Employee incentive scheme update

LiveTiles Limited (ASX:LVT) (LiveTiles or the Company), a global leader in Employee Experience workplace software, is pleased to provide details on the intended use of the Employee Incentive Plan (EIP) for the FY22-FY24 period.

FY22-FY24 Employee scheme under EIP

The Company recognises the importance of delivering appropriately structured equity incentives to employees which assists in aligning their interests with those of Shareholders of the Company. With this in mind, the Board has approved the EIP, which will be put to Shareholders at this year's AGM on 30 November 2021. The EIP has been designed to align employee performance to the Company's strategic goals, and to retain, reward and attract talent over the long term.

For the initial rollout of incentives for the FY22-24 period, the Board intends to issue approximately 12 million unlisted Rights to employees invited to participate in the EIP. The issue is scheduled to take place following the 2021 AGM following receipt of Shareholder approval of the EIP. If Shareholder approval is not obtained, the Company remains committed to incentivising its employees and aligning their interests with those of Shareholders, and will likely complete the grant by utilising its capacity.

The material terms of the Rights are **attached** as Annexure A.

The Rights will vest over a 3 year period, and the vesting conditions (continuous employment and specific share price performance) have been designed to align employee performance to the Company's strategic goals and increase of the Company's share price in the short-long term.

	Vesting Date	Share price Performance Hurdle
Tranche #1	June 30, 2022	25c
Tranche #2	June 30, 2023	35c
Tranche #3	June 30, 2024	50c

The Board considers that the Share price performance hurdle is important to ensure that the interests of Shareholders are aligned with key performers, management and employees of the Company.

Employee FY21 share bonus

As outlined in the Explanatory Statement for Resolution 7 of the Notice of Meeting, the Company indicated that it would issue Shares in lieu of cash bonuses to employees as part of their key employee performance reviews which was completed for the FY21 period. The Board has resolved to issue 2,564,848 Shares and 508,834 unlisted Options, which were completed today by utilising the Company's existing capacity.

LiveTiles Co-Founder and Chief Executive Officer, Karl Redenbach states: "We are happy to provide further transparency and clarity on the details of our Employee Incentive Plan which aligns with our shareholder interests, and to our recently announced Company Strategic Plan. This has been designed to drive our entire business to a common goal, and to attract and retain top talent."

This announcement has been authorised for release by the Board.
