Quarterly Activities Report For the period ending 30 September 2021

Paladin Energy Limited ("Paladin" or "the Company") is pleased to provide an update on its activities and cashflow for the quarter ended 30 September 2021.

HIGHLIGHTS

- Completion of Paladin's 2021 Sustainability Report
- The Company continued to work on critical-path elements of its restart plan for the globally significant Langer Heinrich Mine (LHM), including working towards the finalisation of:
 - Updated Mineral Resource and Ore Reserve Estimates
 - Open pit mining schedule optimisation
- Continued engagement with global nuclear energy utilities with the intent of securing uranium term-price contracts with sufficient duration and value to underpin the restart of LHM
- No lost-time injuries or reportable environmental incidents were recorded during the quarter
- Completion of the less than marketable parcel sale facility and distribution of funds to shareholders
- The Company has no corporate debt, and held US\$40.5M¹ of cash and cash equivalents as at 30 September 2021, following the sale of shares held in Lotus Resources Ltd.

Paladin CEO, Ian Purdy said *"With a strong balance sheet, a robust and well defined Mine Restart Plan and strong project economics, Paladin is exceptionally well positioned to take advantage of a sustained recovery in global uranium pricing. With a growing focus on global decarbonisation, nuclear energy will continue to play a key role in low-carbon power generation. We continue to engage with global nuclear energy utilities to secure long term contracts to underpin the restart of Langer Heinrich and ensure the project, when re-started, will deliver significant economic benefit to all of our shareholders."*

MINING PRODUCTION AND DEVELOPMENT ACTIVITIES

Langer Heinrich Mine Restart Plan²

During the quarter, the Company has continued to work on critical-path elements of the LHM Restart. Key activities have included working towards:

- Updated Mineral Resource and Ore Reserve Estimates
- Finalising the open pit mining schedule optimisation
- Preparation of long lead contracts and procurement packages
- Development of the operational readiness schedule and critical activity pathway
- Ongoing communication with NamWater and NamPower over the security of supply and future offtake agreements
- Ongoing process dynamic modelling to inform operational procedures.

Production and Development Activities

- The Langer Heinrich Mine remained under care and maintenance for the quarter and there were no production or development activities during the quarter.
- Site work and contractor activity returned to normal levels as government restrictions in relation to COVID-19 were eased
- Activities during the quarter continued to focus on routine care and maintenance activities, including the continuation of restart, debottlenecking planning and the preservation of the LHM processing plant and related infrastructure.
- Environmental monitoring of air, water quality, energy, land-use, radiation, and biodiversity continued within the LHM mining license areas

MINING EXPLORATION ACTIVITIES

- The Company continues to manage its significant exploration portfolio in Australia and Canada
- The review and design of the Company's exploration strategy to advance the portfolio of high grade exploration assets is progressing
- Minimum tenement expenditure commitments were met during the quarter, at a minimum cost
- The Company is engaged on an ongoing basis with local communities, government and native title holders
- Rehabilitation monitoring continues across all locations without incident
- The Company's tenement holding at the end of the quarter and their location are detailed in Appendix One.

OCCUPATIONAL HEALTH AND SAFETY

- The Company had no lost time injuries or reportable environmental incidents recorded during the quarter
- No employees at the LHM tested positive to COVID-19 during the quarter. The Company continued to maintain appropriate protocols across all locations to minimise the potential transmission of COVID-19
- The Company has provided equipment and oxygen machines to the Directorate of Health in Namibia for use in COVID-19 wards in the Erongo region near the LHM as part of the Company's commitment to assist with the pandemic.

About Paladin

Paladin Energy Limited (ASX: PDN) is an Australian listed uranium company focused on maximising the value of its 75% stake in the Langer Heinrich Uranium mine in Namibia.

Langer Heinrich is a globally significant, long-life operation, having already produced over 43Mlb U₃O₈ to date. Operations at Langer Heinrich were suspended in 2018 due to low uranium prices.

Beyond Langer Heinrich, the Company also owns a large global portfolio of uranium exploration and development assets. Nuclear power remains a cost-effective, low carbon option for electricity generation.
