September 2021 Quarterly Activities Report

Calidus on track to be Australia's next gold producer as mining commences at Warrawoona Gold Project

HIGHLIGHTS

- Warrawoona Gold Project in WA's Pilbara remains on track and budget for first gold production in the June 2022 Quarter
- Construction at Warrawoona 67% complete and construction of the processing plant 73% complete
- Key construction milestones in the quarter included:
 - Mining agreement signed with Macmahon (ASX: MAH)
 - Mining underway, with first ore delivered to ROM Pad
 - Primary crusher and SAG mill successfully installed
 - Construction of tailings dam progressing rapidly
- Blue Spec DFS ramps up with successful drilling campaign

CORPORATE

- Calidus had \$21.7M of cash, \$55.5M in available debt facilities and \$200k in listed investments at 30 September 2021
- \$54.5M drawdown from Project Loan Facilities to date

Calidus Resources (ASX:CAI) is pleased to report further strong progress in the construction of its Warrawoona Gold Project in WA during the September 2021 Quarter. Construction at Warrawoona is advancing in line with budget and schedule, ensuring Calidus is on track to be Australia's next gold producer.

At quarter-end, the project construction was estimated to be 67% complete with no lost time injuries recorded to date. During the quarter, \$32.5 million was incurred on the Warrawoona development with expenditure of \$46.2 million remaining to first gold production.

Warrawoona is forecast to produce up to 105,000oz a year. However, this has the potential to increase to 139,000 when the nearby Blue Spec deposit is developed. Blue Spec has a JORC Resource of 415,000t at 16.3gpt for 219,000oz and is now the subject of a Definitive Feasibility Study (DFS) which is due in the June quarter of 2022.¹

Highlights for the quarter include:

- GR Engineering is constructing the 2.4 million tonne per annum (Mtpa) gold processing plant and associated infrastructure via a fixed price turnkey Engineer Procure and Construction (EPC) contract. EPC construction is 73% complete with significant progress made during the quarter including:
 - Civil works complete in plant area
 - Primary crusher successfully installed
 - SAG mill shell and head assembly completed. Both trunnions have been fitted
 - Significant progress on tank construction with all tanks now at full height
 - Erection of reagent shed, plant offices, on site laboratory and workshop completed
 - Completion of the majority of buried services installation
 - Steel erection continued in the grinding, elution and pipe rack areas
- Commencement of back filling behind the primary crusher
- Construction of tailings dam progressing rapidly with completion expected early in the December quarter
- Progress on opening up mining area in preparation for main mining fleet in early 2022
- Mining underway, with first ore delivered to the Run of Mine (ROM) Pad.²
- Average of 175 personnel on site

¹ Refer to ASX announcements dated 29 September 2020, 23 March 2021 and 9 September 2021. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcements, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

² Refer to ASX announcements dated 16 August 2021. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcements, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

MINING CONTRACT SIGNED

During the quarter Calidus signed a mining services agreement with Macmahon Holdings Limited which covers all open pit mining until 2026. The signing of the contract continues the strong relationship that Calidus has established with Macmahon, which has undertaken the project's early civil works over the past six months. The larger mining fleet is scheduled to mobilise in the new year to ensure sufficient ore stocks are available for mill commissioning.³

BLUE SPEC FEASIBILITY STUDY RAMPS UP WITH SUCCESSFUL DRILLING CAMPAIGN

During the quarter Calidus advanced its strategy to grow the production rate at its Warrawoona Gold Project was proceeding to plan with completion of a successful feasibility study drilling program at the Blue Spec deposit.⁴ This comprised diamond drilling to provide sufficient core to replicate the extensive metallurgical testwork completed by previous owners and advance the metallurgical studies to DFS level.

Calidus aims to start development of Blue Spec once steady-state production is achieved at Warrawoona. The inclusion of Blue Spec is forecast to increase production to 139,000ozpa compared with the 105,000ozpa contained in the Warrawoona Feasibility Study (Table 1).⁵

Highlights include:

- Four diamond holes completed as part of Blue Spec DFS
- Geology logging of core identified numerous instances of visible gold in all holes (Figure 8)
- Assay results will form part of DFS Resource update (current Resource is 219,000oz at 16.3gpt)
- Geotechnical, metallurgy test work, and mining studies underway
- GR Engineering Services Limited (GRES) (ASX:GNG) awarded Feasibility Study for the sulphide float plant which will be built at Warrawoona to process Blue Spec ore
- Environmental base line studies underway for Mining Proposal which will be submitted in March quarter 2022

³ Refer to ASX announcement dated 16 August 2021. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcement, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

⁴ Refer to ASX announcement dated 9 September 2021. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcement, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

⁵ Refer to ASX announcements dated 29 September 2020, 23 March 2021 and 9 September 2021. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcements, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

Table 1: Warrawoona Production Profile

Figure 8: Visible Gold intersected in ore zone

OTWAYS PROJECT

During the quarter, Calidus drilled 8 RC holes for a total of 578m at the Otways (Doherty's) Cu prospect. These holes were designed to test for extensions to copper mineralisation intersected in a series of holes drilled in 2020.⁶ However, no significant intercepts were recorded in the latest round of drilling. Accordingly, Calidus is now reviewing the status of the project.

CORPORATE

Cash Position

At the end of the Quarter, Calidus and its subsidiaries held \$21.7 million of cash, \$55.5 million in available project loan facilities and \$200k in listed investments.

Project Loan Facility

Calidus has executed final agreements with Macquarie Bank for project loan facilities totalling \$110 million. During the quarter \$29.5 million was drawn from the facilities with \$55.5 million of facilities available at the end of the quarter.

At 30 September 2021, the Company's hedge book consists of 125,000 ounces at an average forward price of A\$2,355/oz for delivery from 30 September 2022 to 30 September 2025.

Remaining Project Expenditure to First Gold

There is currently \$46.2M forecast Warrawoona development expenditure remaining to first gold.

Annual Report and Annual General Meeting

The Calidus 2020/2021 Annual Report was completed on 16 September 2021.⁷

The Company lodged its Notice of Annual General Meeting (AGM) on 5 October 2021. The AGM will be held at the Celtic Club, 48 Ord Street, West Perth WA 6005, on Wednesday, 17 November 2021 at 2:30pm.⁸

Summary of Cashflows for the Quarter

As outlined in the attached Appendix 5B, during the quarter the Company spent approximately:

- \$1.0M on exploration and evaluation activities
- \$32.1M on development activities
- \$133k in payments to related parties and their associates for director salaries, rent, superannuation and other related costs
- \$261k on administration and corporate costs

⁶ Refer to ASX announcement dated 4 November 2020. The Company confirms that it is not aware of any information or data that materially affects the information included in the market announcement, and that all material assumptions and technical parameters underpinning the estimates continue to apply.

⁷ Refer to ASX announcement dated 16 September 2021.

⁸ Refer to ASX announcement 5 October 2021.

Investor Presentations

Managing Director, David Reeves, presented at the Diggers & Dealers Mining Forum on 2 August 2021, which was held in Kalgoorlie, Western Australia.⁹

Post quarter, Mr Reeves presented at the Resources Rising Stars-Miningnews.net “Boom in a Room” Investor Conference on 14 October 2021, which was held in Perth, Western Australia.¹⁰

– END –

Competent Person Statements

The information in the announcement dated 29 September 2020 in relation to the Underground Ore Reserves is based on and fairly represents information compiled or reviewed by Mr Matthew Keenan. Mr Keenan is a full time employee of Entech Pty Ltd. Mr Keenan has confirmed that he has read and understood the requirements of the 2012 Edition of the Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Keenan is a Competent Person as defined by the JORC Code 2012 Edition, having more than five years' experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity for which he is accepting responsibility. Mr Keenan is a Member of the AusIMM and has provided his prior written consent to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in the announcement dated 4 November 2020 that relates to exploration results at the Otways Prospect is based on and fairly represents information compiled by Steve Sheppard a competent person who is a member of the AIG. Steve Sheppard is employed by Calidus Resources Limited and holds shares in the Company. Steve has sufficient experience that is relevant to the style of mineralisation and type of deposits under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 edition of the Australasian Code of Reporting of Exploration Results, Mineral Resources and Ore Reserves. Steve Sheppard consents to the inclusion in this announcement of the matters based on his work in the form and context in which it appears.

Forward Looking Statements

This announcement includes certain “forward looking statements”. All statements, other than statements of historical fact, are forward looking statements that involve risks and uncertainties. There can be no assurances that such statements will prove accurate, and actual results and future events could differ materially from those anticipated in such statements. Such information contained herein represents management’s best judgement as of the date hereof based on information currently available. The Company does not assume any obligation to update forward looking statements.

For the purpose of ASX Listing Rule 15.5, the Board has authorised for this announcement to be released.

8.1 Net cash from / (used in) operating activities (item 1.9)	(34,006)
8.2 (Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(1,012)
8.3 Total relevant outgoings (item 8.1 + item 8.2)	(35,018)
8.4 Cash and cash equivalents at quarter end (item 4.6)	21,728
8.5 Unused finance facilities available at quarter end (item 7.5)	55,500
8.6 Total available funding (item 8.4 + item 8.5)	77,228
8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)	2.2
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: N/A	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: N/A	

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 21 October 2021

Authorised by: The Board

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
