Australian resident PAF Shareholders accepting the Offer is set out in Section 10.

You should consult your taxation adviser for detailed taxation advice before deciding whether or not to accept the Offer for your PAF Shares.

PAF Shareholders should be aware that if WAM does not acquire ownership of at least 80% of PAF Shares, then rollover relief will not be available to PAF Shareholders in respect of any capital gain that is made on the receipt of WAM Shares as consideration.

1.18. What are the significant risks of the Offer?

You should carefully consider the risk factors that could affect the performance of WAM and the Enlarged Group before deciding whether to accept the Offer. Many of these risks are outside the control of WAM and the WAM Board, and cannot be mitigated. A summary of the key risks is set out in Section 8.

1.19. Will I need to pay brokerage?

On acceptance of this Offer, if you have an Issuer Sponsored Holding you will exchange your PAF Shares for WAM Shares without incurring brokerage fees.

If your PAF Shares are held in a CHESS Holding or you hold your PAF Shares through a bank, custodian or other nominee, you should ask your Controlling Participant (usually your Broker or the bank, custodian or other nominee) whether it will charge you any transaction fees or service charges connected with you accepting the Offer.

If you are a Foreign Shareholder, the cash proceeds that you will be sent (following the sale of WAM Shares that you would otherwise have been entitled to receive under the Offer) will be net of transaction costs and will be paid by cheque in Australian dollars.

If you choose not to accept the Offer, should you wish to exchange your PAF Shares for WAM Shares, you may be required to sell your shares on market, and use the proceeds to

purchase WAM Shares. You may ordinarily be required to pay brokerage fees on both the sale and the purchase of shares.

1.20. Will I need to pay stamp duty?

There should be no stamp duty payable by PAF Shareholders upon the issue to them of WAM Shares. Should any stamp duty be payable on the transfer of PAF Shares to WAM pursuant to the Offer due to a change in the relevant legislation during the Offer Period, these costs will be paid by WAM.

1.21. What happens if PAF progresses the Scheme?

WAM does not support the proposed Scheme. As demonstrated throughout this Bidders Statement, WAM Offer is a superior proposal for PAF Shareholders when compared with the Scheme and we therefore expect PAF Directors to recommend WAM's Offer.

One of the Offer's Conditions is that the Scheme does not progress – see Schedule 1 clause 8 for details of all Conditions. WAM would only seek to rely on this Condition in the event that PAF's Directors progressed the Scheme at odds with their previous statements in relation to superior proposals. Should the Scheme progress and if WAM is entitled to vote at PAF's Scheme meeting, WAM will vote against any PAF Shareholder resolution implementing the Scheme.

1.22. Why is WAM making the Offer?

Announcement of the proposed Scheme indicates that PAF's Directors do not consider PAF viable as a standalone entity in the future. WAM Shareholders can benefit from the WAM Share price premium to NTA to acquire PAF Shares a discount to PAF's (pre and post tax) NTA, while still delivering the attractive premiums to PAF Shareholders as set out at Section 1.3, above.

- provide capital growth; and
- preserve capital.

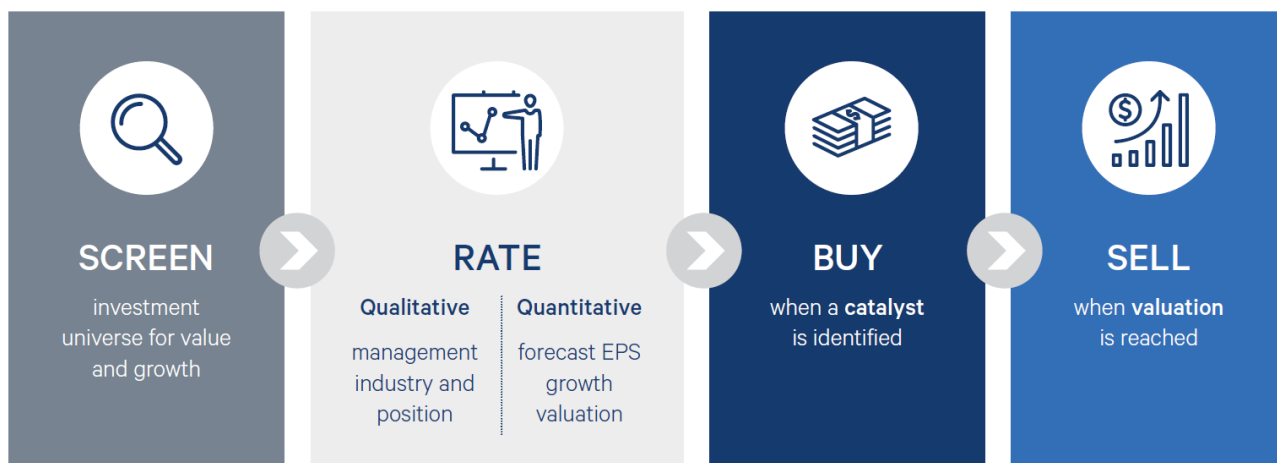

The above is not intended to be a forecast. It is merely the Investment objectives of WAM. WAM may not be successful in meeting these objectives.

WAM provides investors with access to Wilson Asset Management's two distinctive investment processes:

- a research-driven process focused on identifying undervalued growth companies; and
- a market-driven process that takes advantage of market mispricing opportunities.

Research-driven investing

The research-driven investment process identifies undervalued growth companies through diligent and deep research that focuses on free cash flow, return on equity and the quality of a company. Each company is carefully rated with respect to management, earnings growth potential, valuation and industry position. Under this proprietary process, the investment team will only ever invest in a security once it can identify a catalyst or event that it expects will change the market's valuation of the company.

Market-driven investing

This investment process takes advantage of short-term mispricing opportunities in the Australian equity market. Opportunities are derived from initial public offerings, placements, block trades, rights issues, corporate transactions (such as takeovers, mergers, schemes of arrangement, corporate spinoffs and restructures), arbitrage opportunities, LIC discount arbitrages, short selling and trading market themes and trends.

6. Profile of the Enlarged Group

6.1. Introduction

The profile of the Enlarged Group will vary depending on the outcome of this Offer. The description of the Enlarged Group in this Section (unless otherwise specified) assumes that PAF will become a wholly-owned Subsidiary of WAM.

There is no guarantee of this outcome occurring. If WAM does not acquire the 90% or more of PAF Shares required to entitle it to compulsorily acquire PAF Shares during the Offer Period, some of the benefits that would otherwise accrue to WAM if PAF were to become a wholly-owned Subsidiary of WAM may not be fully realised.

6.2. Overview of the Enlarged Group

The Enlarged Group would be publicly listed on the ASX. The Enlarged Group's investments will be managed by Wilson Asset Management, however, subject to WAM's intentions set out in Section 7, PAF's investments will continue to be managed by the PAF Manager under the PAF Investment Management Agreement.

Assuming that WAM acquires 100% of PAF as part of the Offer, the Enlarged Group would have a combined pre-tax NTA of approximately \$1,800.2 million as at 30 September 2021.

6.4. Summary of information

The information included in this Section 6 is unaudited pro forma financial information for the Enlarged Group comprising of WAM and PAF as at 30 June 2021 on the basis that WAM acquires 100% of PAF, assuming completion of the Offer as at 30 June 2021.

The unaudited pro forma combined statements of financial position of the Enlarged Group as at 30 June 2021 (Pro Forma Statement of Financial Position) presented above has been produced with reference to the audited financial report for WAM as at 30 June 2021 and the audited financial report for PAF as at that date. The financial information reflects the latest publicly available information for PAF that is capable of being compared.

The WAM Board has assessed the requirements of AASB 2013-5 Amendments to Australian Accounting Standards – Investment Entities and have applied the criteria set out in that

standard to the operations of WAM. WAM is therefore considered to be an investment entity and as a result, the investment in PAF (being a wholly owned entity of the WAM) would not be consolidated into the financial statements, but rather is accounted for as a financial asset at FVTPL. After acquisition, subsequent movements in the fair value of the identifiable net assets of the controlled entity are recoded as fair value gains or losses through the statement of financial performance.

The pro forma financial information does not represent what the Enlarged Group would look like on a combined basis, since it is not possible to produce this information from publicly available information and due to the accounting policies of WAM. No adjustments for potential synergy benefits have been included as the exact timing and amount of those benefits cannot be reliably estimated. However, the Pro Forma Statement of Financial Position does reflect the issue of new WAM Shares to PAF Shareholders, and other adjustments required as a result of this Offer.

The Pro Forma Statement of Financial Position is for illustrative purposes only and is based on numerous assumptions that may or may not reflect the actual financial position of the Enlarged Group after completion of the Offer. In addition, the Pro Forma Statement of Financial Position is presented in a summary format and therefore does not contain all the disclosures required under the Corporations Act.

Financial information relating to PAF has been sourced from its publicly available information. WAM has relied on the information in the monthly investment portfolio update and NTA reports of PAF as well as audited financial reports issued by PAF to prepare the financial information contained in this document.

WAM does not, except as required by law, make any representation or warranty, express or implied, as to the accuracy or completeness of this information. WAM has not been able to independently verify any of the financial information relating to PAF used in this document, for providing pro forma financial information.

The pro forma financial information presented in this section should also be read in conjunction with the risks set out in Section 8, other information contained in this Bidder's Statement, and the accounting policies of WAM and PAF as disclosed in their most recent audited financial reports.

The accounting policies of WAM and PAF are not considered materially different. The significant accounting policies adopted in the preparation of the historical financial information are disclosed in WAM's audited Annual Report for the year ended 30 June 2021.

6.5. No forward looking financial statements

This document does not provide revenue or profit projections for the Enlarged Group. WAM does not believe that it has reasonable grounds to include revenue or profit forecasts in this Bidder's Statement. WAM believes that the inclusion of revenue or profit forecasts would be unduly speculative and potentially misleading for PAF Shareholders.

6.6. Prospective financial information of the Enlarged Group

WAM has given careful consideration as to whether a reasonable basis exists to produce reliable and meaningful forecast financial information on the Enlarged Group. The WAM Board has concluded that providing forecast financial information would be misleading. A reasonable basis does not exist for producing forecasts that would be sufficiently meaningful and reliable, particularly considering the effect that variations in key inputs may have on future earnings performance.

The Enlarged Group will continue to pursue investment activities – primarily investing in equities listed on the ASX – to achieve its stated objectives.

The future performance of the Enlarged Group is dependent on the performance of its investments. In turn, the performance of these investments is impacted by investee company-specific factors and prevailing industry conditions. In addition, a range of external factors including economic growth rates, interest rates, exchange rates and macro-economic conditions impact the overall equity market and these investments. As such, the WAM Board do not believe it is possible or appropriate to accurately predict the future performance of the Enlarged Group's investments and, therefore, its performance.

7. WAM's intentions

7.1. General

This Section 7 sets out WAM's intentions in relation to:

- (a) the continuation of PAF's business;
- (b) any significant changes to be made to PAF's business, including any redeployment of PAF's fixed assets; and
- (c) the future employment of PAF's employees (where applicable).

WAM's intentions are based on the information known, and the circumstances that exist, at the date of this Bidder's Statement.

WAM has reviewed information in the public domain concerning PAF, its business and the general business environment in which it operates. Based on its review of that material, and on its current assessment of PAF's operations, WAM's intentions in relation to PAF are summarised below. Statements set out in this Section are statements of current intention only which may change as new information becomes available or circumstances change.

7.2. Strategic Review

As WAM does not currently have access to all material information, facts and circumstances which it considers necessary to assess the operational, commercial, taxation and financial implications of its current intentions, final decisions on these matters have not been made. Upon successful completion of the Offer, and in the event that WAM controls more than 50% of PAF's Shares, WAM proposes to conduct a review of the strategy, operations, activities, assets and employees (based on publicly available information PAF has no fixed assets or employees) of PAF in light of the information which then becomes available to it (**Strategic Review**).

This Strategic Review will:

- (a) confirm whether WAM should proceed with a realisation of PAF's investments and conduct a return of capital;
- (b) explore other investment strategies for PAF's remaining cash; and
- (c) seek to make appropriate provisions for any of PAF's ongoing liabilities.

Final decisions will only be reached in light of all material facts and circumstances. Accordingly, the statements set out in this Section 7 are statements of current intention only which may change as new information becomes available or circumstances change.

7.3. WAM's intentions upon controlling 90% or more of PAF Shares

This Section sets out WAM's intentions if it controls 90% or more of PAF Shares and becomes entitled to proceed to compulsory acquisition of PAF Shares under the Corporations Act:

- (a) WAM intends to undertake the Strategic Review;

- (b) WAM currently intends to proceed to compulsory acquisition of the remaining PAF Shares if it becomes entitled to do so under the Corporations Act;
- (c) WAM will seek to remove PAF from the Official List of the ASX;
- (d) WAM intends to replace all PAF Directors with its nominees;
- (e) WAM intends to work constructively with the PAF Manager; and
- (f) Based on publicly available information, it appears that PAF has no employees. If at the relevant time PAF does employ any person, then, subject to the Strategic Review, it may be necessary to redeploy or make some of PAF's employees redundant. If redundancies do occur, the relevant employees will receive benefits in accordance with their contractual and other legal entitlements.

7.4. WAM's intentions upon controlling more than 50.1% but less than 90% of PAF Shares

If WAM, by virtue of acceptance of the Offer, acquires a Relevant Interest in PAF of more than 50.1% but less than 90%, its current intentions are as set out below:

- (a) PAF will become a controlled entity of WAM;
- (b) WAM intends to undertake the Strategic Review;
- (c) Subject to the Corporations Act and the Strategic Review, WAM proposes to seek the appointment of a majority of WAM nominees to the PAF Board. WAM has not made any decisions as to who would be nominated for appointment. WAM may also seek to add to, replace or reorganise the roles of a proportion of the members of the PAF Board to reflect the proportionate ownership interest of WAM and other PAF Shareholders;
- (d) WAM intends to work constructively with the PAF Manager;
- (e) WAM may seek to remove PAF from the Official List of the ASX;
- (f) WAM may, at some later time, acquire further PAF Shares in a manner consistent with the Corporations Act;
- (g) If WAM becomes entitled at some later time to exercise general compulsory acquisition rights under Part 6A.2 of the Corporations Act, it may exercise those rights; and
- (h) WAM may consider acquiring additional PAF Shares under the "creep" provisions of Item 9 in section 611 of the Corporations Act (which allows for WAM and its Associates to acquire up to 3% of PAF Shares every 6 months); and
- (i) WAM intends to undertake the activities referred to in this Section 7.4 to the extent permitted by its control of PAF.

7.5. WAM's intentions upon controlling less than 50.1% of PAF Shares

WAM reserves its right to declare the Offer free from the 50.1% minimum acceptance Condition (or any other Condition) to the Offer. However, WAM has not yet decided whether it will free the Offer of the Conditions.

In that circumstance:

- (a) WAM has a Relevant Interest in less than 50.1%, to the extent possible through its non-controlling holding of PAF Shares, WAM will endeavour to give effect to the intentions set out in Section 7.4. However, WAM considers that its ability to effect the intentions set out in Section 7.4 will be significantly limited if WAM is unable to achieve the level of shareholding; and
- (b) WAM may consider acquiring additional PAF Shares under the “creep” provisions of Item 9 in section 611 of the Corporations Act (which allows for WAM and its Associates to acquire up to 3% of PAF Shares every 6 months) until it achieves a majority Voting Power. WAM has not yet decided whether it will acquire further PAF Shares in the event it controls less than 50.1%.

7.6. Limitations on intentions

The intentions and statements of future conduct set out in this Section 7 must be read as being subject to:

- (a) the outcome of the Strategic Review;
- (b) the law (including the Corporations Act) and the Listing Rules, including in particular the requirements of the Corporations Act and the Listing Rules in relation to conflicts of interest and “related party” transactions given that, if WAM gains control of PAF but does not acquire all of the PAF Shares, it will be treated as a related party of PAF for these purposes; and
- (c) the legal obligations of the PAF Directors at the time, including any nominees of WAM, to act in good faith and in the best interests of PAF and for proper purposes and to have regard to the interest of all PAF Shareholders (in which regard the role of independent directors of PAF will also be important).

8. Risk factors

8.1. Introduction

The future investment performance of WAM and the future performance of the WAM Shares may be influenced by a range of factors, many of which are outside the control of WAM. WAM is subject to risks that are both of a general nature and risks which are specific to its business activities.

This Section describes what WAM considers to be some of the key risks associated with WAM's business, the industry in which it operates, and the risks associated with an investment in WAM, including:

- risks specific to the Offer;
- risks specific to WAM;
- risks specific to PAF;
- general risks; and
- risks relating to the Enlarged Group.

The risks listed in this Section should not be considered to be an exhaustive list of every possible risk associated with accepting the Offer, the industry in which WAM operates, or the risks associated with an investment in WAM now or in the future. The types of risks to which WAM is exposed can change over time and vary with changes in economic, technological, environmental and regulatory conditions. The occurrence or consequences of some of these risks are partially or completely outside of the control of WAM.

The selection of risks is based on an assessment of a combination of the probability of the risk occurring, the ability to mitigate the risk and the impact of the risk if it did occur. They are not listed in order of likelihood of occurrence or impact. The assessment is based on the knowledge of WAM Directors and management as at the date of this Bidder's Statement, but there is no guarantee or assurance that the importance of these or other risks will not change or that no other new risks will emerge. Any of these risks, and any other risks that may emerge, may have a material adverse effect on the operations, performance and position of WAM. There can be no guarantee that WAM will achieve its stated objectives or that any forward-looking statements or forecasts will eventuate.

Before accepting the Offer, you should read the entire Bidder's Statement carefully and satisfy yourself that you have a sufficient understanding of the risks described in this Section 8, together with the other information set out in this Bidder's Statement. You should also consider whether accepting the Offer is suitable for you in light of your investment objectives, financial situation, taxation position and particular needs. If you do not understand any part of this Bidder's Statement or have any questions about whether to accept the Offer, you should consult your accountant, financial adviser, stockbroker, solicitor or other independent and qualified professional adviser before deciding whether to accept the Offer.

8.2. Risks specific to the Offer

The following risk factors may arise as a result of the Offer and the acquisition of PAF Shares by WAM.

Conditions to the Offer

As described in Schedule 1 of this Bidder's Statement, the Offer is subject to a number of conditions.

Subject to any statutory withdrawal rights that may be available, PAF Shareholders who accept the Offer while it still remains conditional will no longer be able to trade their PAF Shares on the ASX or withdraw their acceptance of the Offer. PAF Shareholders should be aware that the market price of PAF Shares may exceed the implied price under the Offer during the Offer Period.

For those PAF Shareholders who accept the Offer and the conditions remain unsatisfied at the end of the Offer Period, and are not otherwise waived by WAM, there is no obligation on WAM to issue WAM Shares to you as consideration for your PAF Shares. In those circumstances, any acceptances of the Offer will be void and you would then be free to deal with your PAF Shares.

Limited withdrawal rights

PAF Shareholders may only withdraw their acceptance of the Offer in limited circumstances. Otherwise, PAF Shareholders will be unable to withdraw their acceptances, even if the value of the WAM Shares to be issued to PAF Shareholders as consideration varies from the date of their acceptance.

Issue of WAM Shares as the Offer Consideration

PAF Shareholders are being offered consideration under the Offer that comprises a specified number of WAM Shares, rather than a number of WAM Shares with a specified market value. As a result, the value of the consideration will fluctuate depending on the value of WAM Shares. Furthermore, if current WAM Shareholders or current PAF Shareholders who accept the Offer do not wish to hold shares in the Enlarged Group and seek to sell their shares, this may have material adverse effect on the Enlarged Group and the market price of WAM Shares.

Accordingly, the market value of WAM Shares at the time you receive them may vary significantly from their market value on the date of your acceptance of the Offer. This may result in the value of the consideration to PAF Shareholders increasing as well as decreasing.

Less than 100% ownership

It is possible that WAM may not acquire all PAF Shares under the Offer. The impact upon WAM of acquiring less than 100% will depend upon the final level of ownership acquired. However, the existence of minority shareholders in PAF could have an impact on WAM's intentions regarding PAF (refer to Section 7).

PAF information

In preparing the information on PAF included in this Bidder's Statement, WAM has relied on publicly available information of PAF only. WAM has not had direct access to PAF Directors

or its auditors. In addition, it is possible that additional risks may exist in relation to PAF's operations that are unknown to WAM.

There is also a risk that the publicly available financial information of PAF utilised by WAM in formulating the Offer and preparing this Bidder's Statement is not materially correct.

Reporting risks

WAM has assumed that PAF has met all of its reporting obligations and that disclosures made by it are true and are not misleading in any material respects.

Dilution risks

As the consideration payable for the Offer consists of WAM Shares, the interests of existing WAM Shareholders (which may include PAF Shareholders following completion of the Offer) will be diluted to some degree, with respect to the percentage ownership of the Company.

Taxation risks

Tax liabilities are the responsibility of each individual investor, and WAM is not responsible either for taxation or penalties incurred by PAF Shareholders. PAF Shareholders should consult their own taxation advisers to ascertain the tax implications of their investment.

Taxation considerations

The effects of taxation can be complex and may change over time. A summary of the current Australian income tax implications associated with acceptance of the Offer is outlined in Section 10. However, this summary is general in nature and, as the circumstances for each PAF Shareholder may vary, PAF Shareholders should seek professional taxation advice in relation to their own position.

This list is not exhaustive and PAF Shareholders should read this Bidder's Statement in full. If PAF Shareholders require further information on these risks, they should seek professional advice.

Potential impact on subsequent bids

WAM's shareholding may become of such a size that a third party would not be able to successfully make a takeover bid for PAF without the support of WAM.

8.3. Risks specific to WAM

Manager risk

The risk that WAM's investment objectives will not be achieved and/or it may underperform the S&P/ASX All Ordinaries Accumulation Index (WAM's benchmark) or may underperform other listed investment companies in the same asset class. The achievement of WAM's objectives (including the ability to pay dividends) depends on a range of factors, including its portfolio selection, the skills of the WAM's investment team and the actual performance of investments.

Risks on WAM's investments

WAM may invest in entities with a limited trading history or small capital base. These investments may pose greater risk than investments in larger capitalised entities or entities in other market sectors. While the development of sound risk management procedures and sound due diligence can minimise the risks of investment in such companies, the risks are material and significant.

Listed Investment Company risk

A listed investment company's share price may trade at a premium or discount to net tangible asset backing per share. The operations and financial performance of listed investment companies are driven by a number of factors, including, but not limited to:

- domestic and international economic growth;
- performance of domestic and international financial markets;
- domestic and international political events; and
- relevant regulation in Australia and overseas.

Business risk

The profitability and success of WAM is highly dependent on the ability of its directors and its investment manager to assess business risks and make appropriate investment decisions. No guarantee can be given in respect of the future earnings of WAM or the earnings and capital appreciation of its investments.

Short selling risk

There is a risk of potential losses when the market price of the asset sold rises.

A short position is created when WAM borrows a security from a securities lender and then sells it, with the intention of buying back the security when its price falls, profiting from the difference.

The maximum profit from a short position is equal to the value of the asset sold 'short' minus any lending fees incurred in borrowing the asset and other brokerage costs.

If the price of the security rises, a loss is incurred which can be much greater than the purchased value of the security. There is also the risk that the securities lender may recall a security that WAM has borrowed at any time, which means that WAM may have to buy the security back at an unfavourable price to meet its obligations.

In the extreme event of the market price of the short sold asset falling to zero, the short position can theoretically be covered at zero cost, resulting in a profit equal to the initial proceeds from the sale of the asset – minus the lending fees and brokerage costs.

However, in theory, the potential loss on a short position can be infinite when the market price of the shortsold asset rises. The costs of covering the short position can also theoretically rise without limit; however the short position would generally be closed out at a predetermined price to cap the level of potential loss.

The risk of loss from short selling is greater than holding a long position.

Derivative risk

There is a risk that the use of derivatives can have a negative impact due to an adverse movement in the underlying asset or where the position is difficult or costly to reverse or maintain. Derivative instruments include futures, options on futures, over-the-counter options, exchange-traded options, swaps and forward contracts.

The value of all derivatives is 'derived' from underlying physical assets, such as company shares, commodities and bonds.

The risk of loss associated with the use of derivative contracts can be substantial. These leveraged positions within WAM allow exposure to risk assets to be created that is greater than the value of the actual assets that support them.

8.4. Risks specific to PAF

Manager risk

The risk that PAF's investment objective will not be achieved and/or it may underperform PAF's benchmark or may underperform other listed investment companies in the same asset class. The achievement of PAF's objective (including the ability to pay dividends) depends on a range of factors, including its portfolio selection, the skills of the PAF's investment manager's employees, the timing of implementation of protection strategies, and actual performance of investments.

Foreign currency risk

A global investment strategy contains foreign exchange risk within PAF's portfolio. These investments may pose greater risk than investments in domestic entities. While the development of sound risk management procedures and sound due diligence can minimise the risks of investment in such companies, the risks are material and significant.

Leverage risk

The loss of capital and income through the use of leverage if there are adverse market movements. PAF may use derivatives and short selling to enhance performance returns.

The use of leverage may magnify the gains and losses achieved by PAF. The use of short selling and derivatives also requires PAF to provide collateral (e.g. PAF's assets) to its prime broker which exposes the assets to counterparty risk (see below for further information on counterparty risk).

Short selling risk

There is a risk of potential losses when the market price of the asset sold rises.

A short position is created when PAF borrows a security from a securities lender and then sells it, with the intention of buying back the security when its price falls, profiting from the difference.

The maximum profit from a short position is equal to the value of the asset sold 'short' minus any lending fees incurred in borrowing the asset and other brokerage costs.

If the price of the security rises, a loss is incurred which can be much greater than the purchased value of the security. There is also the risk that the securities lender may recall a security that PAF has borrowed at any time, which means that PAF may have to buy the security back at an unfavourable price to meet its obligations.

In the extreme event of the market price of the short sold asset falling to zero, the short position can theoretically be covered at zero cost, resulting in a profit equal to the initial proceeds from the sale of the asset – minus the lending fees and brokerage costs.

However, in theory, the potential loss on a short position can be infinite when the market price of the shortsold asset rises. The costs of covering the short position can also theoretically rise without limit; however the short position would generally be closed out at a predetermined price to cap the level of potential loss.

The risk of loss from short selling is greater than holding a long position.

Derivative risk

There is a risk that the use of derivatives can have a negative impact due to an adverse movement in the underlying asset or where the position is difficult or costly to reverse or maintain. Derivative instruments include futures, options on futures, over-the-counter options, exchange-traded options, swaps and forward contracts.

The value of all derivatives is 'derived' from underlying physical assets, such as company shares, commodities and bonds.

The risk of loss associated with the use of derivative contracts can be substantial. These leveraged positions within PAF allow exposure to risk assets to be created that is greater than the value of the actual assets that support them.

Counterparty and credit risk

Counterparty risk is the risk that a counterparty, such as a clearing house or securities lender, will not be able to meet its obligation under a contract.

When PAF invests in derivative instruments, PAF may take a credit risk with regard to parties with whom it trades and may bear the risk of settlement default. This risk is reduced for exchange traded transactions due to certain protections, such as being backed by a clearing organisation's guarantee, daily marking-to-market and settlement, segregation and minimum capital requirements applicable to intermediaries.

Other transactions entered into directly between two parties generally do not benefit from such protections. This could expose PAF to the risk of loss if a counterparty does not settle a transaction in accordance with its terms and conditions, perhaps due to a dispute over the terms of the contract or because of a credit or liquidity problem.

In the case of a default, PAF could also become subject to adverse market movements while replacement transactions are executed. Risks from PAF's prime broker may arise because the prime broker does not guarantee the return of collateral, while also being able to use PAF's assets as security for lending. PAF will rank as an unsecured creditor in relation to the assets used by the prime broker and may not be able to recover those assets in full.

The ability of PAF to transact business with one or more counterparties, the lack of any independent evaluation of such counterparties' financial capabilities and the absence of a regulated market to facilitate settlement may increase the potential for losses by PAF.

Concentration risk

There is potential for volatility due to the lack of diversity within PAF's portfolio. The lower the number of investments, the higher the concentration and, in turn, the higher potential volatility.

Listed Investment Company risk

A listed investment company's share price may trade at a premium or discount to net tangible asset backing per share. The operations and financial performance of listed investment companies are driven by a number of factors, including, but not limited to:

- domestic and international economic growth;
- performance of domestic and international financial markets;
- domestic and international political events; and
- relevant regulation in Australia and overseas.

Business risk

The profitability and success of PAF is highly dependent on the ability of its directors and investment manager to assess business risks and make appropriate investment decisions. No guarantee can be given in respect of the future earnings of PAF or the earnings and capital appreciation of its investments.

8.5. General risks

Regulation and Publicity

Changes to the regulatory environment for listed investment companies, the Corporations Act, ASIC policy, Listing Rules and their commercial application and/or publicity may have an impact on PAF and WAM's investments and may affect the value of PAF Shares and WAM Shares.

Changes in Accounting Policy

WAM and PAF must report and prepare financial statements in accordance with prevailing accounting standards and policies. There may be changes in these accounting standards and policies in the future which may have an adverse impact on WAM and PAF (as applicable) reported financial performance and financial position.

Economic conditions

The price at which WAM Shares and PAF Shares trade on the ASX may be determined by a range of factors including movements in local and international equity and bond markets, general investor sentiment in those markets, inflation, interest rates, general economic conditions and outlooks.

Sharemarket conditions

The market for WAM Shares and PAF Shares may also be affected by a wide variety of events and factors including COVID-19, variations in WAM and PAF's respective operating results, recommendations by securities analysts, and the operating and trading price performance of other listed entities that investors consider to be comparable to WAM or PAF (as applicable). Some of these factors could affect WAM or PAF's share price regardless of underlying operating performance.

Currency Risk

Shareholders who reside outside of Australia, or who rely on funding denominated in a currency other than the Australian dollar, should be aware of the impact that fluctuations in exchange rates may have on the value of their investments in, and returns.

Forward looking statements

Certain information in this Bidder's Statement constitutes forward looking information that is subject to risks and uncertainties and a number of assumptions, which may cause the actual expenditure and achievement of milestones and other outcomes of the combined group to be different from the expectations expressed or implied in this Bidder's Statement.

8.6. Risks relating to the Enlarged Group

Implementation Risks

Irrespective of the outcome of the Offer, the Investment Management Agreement between PAF and PAF Manager is for a fixed term. While WAM intends to work constructively with PAF Manager there is no guarantee that PAF Manager will carry out WAM's intentions or instructions in relation to the management of PAF's portfolio of investments.

Diversification

As holders of WAM Shares, following implementation of the Offer, PAF Shareholders will be exposed to a more diversified portfolio of investments than PAF. That diversification may continue in the future. A more diverse portfolio of investments may mean PAF Shareholders are exposed to a more diverse range of risks.

WAM Shares

Under the Offer, PAF Shareholders are issued with WAM Shares in consideration for the transfer of PAF Shares. The share price performance of a listed company, such as WAM is subject to general fluctuations in the share market. These fluctuations can result from a wide variety of factors, some of which are beyond the control of WAM such as:

- general economic conditions, including changes in inflation rates, interest rates and exchange rates;
- variations in the domestic and international markets for listed stocks;
- changes in government policy, legislation or regulation; and
- inclusion or removal from market indices.

In particular, the share prices in any companies may reflect a diverse range of issues which are not specific to the company concerned, such as acts of terrorism and the general state of the economy. These market fluctuations may adversely affect the price of WAM Shares. An investment in WAM Shares therefore carries risks that the share price may fall and no guarantee can be made about the declaration of dividends or returns of capital.

9. Sources of Consideration

9.1. Offer Consideration

The consideration for the acquisition of PAF Shares under the Offer is to be satisfied by the issue of WAM Shares. The Offer Consideration is 1 WAM Share for every 1.99 PAF Shares.

In the event that the Scheme Break Fee is removed, WAM's intention is to increase its Offer to 1 WAM Share for every 1.975 PAF Shares.

The total number of WAM Shares to be issued will depend on the number of PAF Shares that WAM acquires under the Offer.

The calculations in this section on the maximum consideration to be paid by WAM assume that, as a result of the Offer, WAM acquires all PAF Shares on issue at the date of this Bidder's Statement.

9.2. Maximum number of WAM Shares

The maximum number of WAM Shares which are required to be issued under the Offer if acceptances are received for all the PAF Shares on issue at the date of this Bidder's Statement is approximately 28,809,052 (excluding rounding adjustments).

WAM Shares issued under the Offer are exempt from ASX Listing Rule 7.1 (which prohibits issues exceeding 15% of a company's share capital in any 12-month period). Accordingly, WAM has the capacity to issue the maximum number of WAM Shares that may be required under the Offer.

10. Tax considerations

10.1. Introduction

The following is a summary of the potential Australian income tax and capital gains tax (**CGT**) consequences generally applicable to PAF Shareholders who dispose of PAF Shares under the Offer. All PAF Shareholders are advised to seek independent professional advice about their particular circumstances and non-resident PAF Shareholders should seek their own advice on the Australian and foreign taxation consequences of any sale of their PAF Shares. The information in this section is based upon the Australian law and administrative practice in effect at the date of this Bidder's Statement, but is general in nature and is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of a PAF Shareholder.

In particular this summary is only applicable to PAF Shareholders that are Australian residents for income tax purposes and hold their PAF Shares on capital account for investment purposes and only considers the Australian tax position.

This summary does not apply to PAF Shareholders:

- who hold their PAF Shares for the purpose of speculation or a business of dealing in securities (e.g. as trading stock or as revenue assets);
- who acquired their PAF Shares pursuant to an employee share scheme operated by PAF;
- who are subject to taxation of financial arrangement rules in Division 230 of the Income Tax Assessment Act 1997 in relation to gains or losses on their PAF Shares;
- that may be subject to special tax rules, such as financial institutions, insurance companies, partnerships (except where expressly stated), tax exempt organisations, trusts (except where expressly stated), superannuation funds (except where expressly stated) or temporary residents; or
- are non-residents of Australia who hold their PAF Shares in carrying on a business through a permanent establishment in Australia.

PAF Shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences of the Offer under the laws of their country of residence, as well as under Australian law.

10.2. CGT consequences on the disposal of PAF Shares

A PAF Shareholder that accepts the Offer and whose PAF Shares are subsequently transferred to WAM, is taken to have disposed of their PAF Shares for Australian CGT purposes. Shareholders make a capital gain on the disposal of their PAF Shares to the extent that the market value of the Offer consideration exceeds the tax cost base of the PAF Shareholders' PAF Shares (prior to the availability of the CGT discount (see below) and any losses available to be offset against the capital gain).

The capital proceeds received for the disposal of the PAF Shares should be calculated by reference to the market value of WAM Shares that each PAF Shareholder will receive.

The sum of all capital gains derived by a PAF Shareholder in the year in which the transaction occurs, reduced by any capital loss incurred during that year, or carried forward from prior years (known as the net capital gain), should be included in the assessable income of the PAF Shareholder.

Alternatively, a PAF Shareholder will make a capital loss on the transfer of their shares to WAM, equal to the amount by which the reduced cost base of their PAF Shares is more than the capital proceeds (i.e. value of shares in WAM) they receive under the Offer. A capital loss may be used to offset against a capital gain made in the same income year or be carried forward to offset a capital gain made in a future income year (subject to the satisfaction of certain loss recoupment tests which apply if the PAF Shareholder is a company or trust).

10.3. Cost base of PAF Shares generally

If a PAF Shareholder does not dispose of their PAF Shares under the Offer and their PAF Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, those PAF Shareholders will also be treated as having disposed of their PAF Shares for CGT purposes.

In this case, the date of the CGT event will be the date when the PAF Shareholder ceases to be the owner of the PAF Shares.

10.4. CGT rollover

Where WAM acquires 80% or more of the Shares in PAF, a PAF Shareholder may be eligible to choose for scrip for scrip CGT rollover relief under Subdivision 124-M of the Income Tax Assessment Act 1997 (Cth) in respect of the disposal of PAF Shares, so that any CGT payable on the disposal of their PAF Shares is deferred.

If a PAF Shareholder elects for CGT rollover relief to apply, any capital gain that they would otherwise make on the disposal of their PAF Shares will be disregarded, as the only consideration that PAF Shareholders will receive in respect of their PAF Shares are replacement shares in WAM.

The benefit of choosing scrip for scrip rollover relief will depend on the individual circumstances of each PAF Shareholder and therefore PAF Shareholders should discuss this with their tax advisers.

Where rollover relief is chosen, the tax cost base of the WAM Shares received by the PAF Shareholders should equal the tax cost base of the PAF Shares disposed of. This tax cost base will be allocated on a proportionate basis across the WAM Shares received. This cost base will be relevant in determining any future CGT liability on the subsequent disposal of the WAM Shares.

For the purposes of determining whether the CGT discount applies on any subsequent disposal of the WAM Shares, the date on which the PAF Shareholders will be deemed to have acquired the WAM Shares will be the day they acquired their original PAF Shares.

Generally, where PAF Shareholders prepare their income tax return on the basis that scrip for scrip rollover has been applied, this will be sufficient evidence of making the choice to obtain rollover relief.

In certain circumstances, it may be necessary for WAM to make a joint election with PAF Shareholders in order for CGT rollover relief to apply. To the extent a joint election is necessary for rollover relief to apply then, at the request of the PAF Shareholder and provided the PAF Shareholder has informed WAM in writing of the cost base of their PAF Shares, WAM may make the joint election. WAM confirms that it will not make any choice or election under the CGT rollover provisions that would prevent PAF Shareholders from obtaining CGT rollover relief where available.

However, if the WAM Offer becomes unconditional and WAM does not increase its holding to at least 80% of the PAF Shares on issue as a result of the Offer, CGT rollover relief will not be available for any PAF Shareholders.

10.5. CGT discount

Any PAF Shareholder who is an individual, the trustee of a trust or a complying superannuation entity that does not choose CGT rollover relief may be entitled to a 'CGT discount' in calculating the net capital gain to be included in their assessable income.

- PAF Shareholders will be eligible for CGT discount provided that:
- the PAF Shares were acquired at least 12 months before disposal to WAM;
- the PAF Shareholder did not choose to index the cost base of their PAF Shares; and
- the CGT discount is applied to the capital gain after any available capital losses are first applied to reduce the capital gain.

The CGT discount allows a PAF Shareholder who is an individual or the trustee of a trust to discount the capital gain by 50%, including only the remaining 50% of the capital gain in the taxable income of that individual or trust.

A PAF Shareholder that is a complying superannuation entity may discount the capital gain by 33.3% and include 66.6% of the capital gain in the taxable income of that complying superannuation entity.

The CGT discount is not available to a PAF Shareholder that is a company.

10.6. Stamp duty and GST

Neither the sale of PAF Shares, nor the issue of WAM Shares should give rise to any stamp duty liability for existing PAF Shareholders.

10.7. Goods and Services Tax (GST)

The sale of PAF Shares by existing shareholders as contemplated will not attract GST. Similarly, no GST will be payable on the acquisition of WAM Shares.

Where shareholders are registered or required to be registered for GST, any GST incurred on expenses that relate to the sale of existing shares or acquisition of new shares may not be

recoverable if the individual shareholder exceeds the financial acquisitions threshold as set out in the relevant GST legislation. However, a reduced input tax credit equal to 75% of the GST incurred may still be available if the acquisition constitutes a reduced credit acquisition.

Where PAF Shareholders are not registered, or required to be registered for GST, no GST implications should arise in relation to the Offer.

10.8. Obtain your own taxation advice

Do not rely on the comments or the statements contained in this Bidder's Statement as advice about your own affairs. The taxation laws are complex and there could be implications in addition to those generally described in this Bidder's Statement.

Accordingly, consult your own tax advisers for advice applicable to your individual needs and circumstances. To the extent permitted by law, WAM does not accept any responsibility for tax implications for individual PAF Shareholders.

WAM is not a registered tax agent under the Tax Agent Services Act 2009 (Cth) and cannot provide tax advice to specific PAF Shareholders. PAF Shareholders should obtain tax advice from a registered tax agent on the consequences of accepting the Offer.

11. Additional information

11.1. WAM is a disclosing entity

As WAM is offering WAM Shares as consideration for the acquisition of PAF Shares, the Corporations Act requires that this Bidder's Statement includes all information that would be required for a prospectus for an offer of WAM Shares under sections 710 to 713 of the Corporations Act. WAM does not need to issue a separate prospectus for the Offer of the WAM Shares as the offer occurs under a takeover bid.

WAM is a disclosing entity (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act that is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, WAM is required to continuously disclose to the market any information it has, which a reasonable person would expect to have a material effect on the price or the value of WAM's Shares.

WAM Shares have been quoted on the ASX during the 12 months before the date of this Bidder's Statement. For this reason, WAM is only required to disclose information in this Bidder's Statement that would usually be required where its shares have been continuously quoted securities.

In general terms, where WAM's shares are continuously quoted securities, the prospectus is only required to contain information on the effect of the Offer on WAM and the rights and liabilities attaching to the WAM Shares. It is not necessary to include general information on all of the assets and liabilities, financial position and performance, profits and losses or prospects of the issuing company unless that information has been excluded from a continuous disclosure notice in accordance with the Listing Rules and it is information that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of those matters and the rights and liabilities attaching to the WAM Shares.

Information that is already in the public domain is not reported in this Bidder's Statement other than that which is considered necessary to make this Bidder's Statement complete. WAM, as a disclosing entity under the Corporations Act, states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC by WAM (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, an ASIC office; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request during the Offer Period:
 - (i) the financial statements of WAM for the 12 months ended 30 June 2021 (being the annual report most recently lodged by WAM with ASIC);
 - (ii) the half-year financial report lodged for the six months ended 31 December 2020 lodged with ASIC by WAM; and

- (iii) all continuous disclosure notices given by WAM after the lodgement of that annual financial report with ASIC and before the lodgement of this Bidder's Statement with ASIC.

If you would like to receive a copy of any of these documents or publications, please call Chairman Geoff Wilson AO on 02 9247 6755, Wilson Asset Management's Chief Financial Officer Jesse Hamilton on 0401 944 807 or Head of Operations Martyn McCathie on 0433 312 603.

Copies of all documents lodged with ASIC in relation to WAM can be inspected at the registered office of WAM during normal office hours. A list of announcements made by WAM on the ASX between 30 June 2021 and the date of this Bidder's Statement appears in Schedule 2.

Other than information contained in this Bidder's Statement, there is no information which has been excluded from a continuous disclosure notice in accordance with the Listing Rules and is information that a PAF Shareholder or a professional adviser to a PAF Shareholder would reasonably require for the purposes of making an informed assessment of:

- (a) the assets and liabilities, financial position and performance, profits and prospects of WAM; or
- (b) the rights and liabilities attaching to WAM Shares.

None of the information referred to in this Section 11.1 is incorporated by reference into this Bidder's Statement or is included with this Bidder's Statement.

11.2. Capital Structure of WAM

The total number of WAM Shares on issue is 878,319,194 listed shares. There are no other WAM securities on issue.

11.3. Rights and liabilities attaching to WAM Shares

The rights and liabilities attaching to ownership of the WAM Shares arise from a combination of WAM's constitution, statute, the Listing Rules and general law.

A summary of the significant rights and liabilities attaching to WAM Shares is set out below. This summary is not exhaustive, nor does it constitute a definitive statement of the rights and liabilities of WAM Shareholders.

Voting at a general meeting

Subject to any shares which may in the future be issued with special or preferential rights, every member present in person at a general meeting of WAM or by proxy, representative or attorney has one vote on a show of hands and, on a poll, one vote for each fully paid WAM Share held. On a poll, partly paid shares confer a fraction of a vote in proportion to the amount paid up on the share.

Meeting of members

Each WAM Shareholder is entitled to receive notice of, attend and vote at meetings of WAM and to receive all notices, accounts and other documents required to be sent to WAM Shareholders under WAM's constitution, the Corporations Act and the Listing Rules.

Dividends

The WAM Directors may authorise the payment of dividends to members as and when permitted by the Corporations Act. Dividends are payable on all WAM Shares in proportion to the amount of the total issue price paid or credited as paid for the WAM Shares. This is subject to any special or preferential rights attached to any class of shares created after the issue of the WAM Shares. If a fully paid share is on issue for only part of the period in respect of which a dividend is payable, the dividend for that share will be apportioned and paid according to the proportion that the part of that period for which the share is on issue and is fully paid is of the total period for which the dividend is payable.

Transfer of WAM Shares

WAM Shares may be transferred by a proper transfer effected under the ASX Settlement Operating Rules, or by a written instrument of transfer in any usual form or in any other form approved by the WAM Directors.

The Directors may only decline to register a transfer of WAM Shares (other than a proper transfer under the ASX Settlement Operating Rules) where permitted or required to do so under the Listing Rules. If the Directors refuse to register a transfer, WAM must, within five Business Days after the transfer is lodged with WAM, give the party lodging the transfer written notice of the refusal and the reason for refusal. The WAM Directors must decline to register a transfer of WAM Shares when required by the Corporations Act or the Listing Rules.

Issue of further WAM Shares

The Directors may allot, issue, grant options in respect of, or otherwise dispose of, further shares in WAM on terms as they see fit. However, the WAM Directors must act in accordance with the restrictions imposed by WAM's constitution, the Corporations Act, the Listing Rules and any rights for the time being attached to the shares in any special class of those shares.

Winding-up

If WAM is wound up, the liquidator may, with the sanction of a special resolution, divide among the WAM Shareholders the whole or any part of the property of WAM and may for that purpose set such value as the liquidator considers fair upon any property to be so divided and may determine how the divisions is to be carried out as between the WAM Shareholders or different classes of WAM Shareholders.

Share buy-back

Subject to the provisions of the Corporations Act and the Listing Rules, WAM may buy back WAM Shares on terms and at times determined by the WAM Directors.

Variation of class rights

Unless otherwise provided by WAM's constitution or by the terms of issue of a class of shares, the rights attaching to any class of shares may be varied or abrogated:

- For personal use only
- (a) with the consent in writing of the holders of three-quarters of the issued shares included in that class; or
 - (b) with the sanction of a special resolution passed at a separate meeting of the holders of those shares.

In either case, the holders of not less than 10% of the votes in the class of shares, the rights of which have been varied or abrogated, may apply to a court of competent jurisdiction to exercise its discretion to set aside that variation or abrogation.

Dividend reinvestment plan

WAM's constitution authorises the WAM Directors to establish and maintain dividend reinvestment plans (whereby any member may elect that dividends payable by WAM be reinvested by way of subscription for shares in WAM).

Indemnities

To the extent permitted by law, WAM indemnifies every officer and former officer of WAM against a liability incurred by the person acting in that capacity. In addition, every officer is indemnified out of the assets of WAM against any liability incurred in defending any civil or criminal proceedings in which judgment is given in favour of the officer, or in which the officer is acquitted.

Alteration of WAM's constitution

WAM's constitution can only be amended by special resolution passed by at least 75% of WAM Shareholders present and voting at a general meeting of WAM. WAM must give at least 28 days' written notice of its intention to propose a resolution as a special resolution.

11.4. Capital structure of PAF

- (a) WAM's Offer is to acquire all of the issued PAF Shares that it does not already control.
- (b) At the date of this Bidder's Statement, there are 57,330,012 PAF Shares on issue.

11.5. Details of WAM's Relevant Interests in PAF Shares

At the date of this Bidder's Statement, WAM and its Associates did not hold a Relevant Interest in PAF Shares.

WAM reserves the right to purchase PAF Shares outside the Offer at any time during the Offer Period, subject to the Corporations Act.

11.6. Details of WAM Directors' Relevant Interests in PAF Shares

At the date of this Bidder's Statement, no WAM Director has any Relevant Interests in PAF Shares. During the four months prior to the date of the Offer, WAM and its Associates have not acquired PAF Shares.

11.7. No collateral benefits

Neither WAM nor any of its Associates has, during the period of four months ending on the day immediately before the date of the Offer, given, or offered or agreed to give, a benefit to another person likely to induce the other person, or an Associate, to:

- (a) accept the Offer; or
- (b) dispose of PAF Shares,

which benefit was not offered to all PAF Shareholders under the Offer.

11.8. No escalation agreements

Neither WAM nor any Associate of WAM has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

11.9. Regulatory approvals

There are no regulatory approvals that WAM needs to obtain before acquiring PAF Shares before or under the Offer.

11.10. ASIC modifications and exemptions

ASIC has published various class orders and instruments providing for modifications and exemptions that apply generally to all persons, including WAM, about the operation of Chapter 6 of the Corporations Act. WAM may rely on this relief.

WAM has relied on the modification to section 636(3) of the Corporations Act in paragraph 5(d) of ASIC Class Order 13/521 'Takeover Bids' to include references to certain statements in documents lodged with ASIC and ASX without obtaining the consent of the persons to whom those statements are attributed.

WAM will make available a copy of the documents containing these statements (or relevant extracts from these documents), free of charge to PAF Shareholders who request them before the end of the Offer Period.

To obtain a copy of these documents (or the relevant extracts) PAF Shareholders should contact WAM by calling Chairman Geoff Wilson AO on 02 9247 6755, Wilson Asset

Management's Chief Financial Officer Jesse Hamilton on 0401 944 807 or Head of Operations Martyn McCathie on 0433 312 603.

11.11. Foreign Shareholders

If you are a Foreign Shareholder, unless WAM otherwise determines that:

- (a) it is lawful and not unduly onerous and not unduly impracticable to make the Offer to you and to issue you with WAM Shares on acceptance of the Offer; and
- (b) it is not unlawful for you to accept the Offer by the law of the relevant place outside Australia, its or external territories,

you will not be entitled to receive WAM Shares as consideration for your PAF Shares.

Instead, WAM will:

- (a) arrange for the issue to the Nominee of the number of WAM Shares to which you and all other Foreign Shareholders would have been entitled but for clause 3.1 of Schedule 1; and
- (b) cause the Nominee to offer for sale those WAM Shares within five Business Days after the end of the Offer Period in the manner, at the price and on other terms as are determined by the Nominee; and
- (c) pay to you the amount ascertained under the formula in clause 7.3 of Schedule 1.

Notwithstanding anything else contained in this Bidder's Statement, WAM is not under any obligation to spend any money or undertake any action to satisfy itself of the eligibility of Foreign Shareholders to receive WAM Shares.

11.12. Consents

Mills Oakley (ABN 51 493 069 734) has given (and before lodgement of this Bidder's Statement has not withdrawn) its written consent to be named as the legal adviser to the Offer in the form and context in which it is named.

Boardroom Pty Limited (ACN 003 209 836) has given and before lodgement of this Bidder's Statement has not withdrawn its written consent to be named as registry for the Offer in the form and context in which it is named.

Each of Mills Oakley and Boardroom:

- (a) has not authorised or caused the issue of this Bidder's Statement;

11.13. Date for determining holders of PAF Shares

Insurance and indemnity arrangements are in place for WAM Directors and officers of WAM. To the extent permitted by law, WAM indemnifies every person who is or has been an officer against:

- (a) any liability to any person (other than WAM, related entities or a major shareholder) incurred while acting in that capacity and good faith; and
- (b) costs and expenses incurred by that person in that capacity in successfully defending legal proceedings and ancillary matters.

For this purpose 'officer' means any WAM Director or secretary of WAM or any Subsidiary of WAM. Under the terms of the indemnity, WAM must maintain indemnity insurance coverage for a period of seven years after the officer held their position in WAM and allow the officer access to certain records after ceasing to hold office in WAM for a period of seven years.

Schedule 1 – Terms of the Offer

1. Offer

1.1 WAM offers, to each holder of PAF Shares at 7.00pm (Sydney time) on the Register Date, to acquire all of their PAF Shares together with all the Rights attaching to them on the terms set out in this Schedule 1. This Offer extends to any person who is able during the Offer Period to give good title to PAF Shares and has not already accepted an Offer for those PAF Shares.

1.2 This Offer extends to all PAF Shares that WAM does not have a Relevant Interest in that:

(a) exist at the Register Date; and

(b) are issued during the period from the Register Date to the end of the Offer Period due to the conversion of, or exercise of the rights attached to, any securities which confer on the holder the right to have PAF Shares issued to them.

1.3 By accepting this Offer, you undertake to transfer to WAM not only the PAF Shares to which the Offer relates but also all the Rights attached to the PAF Shares.

1.4 WAM Shares issued under this Offer will rank equally in all respects with WAM Shares on issue at the Register Date.

1.5 This Offer is dated 28 October 2021.

2. Offer Consideration

2.1 Subject to clause 3.1 of this Schedule 1, the price under the Offer Consideration is 1 WAM Share for every 1.99 PAF Shares you own. In the event that the Scheme Break Fee is removed, WAM's intention is to increase its Offer to 1 WAM Share for every 1.975 PAF Shares you own.

3. Foreign Shareholders

3.1 If at the time this Offer is made to you, you are a Foreign Shareholder and WAM does not make a determination under Section 11.11, you will not be entitled to receive WAM Shares as consideration for your PAF Shares. Instead, you will receive a cash amount calculated under clause 7.3 of this Schedule 1.

4. Fractional entitlements

4.1 If you accept the Offer and are entitled to receive a fraction of a WAM Share, the number of WAM Shares you are entitled to under this Offer is rounded up to the next whole number of WAM Shares if it is 0.5 or more, and rounded down to the nearest whole number if it is less than 0.5. If you are entitled to a fraction of a cent, that fraction is rounded to the nearest cent on the same basis. If WAM reasonably believes that you have manipulated your holding of PAF Shares to take advantage of

rounding up, then any fractional entitlement is aggregated or rounded down to the next whole number of WAM Shares.

- (b) WAM will cause the Nominee to offer for sale the WAM Shares as soon as practicable, or otherwise in the manner, at the price and on terms as are determined by the Nominee;
- (c) WAM will cause the Nominee to pay to you the amount calculated under the following formula:

where:

- (i) **Net Proceeds of Sale** means the amount which is received by the Nominee upon the sale of all WAM Shares under this clause 7.3 less brokerage and other sale expenses;
- (ii) **Your WAM Shares** means the number of WAM Shares which would, but for clause 3.1 of this Schedule 1, have been allotted to you under the Offer;

Where additional documents are required

7.4 Where the Acceptance Form requires additional documents to be given with your acceptance (such as a power of attorney), if the documents are given:

- (a) with your acceptance, WAM will provide the consideration in accordance with clause 7.1 of this Schedule 1;
- (b) after acceptance and before the end of the Offer Period and the Offer is subject to a Defeating Condition at the time that WAM is given the documents, WAM will provide the consideration by the end of whichever period ends earlier:

 - (ii) 21 days after the end of the Offer Period; or
- (d) after the end of the Offer Period, WAM will provide the consideration within 21 days after the documents are given, but if at the time WAM is given the documents, the contract resulting from your acceptance of the Offer is still subject to one or more of the Defeating Conditions, WAM will provide the consideration within 21 days after that contract becomes unconditional.

7.5 If you do not give WAM the required additional documents within one month after the end of the Offer Period, WAM may, in its sole discretion, rescind the contract resulting from your acceptance of the Offer.

Where WAM is entitled to any Rights

7.6 If WAM becomes entitled to any Rights as a result of your acceptance of the Offer, it may require you to give WAM all documents necessary to vest those Rights in WAM or otherwise give the benefit or value of those Rights. If you do not give those documents to WAM, or if you have received the benefit of those Rights, then WAM may reduce the number of WAM Shares to which you are otherwise entitled under this Offer by the amount equal to the value, (as reasonably assessed by WAM), of those Rights in accordance with clause 7.7 of this Offer.

- (a) you have (or any previous holder of your PAF Shares has) received the benefit of any Rights (whether in respect of non-cash benefits or otherwise); or
- (b) you are (or any previous holder of your PAF Shares is) entitled to receive the benefit of any Rights under the terms that provide for or otherwise apply to those Rights (for example, if the Right is to receive a dividend, if you are (or any previous holder of your PAF Shares is) the registered holder of the PAF Share at the specified time for determining those entitled to the dividend; or
- (c) your PAF Shares were issued (or otherwise came into existence) on or after the record date in respect of any Rights to PAF Shareholders,

then WAM may reduce the number of WAM Shares to be issued to you under this Offer by the value (as reasonably assessed by WAM) of such Rights. If WAM does not or cannot, make such a reduction, you must pay such value or amount to WAM.

Payment to be mailed by cheque

- 7.8 Payment of any cash amount to which you are entitled (by virtue of you being a Foreign Shareholder) will be mailed by cheque (or otherwise as agreed by WAM) in Australian currency. Cheques will be sent to the address on the Acceptance Form by pre-paid ordinary mail or, if you have an overseas address, by pre-paid airmail.

Nature of conditions

8.2 Each of the Defeating Conditions:

- (a) constitutes and will be construed as a separate, several and distinct condition;
- (b) is a condition subsequent; and
- (c) until the expiration of the Offer Period will be for the benefit of WAM alone and may be relied upon only by WAM.

Conditions apply to multiple events

8.3 Where an event occurs that would mean at the time the event occurs a Defeating Condition would not be satisfied, each Defeating Condition affected by that event becomes two separate conditions on identical terms except that:

- (a) one of them relates solely to that event; and
- (b) the other specifically excludes that event.

8.4 WAM may declare the Offer free, under clause 8.5, from either of those conditions without declaring it free from the other and may do so at different times. This clause may apply any number of times to a Defeating Condition (including a condition arising from a previous operation of this clause).

Effect of breach or non-fulfilment

8.5 The breach or non-fulfilment of any of the Defeating Conditions does not prevent a contract arising to acquire your PAF Shares resulting from your acceptance of this Offer. If at the end of the Offer Period, in respect of any Defeating Condition:

- (a) WAM has not declared the Offers (and they have not become) free from that Defeating Condition; or

- (b) that Defeating Condition has not been satisfied,

all contracts resulting from the acceptance of the Offers and all acceptances that have not resulted in binding contracts are void. In that case, WAM will return the Acceptance Form together with all documents to the address shown in the Acceptance Form.

WAM may decide the Offer is free from all or any of the Defeating Conditions

- 8.6 WAM may at any time at its sole discretion but in compliance with section 650F and section 630(1) of the Corporations Act, declare the Offer free from all or any of the Defeating Conditions by written notice to PAF not later than 19 November 2021, unless it is withdrawn or extended under the Corporations Act.

Date for giving notice on status of Defeating Conditions

- 8.7 The date for giving a notice on the status of the Defeating Conditions as required by section 630(1) of the Corporations Act is the date seven days before the end of the Offer Period, subject to variation under section 630(2) of the Corporations Act if the Offer Period is extended. If a Defeating Condition is fulfilled during the Offer Period before the date for giving a notice on the status of the Defeating Conditions as required by section 630(1) of the Corporations Act, WAM must give a notice as soon as practicable stating that the Defeating Condition has been fulfilled.

Effect of acceptance

- 8.8 Once you have accepted this Offer, you will be unable to revoke your acceptance and the contract resulting from your acceptance will be binding on you, unless:
- (a) by the end of the Offer Period, the Defeating Conditions have not all been satisfied or waived in which case, this Offer will automatically terminate; and
 - (b) the circumstances set out in section 650E of the Corporations Act apply.
- 8.9 By signing and returning the Acceptance Form, you will be deemed to have:

 - (b) irrevocably authorised WAM to alter the Acceptance Form on your behalf by:
 - (i) inserting correct details of your PAF Shares;
 - (ii) filling in any blanks remaining on the Acceptance Form; and

- as may be necessary to make the Acceptance Form a valid acceptance of this Offer and to enable registration of the transfer of your PAF Shares to WAM;

- (c) represented and warranted to WAM, as a condition of the contract resulting from your acceptance of the Offer, that at the time of acceptance and at the time of transfer to WAM:
 - (i) you have paid to PAF all amounts which are due for payment for your PAF Shares;
 - (ii) all of your PAF Shares are fully paid and free from all mortgages, charges, liens and other encumbrances of any nature; and
 - (iii) you have full power and capacity to sell and transfer those PAF Shares;
- (d) granted to WAM and each of its directors power of attorney to sign any document or do anything on your behalf necessary to cause PAF to issue a replacement share certificate for those PAF Shares;
- (e) agreed to:
 - (i) do anything necessary to ratify any act taken or purported to be taken by WAM or any of its directors under the power of attorney granted by clause 8.9(d) of this Schedule 1; and
 - (ii) indemnify WAM and each of its directors in respect of that act;
- (f) from the time of acceptance until the Offer has become unconditional, until the earlier of the withdrawal of your acceptance under section 650E of the Corporations Act or the end of the Offer Period, irrevocably appointed WAM or any nominee of WAM as your attorney to exercise all your powers and rights attaching to your PAF Shares including (without limitation) to requisition, convene, attend and vote at all general meetings of PAF or appoint a proxy or proxies to attend and vote on your behalf at that meeting, where the passing or defeat of any resolution before the meeting might adversely affect the likelihood of the Offer being successful, and to do so in a way which would prevent that effect arising;
- (g) on this Offer or any takeover contract becoming unconditional, agreed not to attend or vote in person at any general meeting of PAF, and irrevocably appointed WAM or any nominee of WAM as your attorney to exercise all your powers and rights attaching to your PAF Shares including (without limitation):
 - (i) to requisition, convene, attend and vote at all general meetings of PAF or appoint a proxy or proxies to attend and vote on your behalf at that meeting; and
 - (ii) sign all documents and resolutions relating to your PAF Shares, and generally to exercise all powers and rights which you may have as a PAF Shareholder and perform actions as may be appropriate to vest good title in your PAF Shares in WAM;

- For personal use only
- (h) agreed that in exercising the powers conferred by the power of attorney in clause 8.9(f) of this Schedule 1, WAM is entitled to act in the interests of WAM;
 - (i) agreed not to exercise or purport to exercise any of the powers conferred on WAM or its nominee in clause 8.9(f) of this Schedule 1;
 - (j) agreed to accept the WAM Shares, to which you have become entitled by acceptance of this Offer, subject to the constitution of WAM and have authorised WAM to place your name on the register of members for those WAM Shares; and
 - (k) if your PAF Shares are in a CHESS Holding and you sign and return the Acceptance Form, irrevocably authorised WAM:
 - (i) to instruct your Controlling Participant to initiate acceptance of this Offer for your PAF Shares under the ASX Settlement Operating Rules; and
 - (ii) to give any other instructions in relation to your PAF Shares to your Controlling Participant on your behalf under the sponsorship agreement between you and that Controlling Participant.

Withdrawal

- 8.10 WAM may withdraw unaccepted Offers at any time with the written consent of ASIC and subject to the conditions (if any) specified in that consent.

Variation

- 8.11 WAM may vary this Offer in accordance with the Corporations Act.

- 9.5 A notice under clause 9.4(a) of this Schedule 1 must be made in writing.
- 9.6 A person may, at the one time, accept for two or more parcels under clause 9.1(b) of this Schedule 1 as if there had been a single offer for a separate parcel consisting of those parcels.

These costs will not be paid by WAM.
