Voting by Proxy

A Shareholder who is entitled to attend and vote at this Meeting is entitled to appoint not more than two proxies to attend and vote in place of the Shareholder.

If the Shareholder appoints two proxies, the Shareholder may specify the proportion or number of votes each proxy is entitled to exercise. If no proportion or number of votes is specified, each proxy may exercise half of the Shareholder's votes. If the specified proportion or number of votes exceeds that which the Shareholder is entitled to, each proxy may exercise half of the Shareholder's votes. Any fractions of votes brought about by the apportionment of votes to a proxy will be disregarded.

A proxy need not be a Shareholder of the Company. A body corporate appointed as a shareholder's proxy may appoint a representative to exercise any of the powers the body may exercise as a proxy at the Meeting. The representative should bring to the Meeting evidence of his or her appointment, including any authority under which the appointment is signed, unless it has previously been given to the Company.

Subject to the specific proxy provisions applying to Item 2 (see the Explanatory Notes below):

- If a Shareholder has not directed their proxy how to vote, the proxy may vote (or abstain from voting) as the proxy determines, and
- If a Shareholder appoints the Chairman of the Meeting as proxy and does not direct the Chairman how to vote on an item of business, the Chairman will vote in accordance with his voting intention as stated in this Notice of Meeting, namely in favour of each of the proposed resolutions set out in the Notice of Meeting.

Proxy Voting by the Chairman

For Item 2 (Remuneration Report), where the Chairman is appointed as a Shareholder's proxy and that shareholder has not specified the way in which the Chairman is to vote on Item 2, the Shareholder is directing the Chairman to vote in accordance with the Chairman's voting intentions for this item of business, even though Item 2 is connected directly or indirectly with the remuneration of Key Management Personnel.

The Chairman intends to vote all undirected proxies in favour of the resolutions in the Notice of Meeting, including Item 2.

Proxy Forms

To be effective, the Proxy Form must be completed, signed and lodged (together with the relevant original power of attorney or a certified copy if the proxy is signed by an attorney) with the Company's Share Registry, as an original or by facsimile, **no later than 3 p.m. (AEDT) on 14 November 2021 (Proxy Deadline)**.

- (iv) By hand delivery to Boardroom Pty Limited at Level 12, 225 George Street, Sydney NSW 2000.

Proxy Forms and Powers of Attorney must be received by the Proxy Deadline.

CORPORATE REPRESENTATIVES

Where a shareholding is registered in the name of a corporation, the corporate Shareholder may appoint a person to act as its representative to attend the Meeting by providing that person with:

- (i) a letter or certificate authorising him or her as the corporation's representative, executed in accordance with the corporation's constitution; or
- (ii) a copy of the resolution appointing the representative, certified by a secretary or director of the corporation.

BY ORDER OF THE BOARD

Explanatory Notes

ITEM 1 – Financial Statements and Reports

As required by section 317 of the Corporations Act, the Financial Report, Directors' Report and Auditor's Report of the Company for the most recent financial year will be presented at the Meeting. The Financial Report comprises the consolidated financial report of the Company and its controlled entities.

There is no requirement for a formal resolution on this Item.

The Chairman of the Meeting will allow a reasonable opportunity at the Meeting for Shareholders to ask questions about or make comments on the management of the Company. Shareholders will also be given a reasonable opportunity at the Meeting to ask the Company's auditor, Pitcher Partners (**PP**), questions about the Auditor's Report, the conduct of its audit of the Company's Financial Report for the year ended 30 June 2021, the preparation and content of the Auditor's Report, the accounting policies adopted by the Company in its preparation of the financial statements and the independence of PP in relation to the conduct of the audit.

Shareholders may submit written questions to the Company in relation to the above matters. Written questions must be received no later than 5.00 p.m. (AEDT) on 11 November 2021. A form to facilitate the submission of questions is attached to this Notice and it includes instructions for the return of this form to the Share Registry.

ITEM 2 – Adoption of Remuneration Report

Reasons for Resolution

In accordance with section 300A of the Corporations Act the Company has proposed a Remuneration Report for the consideration of Shareholders.

As provided by section 250R(3) of the Corporations Act, the resolution on this item of business is advisory only and does not bind the Board or the Company.

The objective of the Company's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. In order to align remuneration with shareholders' interests, the framework:

- attracts, motivates and retains executive talent required to deliver strategy;
- appropriately balances fixed and at-risk remuneration components;
- creates reward differentiation to drive performance values and behaviours; and
- creates Shareholder value through equity alignment.

Voting Exclusion Statement

As required by the Corporations Act, the Company will disregard any votes cast in favour of Item 2 by any member of the Company's Key Management Personnel (**KMP**) or a Closely Related Party of any such member unless the person:

- (i) votes as a proxy appointed by writing that specifies how the person is to vote on the resolution; or
- (ii) is the Chairman of the Meeting and votes as a proxy appointed by writing that authorises the Chairman to vote on the resolution even though that resolution is connected with the remuneration of a member of the Company's KMP.

What this means for Shareholders: If you intend to appoint a member of the KMP (such as one of the Directors) as your proxy, please ensure that you direct them how to vote on the proposed resolution in Item 2. If you intend to appoint the Chairman of the Meeting as your proxy, you can direct him how to vote by marking the boxes for Item 2 (for example, if you wish to vote for, against or abstain from voting), or you can choose not to mark any of the boxes for Item 2 and give the Chairman your express authority to vote your undirected proxy (in which case the Chairman will vote in favour of this item of business).

Shareholders should be aware that the Chairman intends to vote all undirected proxies given to the Chairman in favour of the resolutions of the Annual General Meeting, including this Item 2, subject to compliance with the Corporations Act.

Directors' Recommendation

Noting that each Director of the Company has a personal interest in their own remuneration the subject of this resolution, the Board does not consider it appropriate to make a recommendation to Shareholders in relation to voting on this resolution.

ITEM 3 - Re-election of Director

In accordance with the Company's Constitution and ASX Listing Rule 14.5 an election of Directors must be held at each annual general meeting. Clause 15.4.3 of the Constitution states that at each AGM, one-third of the directors must retire from office by rotation.

Mr Tait has over 25 years' experience advising both local and multinational companies. Chris became the head of Strategy and Acquisitions for WH Smith PLC, before moving to Melbourne to become the regional CFO for WH Smith Asia Pacific. Chris then became a founder of Henslow, the Corporate Adviser to MyDeal. Chris' skills focus on general strategic advice, mergers and acquisitions, private capital raises and transaction structuring. Chris is Chairman of Atomos Limited (ASX:AMS), and Henslow investee company, Credo Holdings Pty Ltd. Chris holds a BSc in Economics and Accountancy from City, University of London and is qualified as a Chartered Accountant from the Institute of Chartered Accountants in England & Wales.

Having had regard to the ASX Principles, the Company's Board does not regard Mr Tait as an independent director.

Directors' Recommendation

The Directors (with Mr Tait abstaining) unanimously support the re-election of Mr Tait and recommend that Shareholders vote in favour of this resolution.

ITEM 4 – Additional 10% Placement Capacity

ASX Listing Rule 7.1A provides that an eligible entity (as defined below) may seek security holder approval by special resolution at its Annual General Meeting to issue equity securities equivalent to an additional 10% of the number of ordinary securities on issue over a period of 12 months after the Annual General Meeting (**10% Placement Capacity**). This is in addition to the existing 15% placement capacity permitted by ASX Listing Rule 7.1.

Item 4 is a Special Resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Item 4 for it to be passed.

If Item 4 is approved, the number of equity securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

An eligible entity is one that, as at the date of the relevant Annual General Meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$195 million (based on the number of Shares on issue which excludes restricted securities and the closing price of Shares on ASX on 12 October 2021).

Any equity securities issued must be in the same class as an existing class of quoted equity securities. The Company currently has three classes of securities, being quoted fully paid ordinary shares, unquoted performance rights and unquoted options (ASX Code: MYD).

The number of equity securities that the Company may issue under the approval sought by Item 5 will be calculated in accordance with the following formula as set out in ASX Listing Rule 7.1A:

$(A \times D) - E$

Where:

A = the number of fully paid Shares on issue 12 months before the date of issue or agreement to issue (the relevant period):

- (i) plus, the number of Shares issued in the 12 months under an exception in Listing Rule 7.2 other than exception 9, 16 or 17;
- (ii) plus, the number of Shares issued in the relevant period on the conversion of convertible securities under rule 7.2 exception 9 where:
 - a. the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - b. the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4;
- (iii) plus, the number of Shares issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - a. The agreement was entered into before the commencement of the relevant period; or
 - b. the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or 7.4;
- (iv) plus, the number of fully paid Shares issued in the relevant period with approval under Listing Rules 7.1 and 7.4;
- (v) Plus, the number of partly paid ordinary securities that became fully paid in the relevant period;
- (vi) less the number of fully paid Shares cancelled in the 12 months.

D = 10%.

E = the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of the Shareholders under Listing Rules 7.1 and 7.4.

Specific information required by Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to Item 4:

Minimum price

Under the ASX Listing Rules, the securities may only be issued for cash consideration per security which is not less than 75% of the volume weighted average price of securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at which the equity securities are to be issued is agreed; by the Company and the recipient of the securities or
- (b) if the securities are not issued within 10 ASX trading days of the date in paragraph (i) above, the date on which the securities are issued.

Risk of voting dilution

Shareholders should be aware there is a risk of economic and voting dilution that may result from an issue of equity securities under the 10% Placement Capacity, including the risk that:

- the market price for equity securities in that class may be significantly lower on the issue date than on the date of the Meeting where approval is being sought; and
- the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the date of issue.

Any issue of equity securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any equity securities under the issue.

If Item 4 is approved and the Company issues the maximum number of equity securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the potential dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2, on the basis of the current market price of the Shares and the current number of Shares on issue as at the date of this Notice of Meeting. The table also assumes that no options on issue are exercised into Shares before the date of issue of the equity securities.

The table also shows the voting dilution impact where the number of Shares on issue (Variable "A" in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.¹

Variable "A" in Listing Rule 7.1A.2		Dilution		
		\$ 0.375 50% decrease in Issue Price	\$ 0.750 Issue Price	\$ 1.50 100% increase in Issue Price
Current Variable A 258,827,306	10% Voting dilution	25,882,730.60	25,882,730.60	25,882,730.60
	Funds Raised	\$9,706,023.98	\$19,412,048	\$38,824,095.90

	Funds Raised	\$4,853,011.99	\$9,706,023.98	\$19,412,048
100% increase in current Variable A 517,654,612	10% Voting dilution	51,765,461.20	51,765,461.20	51,765,461.20
	Funds Raised	\$19,412,048	\$38,824,095.90	\$77,648,191.80

Notes:

¹ The table has been prepared on the following assumptions:

- (a) The Company issues the maximum number of shares available under ASX Listing Rule 7.1A;
- (b) The table shows only the effect of shares issued under ASX Listing Rule 7.1A and does not factor in the Company's ability to issue up to 15% of its issued capital under ASX Listing Rule 7.1;
- (c) The current issue price is \$0.750, being the closing price of the Shares on ASX on 12 October 2021.
- (d) The current number of securities on issue is the Shares on issue as at 12 October 2021, being 258,827,306.

The table shows:

- two examples where Variable “A” has increased, by 50% and 100%. Variable “A” is based on the number of Shares the Company has on issue. The number of Shares on issue may increase as a result of issues of Shares that do not require approval (for example, a pro rata entitlements issue) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders’ meeting; and
- two examples of where the issue price of shares has decreased by 50% and increased by 100% as against the current market price.

Period for which the approval will be valid

If Shareholder approval is granted for Item 4, then that approval will expire on the earlier of:

- (a) 16 November 2022, being 12 months from the date of the Meeting;
- (b) the time and date of the Company’s next Annual General Meeting; or
- (c) the date Shareholder approval is granted to a transaction under ASX Listing Rule 11.1.2 (proposed change to nature and scale of activities) or ASX Listing Rule 11.2 (change involving main undertaking).

The approval under ASX Listing Rule 7.1A will cease to be valid in the event that Shareholders approve a transaction under ASX Listing Rule 11.1.2 or 11.2.

Purpose of Issue under 10% Placement Capacity

The Company may issue equity securities under the 10% Placement Capacity for various purposes including general working capital purposes and to raise funds to further develop the Company’s product offering.

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.3 upon issue of any Equity Securities.

Allocation under the 10% Placement Capacity

The allottees of the equity securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of equity securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (a) the purpose of the issue;
- (b) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (c) the effect of the issue of the equity securities on the control of the Company;
- (d) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (e) prevailing market conditions; and
- (f) advice from corporate, financial and broking advisers (if applicable).

Securities issued or agreed to be issued under rule 7.1A.2 in the 12 months preceding the date of Meeting

The Company issued nil Shares under ASX Listing Rule 7.1A.2 over the 12 months preceding the date of the Meeting.

Voting exclusion statement

The Company will disregard any votes cast in favour of the Resolution by or on behalf of:

- a person who is expected to participate in, or who will obtain a material benefit as a result of the proposed issue (except a benefit solely by reason of being a holder of ordinary securities in the Company); or
- an associate of that person or those persons.

However, the Company need not disregard a vote if it is cast by:

- a person as a proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the Chairman as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

Note: In accordance with ASX Listing Rule 14.11.1, as at the date of this Notice of Meeting it is not known who may participate in any placement utilising the 10% Placement Capacity (if any). On that basis, no Shareholders are currently excluded from voting on this Resolution.

Item 5 – Approval of Issue of Options to Sean Senvirtne and an Associate

ASX Listing Rule 10.14

ASX Listing Rule 10.14 requires that an entity must not issue or agree to issue equity securities under an employee incentive scheme to a related party without the approval of the holders of its ordinary securities. Accordingly, Item 5 seeks the approval of Shareholders to grant options to acquire ordinary shares in the Company (**Options**) to Mr Sean Senvirtne and Ms Kate Dockery, in accordance with the terms of the Company's long-term incentive plan (**LTIP**), and to the issue of Shares on the exercise of the Options.

Executive remuneration is designed to attract, retain and motivate talent of the highest calibre, whilst incurring a cost appropriate to the Company's circumstances and lifecycle stage. Each executive is allocated a percentage of base salary as the maximum long-term incentive achievable, with the issue of Options subject to performance hurdles based on total Shareholder returns. Mr Senvirtne is the Company's Chief Executive Officer and Ms Dockery is the Head of Product.

ASX Listing Rule 10.15 requires that the following information be provided to Shareholders in relation to the issue of the Options that are the subject of Item 5:

- (a) the Options are to be issued to Sean Senvirtne and Kate Dockery;
- (b) Sean Senvirtne, as a director of the Company, as contemplated by Listing Rule 10.14.1 and Ms Dockery, as Mr Senvirtne's partner, is an associate of a director as contemplated by Listing Rule 10.14.2;
- (c) the maximum total number of Options to be granted to Mr Senvirtne will be calculated according to the following formula:

$$(A \times 30\%) / B,$$

where A = Mr Senvirtne's base salary (excluding superannuation) of \$350,000 and

B = the fair value of the Options, calculated according to the Monte Carlo simulation, Trinomial or Black Scholes valuation methodologies, as appropriate. Using a correlated simulation, the valuation model simultaneously calculates the returns from the Company and the peer group on a risk neutral basis as at the test date. The percentile rank is then calculated for the Company and from that the percentage of shares that vest. The share price at the test date is then used to calculate the option price for the remainder of the time to expiry. The option price is adjusted based on the vesting percentage, then discounted from the test date back to the present. This process is repeated for a number of iterations. The final option price is the average of these iteration trials

- (d) the maximum total number of Options to be granted to Ms Dockery will be calculated according to the following formula:

$$(A \times 20\%) / B,$$

where A = Ms Dockery's base salary (excluding superannuation) of \$160,000 and

B = the fair value of the Options, calculated according to the Monte Carlo simulation, Trinomial or Black Scholes valuation methodologies, as appropriate. Using a correlated simulation, the valuation model simultaneously calculates the returns from the Company and the peer group on a risk neutral basis as at the test date. The percentile rank is then calculated for the Company and from that the percentage of shares that vest. The share price at the test date is then used to calculate the option price for the remainder of the time to expiry. The option price is adjusted based on the vesting percentage, then discounted from the test date back to the present. This process is repeated for a number of iterations. The final option price is the average of these iteration trials

The vesting hurdle for the Options relates to total Shareholder returns (**TSR**) over three years, which takes into account share price appreciation plus reinvested dividends, expressed as a percentage of investment and adjusted for changes in the Company's capital structure. The Options will vest if the Company's TSR over the three-year performance period is at or above the 51st percentile compared to a peer group of 8 ASX-listed companies, which is designed to focus executives on delivering sustainable long-term Shareholder returns.

Vesting will occur based on the Company's positioning in the peer group, according to the table presented below:

TSR ranking	Proportion to vest
Less than 50 th percentile	0%
50 th percentile	50%
At or above 75 th percentile	100%
Pro-rata vesting occurs between the 50 th and 75 th percentiles	

- (e) Mr Senvirtne's total remuneration package as at 30 June 2021 was comprised of base salary of \$350,000.00 per annum plus 9.5% superannuation entitlements, short-term incentives of \$157,879.00 and eligibility to participate in the Company's long-term incentive plan;
- (f) 4,000,000 Options were issued to Mr Senvirtne and 1,450,000 Options were issued to Ms Dockery on 29 June 2021, as set out in the prospectus lodged with ASX on quotation of the Company's securities on 20 October 2020;
- (g) the Options have an exercise price of \$0.64 each, being the VWAP20 to 10 July 2021, expire ten years from their date of issue and, upon vesting, each Option may be exercised into one fully paid ordinary share of the Company, upon payment of the exercise price;
- (h) the Company utilises the issue of Options to align incentives potentially payable to executives with Shareholder returns, and to motivate and retain executives in line with market practice whilst limiting cash outlay and values the Options at \$0.28 each, based on a Monte Carlo simulation valuation methodology;
- (i) should the Resolutions in Item 5 be approved, the Options will be issued no later than three years after the date of the Meeting;
- (j) the Options will be issued for nil consideration and no loan will be entered into in respect of the acquisition of the Options;
- (k) the Options will be issued on the terms and conditions of the Company's LTIP, a summary of which is attached as Annexure "A";
- (l) details of any securities issued under the LTIP will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained

under listing rule 10.14, and any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of securities under the LTIP after the Resolution in Item 5 is approved and who are not named in the Notice, will not participate until approval is obtained under that rule; and

(m) a voting exclusion statement is included below.

Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must, pursuant to section 208 of the Corporations Act 2001 (*Cth.*) (**Corporations Act**):

- obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of the Options may constitute giving a financial benefit and Sean Senvirtne is a related party of the Company by virtue of being a director.

The Directors (other than Mr Senvirtne who has a material personal interest in the Resolution) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the Options, as the issue falls within an exception under section 211 of the Corporations Act, being that it constitutes reasonable remuneration given the circumstances of the Company and the positions held by Mr Senvirtne and Ms Dockery.

Voting exclusion statement

The Company will disregard any votes cast in favour of the Resolutions in Item 5 by or on behalf of:

- a person referred to in Listing Rule 10.14.1, 10.14.2 or 10.14.3 who is eligible to participate in the LTIP;
or
- an associate of such person.

However, the Company need not disregard a vote if it is cast by:

- a person as a proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the Chairman as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

Directors' Recommendation

The Directors (with Mr Senvirtne abstaining) unanimously recommend that Shareholders vote in favour of the Resolution in Item 5.1 and 5.2.

Chairman's Voting Intention

The Chairman of the Meeting intends to vote all available undirected proxies in favour of all Resolutions.

Long Term Incentive Plan

The key terms of the LTI plan are summarised below. The full terms are set out in the Rules of the Equity Incentive Plan – Plan Rules., lodged with ASX on 20 October 2020.

The LTI plan provides executive KMP and leadership, along with department heads, with grants of options or performance rights over ordinary shares which are subject to a 3-year relative TSR performance condition.

Each executive is allocated a dollar value (which may be a fixed percentage of the executive’s total base remuneration excluding superannuation) representing the executive’s maximum LTI opportunity for the year. This dollar value is converted into a number of options/performance rights by dividing the maximum LTI opportunity by the face value of the options or performance rights.

The executive entitlement will be subject to the 5% limit imposed by the equity incentive plan or require additional shareholder approval.

Participants are issued with an offer letter outlining the terms and conditions of the options or performance rights. To the extent the applicable vesting conditions are satisfied at the end of the three-year performance period, participants will be able to exercise their options and receive one fully paid ordinary share for each option that is exercised or performance right that has vested. The Board has discretion to settle exercised options or performance rights in cash.

Relatives Total Shareholder Return (‘TSR’) Performance hurdle

The Relative TSR Performance hurdle takes into account share price appreciation plus reinvested dividends, expressed as a percentage of investment and adjusted for changes in the Company’s capital structure.

Options or performance rights will vest if the Company’s TSR over the performance period is at or above the 51st percentile compared to a peer group of 8 ASX listed companies. Vesting will occur based on the Company’s positioning in the peer group. This is designed to focus executives on delivering sustainable long-term shareholder returns.

The comparator group represents a range of alternative companies that shareholders could invest in.

TSR ranking	Proportion to vest
Less than 50 th percentile	0%
50 th percentile	50%
At or above 75 th percentile	100%

Pro-rata vesting occurs between the 50 th and 75 th percentile		
The options exercise price is determined based on the VWAP20 leading up to 10 July 2021.		
The Relative TSR Performance hurdle will be achieved only if the Company's relative TSR over the performance period is at or above the 51st percentile of the comparator group.		
The maximum award under the LTI plan is 100% of an executive's grant if all vesting conditions are fully satisfied over the performance period.		
The Board will calculate the Company's TSR ranking within the comparator group as defined in each of the LTI plans at each vesting date.		
"Bad Leavers" (who resign or are terminated for cause) will forfeit any unvested options or performance rights, unless otherwise determined by the Board. For executives who cease employment for other reasons, the Board has discretion to vest any unvested options or performance rights on a pro-rata basis taking into account time and the current level of performance against the performance hurdle, or to hold the LTI award to be tested against performance hurdles at the end of the original vesting period.		
In the event of a change of control before vesting of an LTI award, the Board has discretion as to how to treat the unvested award, including to determine that the award will vest or lapse in whole or in part, or that it will continue subject to the same or different conditions.		
The Board may reconsider the level of satisfaction of a performance hurdle and take steps to reduce the benefit of an LTI award to the extent its vesting was affected by fraud, dishonesty, breach of obligation or other action likely to result in long term detriment to the Company		
<p>Treatment of dividends: There are no dividends payable to participants on unvested options or performance rights.</p> <p>Sourcing of shares: The Board has discretion to purchase shares on market or to issue new shares in respect of vested and exercised options or performance rights.</p> <p>Retention of shares: The rules of the LTI plan do not require participants to retain any shares allocated to them upon vesting and exercising of options.</p>
