TRADING HALT REQUEST

In accordance with ASX Listing Rule 17.1, 4DS Memory Limited (**Company**) hereby requests that its securities be placed into immediate trading halt.

In accordance with ASX Listing Rule 17.1, the Company advises that:

1. The trading halt is requested pending the release of an announcement regarding a proposed share placement and share purchase plan;
2. The Company requests that the trading halt remains in place until the earlier of the commencement of trading on Thursday, 25 November 2021 or the release of an announcement by the Company; and
3. The Company is not aware of any reason why this trading halt request should not be granted.

This request is authorised by the Board.

A handwritten signature in black ink, appearing to read "Peter Webse".

About 4DS

4DS Memory Limited (ASX: 4DS), with facilities located in Silicon Valley, is a semiconductor development company of non-volatile memory technology, pioneering Interface Switching ReRAM for next generation gigabyte storage in mobile and cloud. Established in 2007, 4DS owns a patented IP portfolio, comprising 32 USA patents granted (of which 4 have expired) and 1 patent application, which have been developed in-house to create high-density Storage Class Memory. 4DS has a joint development agreement with Western Digital subsidiary HGST, a global storage leader, which accelerates the evolution of 4DS' technology. 4DS also collaborates with imec, a world-leading research and innovation hub in nanoelectronics and digital technologies. The combination of imec's widely acclaimed leadership in microchip technology and profound software and information and communication technology expertise makes them unique.
