About Little Green Pharma

Little Green Pharma is a global, vertically integrated and geographically diverse medicinal cannabis and psychedelics business with operations from cultivation and production through to manufacturing and distribution.

The Company has two global production sites for the manufacture of its own-branded and white-label ranges of GMP-grade medicinal cannabis products, being a 21,500m² cultivation and 4,000m² GMP manufacturing facility capable of producing over 20 tonnes of medicinal cannabis biomass per annum located in Denmark (EU) and an indoor cultivation and manufacturing facility over located in Western Australia capable of producing ~3 tonnes of medicinal cannabis biomass per annum. The Company is also licensed to supply psilocybin and is presently expanding its WA production facilities to produce psilocybin medicines.

Little Green Pharma cannabis products comply with all required Danish Medicines Agency and Therapeutic Goods Administration regulations and testing requirements. With a growing range of products containing differing ratios of active ingredients, Little Green Pharma supplies medical-grade cannabis products to Australian, European and overseas markets.

The Company has a strong focus on patient access in the emerging global medicinal cannabis market and is actively engaged in promoting education and outreach programs, as well as participating in clinical investigations and research projects to develop innovative new delivery systems.
