

28 October 2021

Dear Shareholder,

Invitation from the Chair - 2021 Annual General Meeting

I am pleased to invite you to the 2021 Annual General Meeting (**AGM**) of Sandfire Resources Limited (**Sandfire** or **the Company**). The meeting will be held virtually on Friday 26 November 2021, starting at 11am (Perth time).

Given the impact of COVID-19 and to comply with current Federal and State Government guidelines and restrictions, the Board has made the decision that, in the interests of safety, the Company's AGM will be held virtually. There will be no physical meeting. This approach is in line with temporary amendments to the AGM requirements in Australia and current regulatory guidance.

Further information on how to participate in the AGM is provided in the 2021 AGM Notice of Meeting (**Notice**) and on the AGM page on our website at <https://www.sandfire.com.au/site/investor/agm>.

FY2021 Performance - Operations, Development and Growth

I am delighted to report on what has been an exceptional year for Sandfire, as we pivot to the next stage of our transition into an international, diversified and sustainable mining company.

The year has been marked by key achievements against the objectives of our Strategic Growth Plan and our Sustainability Strategy. We have delivered strongly against each of our strategic imperatives and I refer you to Sandfire's 2021 Annual and Sustainability Report, available on our website, for a comprehensive overview of our operating and sustainability performance for the year ended 30 June 2021.

We are executing our growth plans against the backdrop of unprecedented demand for the future-facing metals we produce – notably copper, due to its pivotal role in the accelerating energy transformation, that will be required to decarbonise the global economy, reduce greenhouse gas emissions and, ultimately, mitigate the impacts of climate change.

The announcement, in late September, of our transformational acquisition of the world-class 4.7Mtpa MATSA Mining Complex in Spain, immediately transforms Sandfire into one of Australia's largest copper-focused producers. This on-strategy acquisition provides Sandfire with a cornerstone, long-term asset that achieves our medium-term annual production target of 150kt contained copper equivalent and underpins the business as we continue to progress the next phase of our emerging pipeline of global project development opportunities.

We look forward to keeping you informed as the acquisition progresses towards completion.

Driven by our DeGrussa Operations, Sandfire delivered exemplary operational and financial performance during FY2021. Our sales revenue of \$813 million led to a strong operating cashflow of \$471 million and a record net profit after tax of \$170 million. On the back of these results, a record total dividend of 34 cents per share was paid for FY2021, bringing Sandfire's returns to shareholders to more than \$50 million for the full year.

As DeGrussa approaches the scheduled completion of its currently known mine life, expected during the September 2022 Quarter, the Board, executive team and staff, have been busy setting up the key elements to allow for a successful transition of the business. While we do this, we continually consider and respect both the positive and challenging impacts that this transition can have on our

people and communities, drawing on two of our core values of honesty and respect. Our employee retention plans at DeGrussa seek to balance the business need for strong operational and financial performance until final ore, with positive outcomes for our site-based team.

A key highlight for the year, was the announcement of a Final Investment Decision for the development of our new Motheo Copper Mine in Botswana – a major milestone for the Company. With site works commencing at Motheo during the year, we were delighted to secure the grant of the Mining Licence in July 2021 from the Government of Botswana, representing the final green-light to get full scale construction underway.

I would like to thank the Government of Botswana for their support throughout the approvals process.

Motheo is expected to generate approximately 1,000 jobs during construction and 600 full-time jobs during operations and represents the foundation for Sandfire's long-term growth plans in Botswana. Our vision is that Motheo will form the centre of a new, long-life copper production hub in the central portion of the Kalahari Copper Belt, where we hold an extensive ground holding spanning Botswana and Namibia.

Our ambition to rapidly increase the scale of our operations in the Kalahari Copper Belt have been further enhanced with the recently announced maiden A4 Ore Reserve and related Pre-Feasibility Study (PFS). The expansion case to a 5.2Mtpa operation at Motheo, puts us in a strong position as we progress construction and development.

More recently, you may have also seen the sale of Sandfire's investment in Adriatic Metals Plc. Given our focus is firmly on the acquisition of MATSA in Spain, together with our exciting development assets in Botswana, our holding in Adriatic was no longer a strategic asset for the Company. Pleasingly, the sale has realised gross proceeds of \$97 million for Sandfire and provides the Company with further liquidity as we execute our growth strategy moving forward.

Board Succession

The Board Succession process has continued throughout FY2021 and has prioritised continuity and stability while balancing the need for good governance and strategic leadership.

As part of that process, the Board has seen the retirement of Mr Robert Scott, with effect from 31 December 2020, and the appointments of Ms Sally Langer, Ms Jennifer Morris OAM and Mr John Richards during the financial year. Each of these directors bring extensive skills, experience and a wealth of knowledge that has already proven to be invaluable to the Board.

Mr Paul Hallam, a Board member for over eight years, will be retiring from the Board at the conclusion of this year's AGM. On behalf of the Board, I would like to thank Paul for his wise counsel and valuable contributions to Board deliberations during his tenure. His commitment to Sandfire has been critical through the highly successful operation of the DeGrussa Operations, as well as the acquisition of our interests in Montana, USA, Botswana and, more recently, Spain.

The level of gender diversity on the Board has also increased as part of the Board Succession process, currently being approximately 30% female. This aligns with the ASX Governance Principles and Recommendations, as well as the Company's support of the Australian Institute of Company Director's (AICD) target of at least 30% female representation on ASX-200 Boards. Importantly, this positive improvement to Board structure also aligns Sandfire with our Board gender diversity target set for the 30 June 2021 financial year.

With the rejuvenation and succession of our Board comes the opportunity to also consider my position as Chair of Sandfire. In that regard, it is my intention to retire from the Board at the end of the current financial year, by which time I will have been Chair for a period of 12 years. The Board is committed to an orderly transition through Board succession and renewal planning in appointing a new Chair and will ensure the Board Chair and overall Board composition is fit-for-purpose and continues to function effectively in the best interests of shareholders.

Remuneration

Whilst the majority of shareholder votes were cast in favour (71%) of the adoption of the FY2020 Remuneration Report at the 2020 AGM, there were 29% of votes cast against, constituting a 'first strike' under the *Corporations Act 2001*. The Board has engaged with our major shareholders and proxy advisors to understand their concerns, whose feedback we have taken onboard. The Board remains confident that the revised and enhanced remuneration framework will, and is, helping to achieve the objectives of the Company's strategic plan over the currently defined growth period.

The remuneration structure has been designed to align Executive remuneration to the Strategic Growth Plan and drive value creation for shareholders. The enhanced framework, designed with the assistance of independent remuneration advisors, recognises that the development and implementation of a sustainable production profile across the Group's global asset portfolio requires a longer-term horizon, driven by both short and medium-term project execution activities.

It aligns both STIs and LTIs to financial year objectives and enhances the focus of the Executives on the achievement of key project milestones. The Board's response to the 'first strike' and details of the enhanced remuneration framework are detailed in this year's Remuneration Report.

2021 AGM Resolutions - Board Recommendation

The Notice contains details on the items of business to be conducted at the AGM. Voting on the resolutions at the AGM is important, and if you are not able to attend, I recommend that you exercise your voting rights either by completing and returning the proxy form or by lodging it online by following the directions in the Notice and on the proxy form.

The Board considers that the resolutions for Items 1 to 6 are in the best interests of shareholders of Sandfire as a whole, and recommends that you vote in favour of Items 1 to 6.

In conclusion, after what has been a very positive and productive strategic reset across our business over the past 18 months, I am confident that Sandfire is in great shape to create significant value for shareholders in the years ahead. Our clearly defined purpose and vision, Strategic Growth Plan, and refreshed and revitalised Board and senior leadership team complements our strong culture and high-quality production, development and exploration assets.

Our strong position and the clear direction we are taking is due to the hard work, dedication and commitments of our Board and senior management team – led by our Managing Director and CEO, Karl Simich – and I take this opportunity to thank all of them.

On behalf of the Board, thank you for your continued support of Sandfire and I look forward to keeping you informed of our ongoing business activities.

Yours sincerely,

Derek La Ferla
Chair of Sandfire Resources Ltd

The first item of the Notice deals with the presentation of the consolidated annual financial report of the Company for the financial year ended 30 June 2021, together with the Directors' declaration and report in relation to that financial year and the Auditor's Report on the financial report. Shareholders should consider these documents and raise any matters of interest with the Directors when this item is being considered.

No resolution is required to be moved in respect of this item.

Shareholders will be given a reasonable opportunity at the Annual General Meeting to ask questions and make comments on the accounts and on the management of the Company.

The Chair will also give Shareholders a reasonable opportunity to ask the Auditor or the Auditor's representative questions relevant to:

- (a) the conduct of the audit;
- (b) the preparation and content of the independent audit report;
- (c) the accounting policies adopted by the Company in relation to the preparation of the financial statements; and
- (d) the independence of the Auditor by the Company in relation to the conduct of the audit.

The Chair will also allow a reasonable opportunity for the Auditor or their representative to answer any written questions submitted to the Auditor under section 250PA of the Corporations Act.

2 Resolution 1 – Non Binding Resolution to adopt Remuneration Report

Section 250R(2) of the Corporations Act requires the Company to put to its Shareholders a resolution that the Remuneration Report as disclosed in the Company's 2021 Annual and Sustainability Report be adopted. The Remuneration Report is set out in the Company's 2021 Annual and Sustainability Report and is also available on the Company's website (www.sandfire.com.au).

The vote on this Resolution is advisory only and does not bind the Directors or the Company.

However, if at least 25% of the votes cast are against adoption of the Remuneration Report at two consecutive annual general meetings, the Company will be required to put a resolution to the second Annual General Meeting (**Spill Resolution**), to approve calling a general meeting (**Spill Meeting**). If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must then convene a Spill Meeting within 90 days of the second Annual General Meeting. All of the Directors who were in office when the applicable Directors' Report was approved, other than the Managing Director, will need to stand for re-election at the Spill Meeting if they wish to continue as Directors.

The remuneration report for the financial year ended 30 June 2020, received a vote of more than 25% against its adoption at the Company's last annual general meeting held on 27 November 2020. Accordingly, if at least 25% of the votes cast on this Resolution are **against** adoption of the Remuneration Report, Resolution 7 will be put to Shareholders.

The Remuneration Report explains the Board policies in relation to the nature and level of remuneration paid to Directors, sets out remuneration details for each Director and any service agreements and sets out the details of any equity based compensation.

The Chair will give Shareholders a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

Voting

Note that a voting exclusion applies to this Resolution in the terms set out in the Notice.

Shareholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution.

6 Resolution 5 – Ratification of Placement Shares

Background

On 5 October 2021, the Company issued 52,802,728 Shares at an issue price of \$5.40 per Share under a placement (**Placement**) to raise \$285,134,731.20 (before costs), utilising the Company's existing capacity under Listing Rule 7.1 together with its enlarged capacity as a result of the waiver granted by ASX to the Company. The waiver was granted by the ASX to the Company on 22 September 2021 and had the effect of permitting the Company to calculate the number of Shares which it may agree to issue under the Placement without Shareholder approval on the basis that variable "A" of the formula in Listing Rule 7.1 is deemed to include the number of Shares in the Company that may be issued under the Company's 1 for 1 pro rata non-renounceable entitlement offer (**ASX Supersize Waiver**).

As announced by the Company on 23 September 2021, the Placement forms part of the capital raising that the Company completed in order to fund part of the consideration of US\$1,865 million (A\$2,572 million) to acquire 100% of the MATSA Mining Complex.

Listing Rules 7.1 and 7.4

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

The Placement does not fit within any of these exceptions and, as it has not yet been approved by the Company's Shareholders, it effectively uses up all of the 15% limit in Listing Rule 7.1 (as modified by the ASX Supersize Waiver), reducing the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date the Company issued Shares pursuant to the Placement.

Listing Rule 7.4 allows the shareholders of a company to approve an issue of Equity Securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the Company's capacity to issue further Equity Securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional Equity Securities into the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1 (as modified by the ASX Supersize Waiver) and therefore seeks Shareholder approval to ratify the issue of Shares pursuant to the Placement under and for the purposes of Listing Rule 7.4.

If this Resolution is passed, the Shares pursuant to the Placement will be excluded in calculating the Company's 15% limit in Listing Rule 7.1 (as modified by the ASX Supersize Waiver), effectively

increasing the number of Equity Securities the Company can issue without Shareholder approval over the 12 month period following the date the Company issued Shares pursuant to the Placement.

If this Resolution is not passed, the Shares pursuant to the Placement will be included in calculating the Company's 15% limit in Listing Rule 7.1 (as modified by the ASX Supersize Waiver), effectively decreasing the number of Equity Securities the Company can issue without Shareholder approval over the 12 month period following the date the Company issued Shares pursuant to the Placement.

Listing Rule 7.5

The following information in relation to the Shares the subject of the Placement is provided to Shareholders for the purposes of Listing Rule 7.5:

- (a) the Shares were issued to professional and sophisticated investors, all of whom are unrelated parties of the Company. The placement participants were identified and selected through a bookbuild process by Citigroup Global Markets Australia and Macquarie Capital (Australia), the Company's joint lead managers and underwriters in relation to the Placement. In accordance with paragraph 7.4 of ASX Guidance Note 21, the Company confirms that no related parties of the Company, members of the Company's Key Management Personnel, substantial holders of the Company, advisers of the Company or an Associate of any of these parties were issued more than 1% of the issued capital of the Company under the Placement;
- (b) 52,802,728 Shares were issued;
- (c) the Shares issued were fully paid ordinary Shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary Shares on issue;
- (d) the Shares were issued on 5 October 2021;
- (e) the Shares were issued at an issue price of \$5.40 each;
- (f) the Shares were issued for the purpose set out in the background to this Resolution above;
- (g) a summary of the material terms of the Placement pursuant to which the Shares were issued is set out in the background to this Resolution above; and
- (h) a voting exclusion applies in respect of this Resolution as set out in the Notice.

7 Resolution 6 – Increase in maximum aggregate Non-Executive Director Fee Pool

This Resolution seeks Shareholder approval for the purposes of Listing Rule 10.17 and for all other purposes, for the Company to be authorised to increase the aggregate amount of fees available to be paid to its Non-Executive Directors by \$500,000 from \$1,000,000 per annum to an aggregate amount of \$1,500,000 per annum.

The Board considers that it is reasonable and appropriate at this time to seek an increase in the remuneration pool for Non-Executive Directors for the following reasons:

- to provide the Board with flexibility to ensure that the Company continues to have an experienced Board of appropriate size and expertise necessary to effectively govern Sandfire's growth phase as a result of the Company's acquisition of the MATSA Mining Complex;
- to appropriately reflect the Non-Executive Directors' contribution to the expected growth of the Company and their increased responsibilities as a result of the Company's acquisition of the MATSA Mining Complex; and

- to appropriately reflect the Company's remuneration policy, which aims to provide a level of remuneration for Non-Executive Directors comparable with its market peers and attract, motivate and retain appropriately qualified Non-Executive Directors.

The maximum aggregate fees payable to Non-Executive Directors have not been increased since 27 November 2019 and no securities have been issued to Non-Executive Directors under Listing Rule 10.11 or 10.14 with the approval of Shareholders within the last three years.

If this Resolution is passed, the maximum aggregate amount of directors' fees that may be paid to all of the Company's Non-Executive Directors is \$1,500,000 per annum. This does not mean that the Company must utilise the entire maximum amount approved for Non-Executive Directors' fees in each year.

However, the Board considers that it is reasonable and appropriate to establish this amount to provide the Company with the flexibility to ensure it has the right balance of attributes, skills, experience and diversity necessary for the Board to effectively govern Sandfire's growth phase.

If this Resolution is not passed, the Company will not be permitted to pay fees to its Non-Executive Directors which exceed the aggregate amount of directors' fees already approved by Shareholders as set out in this Notice.

The remuneration of each Non-Executive Director for the year ended 30 June 2021 is detailed in the Remuneration Report in the Company's 2021 Annual and Sustainability Report.

Voting

Note that a voting exclusion applies to this Resolution in the terms set out in the Notice.

Shareholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution.

8 Resolution 7 – Spill Resolution (if required)

As set out above in the Explanatory Memorandum relating to Resolution 1, the Company's Annual and Sustainability Report for the year ended 30 June 2021 contains a Remuneration Report which sets out the policy for the remuneration of the Directors and executives of the Company. In accordance with section 250R(2) of the Corporations Act the Company is required to put the Remuneration Report to its Shareholders for adoption.

At the Company's 2020 Annual General Meeting, over 25% of the votes cast were against the adoption of the Remuneration Report. If at least 25% of the votes cast on Resolution 1 are against the adoption of the Remuneration Report, the Company will be required to put this Resolution (**Spill Resolution**) to the 2021 Annual General Meeting, to approve calling a general meeting.

If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must convene a Spill Meeting within 90 days of the 2021 Annual General Meeting. All of the Directors who were in office when the 2021 Directors' Report was approved, other than the Managing Director, will need to stand for re-election at the Spill Meeting if they wish to continue as Directors. Following the Spill Meeting, those persons whose election or re-election as Directors is approved will be the Directors of the Company.

Shareholders should be aware that the convening of a Spill Meeting will result in the Company incurring material additional expense in conducting a meeting (including legal, printing, mail out and registry costs) as well as potential disruption to its focus on core business operations as a result of management distraction, the time involved in organising such a meeting and the diversion of resources. A Spill Meeting is likely to have an impact on the market value of the Company.

Moreover, shareholders should note that there are no voting exclusions applicable to resolutions appointing Directors at any subsequent meeting of Shareholders. This would mean there is no barrier to the existing major Shareholders of the Company exercising their voting rights to reappoint the existing Directors of the Company without any changes to the composition of the Board.

In the Board's view it would be inappropriate to remove all of the Company's Non-Executive Directors in the circumstances. The Board recognises that Shareholders can remove a Director by a majority Shareholder vote at any time for any reason.

As a public company is required to have a minimum of three directors, the Corporations Act includes a mechanism to ensure that the Company will have at least three directors (including the Managing Director) after the Spill Meeting. If at the Spill Meeting, three Directors are not appointed by ordinary resolution, the persons taken to be appointed are those with the highest percentage of votes favouring their appointment cast at the Spill Meeting on the Resolution for their appointment (even if less than half the votes cast on the Resolution were in favour of their appointment).

As the Directors' have an interest in the outcome of the Resolution, the Directors do not make any recommendation to Shareholders as to how the Shareholders should vote on the Resolution.

Voting

Note that a voting exclusion applies to this Resolution in the terms set out in the Notice.

Shareholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution.
